# Table of Contents

List of Abbreviations	v
Foreword by Hon'ble Minister of Rural Development, Agriculture and Farmers Welfare & Panchayati Raj	ix
Foreword by Hon'ble Minister of State for Rural Development	xi
Foreword by Secretary, Ministry of Rural Development	xiii
Foreword by Additional Secretary & Financial Adviser	xv
1 Introduction	01
2 Opening Sessions	
2.1 Welcome Address by JS (RE)	03
2.2 Keynote Address by Secretary, MoRD	03
2.3 Opening Remarks and Background to Seminar by AS & FA	07
2.4 Status of Social Audits by DG, NIRDPR	09
2.5 Address by Hon'ble Minister of State	13
3 Presentations from MoRD Officials	
3.1 Social Accountability: Best Practices from Across the World	14
3.2 PMAY-G SA Guidelines	15
3.3 NSAP Social Audit Guidelines	17
3.4 Role of SHGs in Social Audit	17
3.5 FFCG Social Audit Guidelines	18
3.6 Fund Release to SAUs	19
4 Presentations from States	
4.1 Telangana SAU	21
4.2 Uttar Pradesh SAU	24
4.3 Meghalaya Social Audit Act	25
4.4 Jharkhand SAU	26
4.5 Andhra Pradesh SAU	30
4.6 Social Audit MIS Reports	35

5	Group Work	
5.1	Group I: Strengthening SAUs, roll-out of social audit to other programmes	38
5.2	Group II: Human Resources Management, Financial Management, Concurrent Audit, IEC	40
5.3	Group III: SA Process, MIS, Report Preparation, Monitoring Mahatma Gandhi NREGS Processes	43
5.4	Group IV: Follow-up action – Public Hearings, Grievance Redressal, Vigilance Mechanism, time-bound action	45
6	Way Forward and Action Points for different Stakeholders	
6.1	Open Session – Moderated by Shri Sanjeev Kumar, AS & FA	47
6.2	Concluding speech by Shri Amarjeet Sinha, Secretary, MoRD	49
6.3	Action Points for MoRD	51
6.4	Action Points for State Government	52
6.5	Action Points for SAUs	57
6.6	Action Points for NIRDPR	59
	Annexure A: Agenda for the National Seminar	60
	Annexure B: List of participants in the National Seminar	62
	Annexure C: Questions / Discussion topics for the Four Groups	
	Group I: Strengthening SAUs, roll-out of social audit to other programmes	73
	Group II: Human Resources Management, Financial Management, Concurrent Audit	74
	Group III: Social Audit Process, MIS, Reporting, Monitoring Mahatma GNREGS processes	77
	Group IV: Follow Up - Jan Sunwai, Time-bound action, Grievance redressal, Vigilance mechanism	79
	Annexure D: Presentations from the Seminar	81

## List of Presentations Made in the Seminar

S. No.	Topic of the Presentation	Name of the Presenter	Ministry/ Department/ Organization	Page No.
<b>Introduction and Keynote Session</b>				
1	Opening remarks & background to seminar	Shri Sanjeev Kumar, AS & FA	MoRD	82
2	Status of Social Audits in different States	Dr. W. R. Reddy, DG, NIRDPR	NIRDPR	90
3	Keynote address	Shri Amarjeet Sinha, Secretary (RD)	MoRD	105
<b>Presentations by MoRD &amp; MoPR officials</b>				
4	Social Accountability-Best practices across the world	Shri Kamran Rizvi, AS (RE)	MoRD	134
5	PMAY-G Social Audit Guidelines	Shri Prasant Kumar, AS (RH)	MoRD	146
6	NSAP Social Audit Guidelines and Disha	Dr. N. Srinivas Rao, EA (NSAP)	MoRD	153
7	Role of SHGs in Social Audit	Ms. Leena Johri, JS(RL)	MoRD	159
8	Presentation on FFCG Social Audit	Dr. Sanjeeb Kumar Patjoshi, JS (MoPR)	MoPR	167
9	Fund Release to SAUs, Document requirement, Issues and Solutions in Fund Release.	Shri Dharmvir Jha, Director	MoRD	176
<b>Presentations by Social Audit Units and State Representatives</b>				
10	Independence of SAU, Transparency & Accountability of SAU, Social Audit Process, Vigilance Mechanism and Follow-up Action	Ms. Sowmya Kidambi, Director	SSAAT, Telangana	188
11	Best Practices in Social Audit, Steps to strengthen SAUs, Roll-out of social audit to other programmes	Ms. Rekha Gupta, Director	SAU, Uttar Pradesh	210
12	The Meghalaya Community Participation and Public Services Social Audit Act, 2017	Shri Sampath Kumar, Secretary and Commissioner	Community & RD Department, Meghalaya	228
13	Social Audit Process, Public Hearings, Advisory on Actions, Social Audit of other schemes, Concurrent Audit	Shri Gurjeet Singh, State Coordinator	SAU, Jharkhand	246
14	Human Resources Management, Financial Management, Quality Assurance and improvement	Shri G. Srikanth, Director	SAU, Andhra Pradesh	265
15	Social Audit MIS Reports	Shri Karuna M., Consultant	NIRDPR	285

