Editorial

Dear Readers,

RSETIs – Center of Excellence

The RSETIs scheme was launched by MoRD in the year 2009. It took the proper shape by the year 2011. The RSETIs are Bank led institutions and were established with basic objectives of skill development of rural unemployed youth with the proper support & guidance from all the stake holders of RSETIs, today we have 587 RSETIs across the country. All these RSETIs put together have trained 14,01,304 candidates in different skill/activities. Out of these 8,49,911 candidates stands settled. Over the years these RSETIs got attention of different Ministries. Today RSETIs have become “Center of Excellence” for skill development. It is evident by the fact that today RSETIs are involved in skill development trainings to PMEGP candidates sponsored/supported by Ministry of MSME. RSETIs are given the responsibility of conducting the skill development programmes for the masons under Indira Awas & Swach Baharat Yojanas. Recently RSETIs are also tied up for skill development under the project Livelihood in Full Employment - LIFE MGNREGA. These all indicates that RSETIs have become the “Center of Excellence” for skill development and credit for it goes to all the stake holders of the RSETIs.
