About A-View

- Basically a video conferencing tool like WebEx, Zoom etc.
- Mainly designed for conducting virtual classes/webinars
- Developed by E-Learning Research Lab, Amrita Vishwa Vidyapeetham, IIT Mumbai
- IIT Mumbai/IIIT using for their virtual classes
- Can be used for discussion & meeting
- Much more than web conferencing tool.

Roll out Plan

- Monday – 30 min session for Introduction and how to install A-View.
  - Target is, people will install A-View client and come to 2nd session next day.
- Tuesday- 2nd session about 45 min, follow up on installation, how to plan a meeting, how to join a meeting and some more basic features of A-View.
- Wednesday – All DG meetings through A-View.
  - Members from A-View Roll out team will join to support any issue.
- Thursday – Same as Wednesday.
- Friday – Special session on how to do Webinars and virtual classes using A-View
- Following weeks - Trouble shooting and hand holding on one to one basis.