Sl. No.	Topic of the Presentation	Name of the Presenter	Ministry/ Department/ Organization	Page No.
<b>Group Presentations</b>				
16	Group 1: Strengthening SAUs, roll-out of social audit to other programmes	Andhra Pradesh, Karnataka, Maharashtra, Meghalaya, Uttarakhand, Nagaland, Arunachal Pradesh	SAUs	314
17	Group 2: Human Resources Management, Financial Management, concurrent audit, IEC	Telangana, Madhya Pradesh, West Bengal, Himachal Pradesh, Gujarat, Tripura, Rajasthan	SAUs	328
18	Group 3: SA Process, MIS, Report Preparation, Monitoring Mahatma Gandhi NREGS processes	Jharkhand, Sikkim, Uttar Pradesh, Assam, Bihar, Manipur and Haryana	SAUs	341
19	Group 4: Follow-up action – Public Hearings, grievance redressal, Vigilance mechanism, time-bound action	Tamil Nadu, Chhattisgarh, Odisha, Kerala, Punjab, Mizoram, Mizoram, Jammu & Kashmir	SAUs	346

## List of Abbreviations

Abbreviation	Full Form
ACS	Additional Chief Secretary
AMC	Annual Master Circular
AP	Andhra Pradesh
APSSAAT	Andhra Pradesh Society for Social Audit, Accountability and Transparency
AS & FA	Additional Secretary and Financial Adviser
AS (RH)	Additional Secretary (Rural Housing)
ATR	Action Taken Report
BDO	Block Development Officer
BRP	Block Resource Person
CAG	Comptroller and Auditor General
CCTV	Closed Circuit Television

Government of India

## MESSAGE

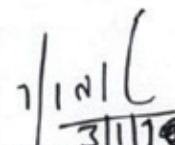

I am pleased to present this report on 'Proceedings and Recommendation of the National Seminar on Social Audit of Rural Development Programmes'. The report documents, the speeches and presentations made and the key recommendations identified for action arrived at through the two days of deliberations. It shows the commitment of the Ministry of Rural Development towards strengthening systems for transparency, accountability and good governance.

Social Audit empowers citizens to ask questions and monitor government programmes from below. It is an innovative social accountability tool that India has shared with the rest of the world. Social audits are crucial in raising beneficiaries' awareness of rights and entitlements and facilitating feedback on the real nature of implementation. Social audits also provide a platform through which citizens participate in gram sabha thereby strengthening the institution of the gram panchayat. People's engagement with the planning process through GPDP must go hand in hand with holding the panchayats accountable for how money is being spent.

The National Seminar provided an occasion to celebrate the strides made in furthering social audits, while also recognising the challenges and areas for improvement. While SAUs have been set up in most states, there are structural issues preventing the units from functioning independently, efficiently and conducting annual audits of every gram panchayat in the state. The lack of adequate follow up was stressed in the seminar; state governments need to take action on the findings which emerge through social audits. I am confident that the Ministry, working together with state governments and social audit units will study the recommendations from the seminar and work to overcome present obstacles.

Learning from the workshop will not only help build rigour in social audits under MGNREGA but will prove an effective guide in expanding the scope of social audit to other rural development schemes. This process has begun with the release of guidelines for social audits of NSAP and PMAY-G.

I congratulate all those whose efforts led to the organisation of such a robust seminar and am confident that this is the first of many to come.

  
(Narendra Singh Tomar)

**Sadhvi Niranjana Jyoti**  
Minister of State for Rural Development  
Government of India

## MESSAGE

The two day National Seminar on Social Audit proved to be a rich and vibrant exercise where senior officials from MoRD engaged with representatives of social audit units (SAUs) and implementation agencies from different states. Good performing SAUs shared their innovative practices with others while SAUs which are lagging behind spoke of the obstacles related to funding and staffing that are holding them back. This report on the proceedings of the seminar provides an overview of these conversations, bringing focus to urgent issues which need to be addressed to ensure that social audits are conducted effectively.

