Dear Readers,

Extension of Closure Clause

Earlier looking at slow progress in infrastructure development for RSETIs, MoRD vide their letter No. I-12011/02/2015-NRLM (RSETI), dated.6/4/15 brought in closure clause with regards to Infrastructure grant. We received many representations from various banks for extension of closure clause. Based on the above NIRD&PR took up the matter with MoRD for extension of closure clause. Based on our request recently MoRD has extended the TIME LIMITS under closure clause vide their letter No. I-12011/02/2015-NRLM (RSETI) dated 18.5.2016 which as follows:

I. Time limit for administrative approval and/or claiming the first instalment has been extended up to 31.12.2016.

II. Time limit for claiming the second instalment has been extended up to 30.6.2017. Banks are requested to take full advantage of extension of closure clause and complete the construction work of their RSETIs as per revised schedule and claim the infrastructure grant.

Electricity connection for RSETIs

Recently we have circulated the copy of MoRD letter No.I-12011/16/2015-NRLM (RSETI), dated. 15.9.2015 issued by Additional Secretary, MoRD addressed to Principal Secretaries, Dept of RD&PR of all the States. Which reads as follows?

“Demand for water and electricity charges are raised at commercial rates.

It is clarified that RSETIs are engaged in training unemployed youth, as per Gol guidelines and as such, they should not be treated as commercial establishments and hence charges as applicable to domestic rates need only be collected”.