The Hon'ble Prime Minister is committed to bringing about complete transparency in governance. Towards that end social audits have proved to be an effective tool through which irregularities in the implementation of MGNREGA including financial misappropriation and procedural delays have come to light. These findings help implementing agencies to correct the situation and to take action against responsible persons. These findings also help the Ministry take appropriate measures to overcome systemic issues in the implementation of MGNREGA. Social Audits derive their legitimacy and strength from the auditing standards developed by the Comptroller and Auditor General.

While conducting social audits, we should also simultaneously work to strengthen Gram Panchayats. Many of them do not have adequate staff and infrastructure to function effectively. Many of the elected representatives of Gram Panchayats do not receive any training during their term in office.

The vision of the Hon'ble Prime Minister to lift up rural households above the poverty line by 2022 is achievable through strong determination and will-power as there are ample resources to achieve this goal. It is important that we work together to bring momentum to this exercise through social audits. The National seminar should be followed by a series of regional seminars where issues inhibiting the conduct of social audit can be looked at more closely. In addition to social audit resource persons, these seminars should include senior state officials since they need to take steps to establish independent social audit units. The social audit findings and action taken reports should also be discussed during the regional seminars.

Through flagship schemes introduced and catalysed, the government has shown its dedication towards improving the lives of the vulnerable and eradicating poverty. Social audits can help make this vision a reality.

  
(Sadhvi Niranjana Jyoti)

**Amarjeet Sinha**  
Secretary, Ministry of Rural Development  
Government of India

## MESSAGE

The First National Seminar on Social Audit of Rural Development Programmes was conducted on 13<sup>th</sup> & 14<sup>th</sup> November 2019. It was well attended by more than 300 people including representatives of social audit units and implementation agencies from 28 states.

Social audits can play a very important role in engaging local communities and help support their interests and agenda. Social audits allow people from the villages to assess for themselves whether programmes which are meant to be benefiting them are serving the purpose with which they have been designed.

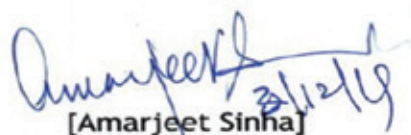

The Ministry would like to expand the ambit of Social Audit to all rural development programmes. As a step towards this, the guidelines for social audit of Pradhan Mantri Awas Yojana-Gramin (PMAY-G) and National Social Assistance Programmes (NSAP) were released during the seminar.

The job of the Ministry is to free the poor from poverty. We need to work towards forming 'gareebi mukt gram panchayats'. 'Antim vyakti tak pahuchna hai toh samajik anekshan hi woh rah hai, aur koi rah nahi hai. Social audit hi woh rasta hai.' (Social audits are the way by which the last person can be reached. There is no other way).

Panchayats today receive substantial funds. This is all the more reason we need to use social audits to make sure spending is effective and purposeful. The guidelines for social audit of 14th Finance Commission Grants were also released during the seminar by the Ministry of Panchayati Raj.

The report 'Status of Social Audits in India, 2019' brought out by the NIRDPR and released during the Seminar is good resource material on Social Audit. In addition to pointing out the achievements, it also highlights the areas where we need to improve ourselves.

The proceedings of the seminar have been brought out in a timely manner by NIRDPR. It contains summaries of all presentations along with important action points for different stakeholders. I request the states and social audit units to use the checklists listed in Chapter 6 to establish independent social audit units and ensure that social audits are done effectively.

  
[Amarjeet Sinha]

**Sanjeev Kumar**  
Additional Secretary & Financial Adviser  
Government of India  
Ministry of Rural Development

## MESSAGE

The first ever "National Seminar on Social Audit for Rural Development Programmes" held on 14th - 15th November, 2019 was the culmination of a highly meticulous exercise undertaken by the Department of Rural Development and NIRDPR to finalise the Standard Operating Procedure (SOP) and guidelines for the social audit of the Pradhan Mantri Awas Yojana - Gramin (PMAY-G) and the National Social Assistance Programme (NSAP). These SOPs and guidelines were launched during this Seminar and all the States committed themselves to undertake the structured social audit of these programmes in their respective States along with MGNREGA.

The Seminar is expected to give a thrust to the on-going process of social audit in the States and strengthen their resolve to, inter alia, strengthen their Social Audit Units (SAUs), to equip the SAUs with professional and competent resource persons, to vigorously pursue the resolve of capacity building of resource persons of the SAUs and the Self-Help Group- Village Resource Persons (SHG - VRPs) for enabling them to not only conduct regular social audits but also to conduct concurrent social audits. There was a synergy, quite visible, among the participants which provided them a single minded resolve to utilise the instrumentality of the social audit for bringing about much needed governance reforms in the implementation of Rural Development programmes with an objective to ultimately realise the goal of 'Poverty free Gram Panchayats' and 'Ease of Living' to millions of deprived rural households through community connect.

(Sanjeev Kumar)

# Proceedings and Recommendations of the National Seminar on Social Audit of Rural Development Programmes

13th & 14th November 2019, New Delhi

## 1 Introduction

Social Audit is recognised by many including the Comptroller and Auditor General (CAG) as a powerful tool to enforce transparency and accountability. Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) was the first act to mandate that Gram Sabha shall conduct Social Audit of all the projects taken up in the Gram Panchayat. Since then, it has been mandated in many other schemes.

Social Audit Units (SAUs) have been set up in most States to facilitate social audit by the Gram Sabha. In addition to Mahatma Gandhi NREGS, some of the Social Audit Units (SAUs) are facilitating social audit of other schemes including Pradhan Mantri Awas Yojana-Gramin (PMAY-G), National Social Assistance Programme (NSAP), Integrated Child Development Services (ICDS), Mid-day Meal (MDM) and Public Distribution System (PDS).

The nature of the SAUs and the quality of the audits do vary widely. In some States, the SAUs are very independent while in others, they do not have the independence to function effectively. Some States are also doing audits on a very small scale. Lack of adequate full-time personnel, lack of adequate funds, lack of action on the findings by the implementation agencies, lack of an effective MIS to record the findings and track the action taken have all served to limit the potential of Social Audit. Some of these issues are being addressed by the Ministry of Rural Development (MoRD), like giving funds for the Social Audit of MGNREGS directly to the SAUs. At present, a new Social Audit MIS is being built and resource persons' capacities are being enhanced with standard curriculum in tune with the Auditing Standards.

In this background, the MoRD organised a national seminar on social audit in Delhi during 13th-14th November, 2019 to take stock of social audits, to release guidelines for social audit of other flagship schemes and to develop a roadmap for the future.

### **The broad objectives of the seminar were:**

- 1) Provide a platform for SAUs to share their experiences in conducting social audit
- 2) Understand the current status of SAUs
- 3) Enable collation of models and best practices in social audit from the States
- 4) Develop a plan for roll out of social audit in NSAP, PMAY-G and FFCG
- 5) Obtain understanding of future training needs
- 6) Identify key bottlenecks and potential solutions

The Seminar was attended by Hon'ble Minister of State for Rural Development Sadhvi Niranjan Jyoti, Shri Amarjeet Sinha, Secretary MoRD, Shri Sanjeev Kumar, AS & FA MoRD, Shri Prasant Kumar, AS (RH)MoRD, Shri Kamran Rizvi, AS, MoRD, Shri Rohit Kumar, JS(RE) MoRD, Ms. Leena Johri, JS (RL-I) MoRD, Dr. N. Srinivas Rao, Economic Adviser, MoRD, Dr. Sanjeeb Kumar Patjoshi, JS, MoPR, and other senior officials of the Ministry of Rural Development.

People from the SAUs, Directors, SRPs, DRPs, BRPs and VRPs from 26 States and Jammu & Kashmir

attended the seminar. From the States, a few Secretaries and Commissioners of Rural Development also attended along with the heads of Mahatma Gandhi NREGS, PMAY-G and NSAP programmes. From National Institute of Rural Development and Panchayati Raj, Hyderabad, Dr. W. R. Reddy, IAS, Director General, along with the team from Centre for Social Audit attended the seminar. The list of people who attended the seminar is given in Annexure B.

During the seminar, the Hon'ble Minister Sadhvi Niranjan Jyoti released 'Status of Social Audits in India 2019', a report prepared by NIRDPR. She also released the Social Audit guidelines for Pradhan Mantri Awas Yojana – Gramin (PMAY-G), National Social Assistance Programme (NSAP) and Fourteenth Finance Commission Grants (FFCG).

Hon'ble Minister and senior officials releasing the report 'Status of Social Audits in India, 2019'

## 2 Opening Sessions

### 2.1 Welcome Address by JS (RE)

Shri Rohit Kumar, JS (RE), MoRD giving the welcome address

Shri Rohit Kumar, JS (RE), MoRD gave the welcome address. He welcomed the panelists and participants to the first national seminar on social audits. He stated that the Ministry of Rural Development has taken several steps towards strengthening transparency and accountability in the delivery of welfare schemes, one of which has been to expand the scope of social audits and strengthen it. While it was developed under the Mahatma Gandhi NREGA, social audits are being integrated into other programmes as well, for example, a decision has been taken to conduct social audits of the NSAP, PMAY and Fourteenth Finance Commission Grants. He explained the purpose behind organising the two-day seminar was twofold - to create an opportunity for the Minister, Secretary, and others present to guide and make suggestions on how to bring momentum to the exercise of social audit.

### 2.2 Keynote Address by Secretary, MoRD

Shri Amarjeet Sinha welcomed everyone to the first national seminar and congratulated those who worked to put this programme together, government officials who have played a role in furthering the agenda of social audits, strengthening them, expanding the scope to different schemes such as NSAP for example, to ensure timely payment of pensions and reduce the difficulties faced by the elderly, poor and disabled.

Shri Amarjeet Sinha, Secretary, MoRD giving the keynote address

In his keynote address, he made the following remarks:-

- The job of the Ministry is to free the poor from poverty. We need to work towards forming “gareeb mukt gram panchayats”. To do this, the implementation of welfare programmes is not enough - there is a need to also involve local communities. Social audits can play a very important role in engaging local communities and helping to support their interests and agendas. Social audits allow people from the villages to assess for themselves whether programmes which are meant for benefiting them are serving the purpose with which they have been designed. The three main goals of government should be (1) garib ki hak garib ko mile (the poor should receive what is entitled to them) (2) garib ki pehchan sahiho (the poor should be correctly identified) (3) garib ko garibi se mukti mile (the poor should be freed from poverty).
- The last five years have been a yatra to improve the lives of the poor. “Ease of Living” or “Sudham Jeevan”, as the Hon’ble Prime Minister likes to say, should be a right the poor must have. They should also have an access to a good house, bank account, accident and life insurance, cooking gas, Swachh Bharat toilets, electricity, SHG membership, NREGA work, vaccinations and solid waste management, etc., it has been the attempt of the State over the last five years to reach this to the poor. All the different departments, not just Rural Development, have played a role in this yatra. Social audits will ensure a feedback system for all these different benefits.
- Poverty has many causes - lack of education, health, malnourishment, low income and bad home situations. We can’t afford to only focus on a single cause - we need to address all of them together. However, if our programmes are able to target farmers, workers, women SHG members, and the youth, we will make significant strides towards development and bringing

about social justice. "Kalyan (welfare), Vikas (development), Shashaktikaran (empowerment), Udhyam (enterprise) - this is how we get rid of poverty." Currently, social audits are being conducted in Mahatma Gandhi NREGA. All government programmes targeting the poor should include.

- A lot of work has also taken place in the field of governance - there have been four to five times increase in development outputs under different schemes such as roads built, Mahatma Gandhi NREGA assets created and SHG loans, etc. This achievement, based on hard work, innovative use of technology (such as direct payments as opposed to cheque payments), etc., does not mean that this is the time to rest. There is a need to reach the last mile and social audits are the way to get there. "Antim vyakti tak pahuchna hai toh samajik anekshan hi woh rah hai, aur koi rah nahi hai. Social audit hi woh rasta hai." ("Social audits are the way by which the last person can be reached. There is no other way").
- Five years ago, the Rural Development budget was Rs.60-70,000 crore. Today that budget is Rs.1.5 lakh crore (of this entire amount, not even one rupee is transferred in cheque form). We have implemented innovations in technology and governance to prevent corruption. However, with this increase in spending and push for decentralisation in terms of the transfer of funds, we need to focus on how to ensure the best use of these funds. One has to ensure better systems of decentralisation, governance and financial management. To do this, social audits are a necessity. Panchayats today receive three to five times the amount of funds they used to receive before. This is all the more reason we need to use social audits to make sure spending is effective and purposeful.
- There is a need to prepare someone at the ground level (village level) who can be a point person for welfare programmes that role can be performed by an "aajeevika didi" (a woman SHG member under NRLM) who has gone through the four-day NIRDPR social audit training. Through the process of 'concurrent audit', she would be paid 10-12 days' support. Besides being a Village Resource Person (VRP), she could also be the Grievance nodal person and a source of general information. If someone is unclear about when they will get their pension or when their house is likely to be built, she should be able to answer. Currently, there are approximately one lakh trained SHG women - this shall be increased to 9-10 lakh women with knowledge of different programmes, computer skills and knowledge of MIS, etc. If JCB machines are being used in NREGA works, the didi would be able to communicate this knowledge to the higher authority. To coordinate with the didis, a two-way call centre will be established within the next three-four months. The SHG member can be asked questions and she can provide clarifications.
- Many States have already put in a lot of work, for example in setting up common service centres at the Gram Panchayat level allowing residents to be able to access important documents (Government Circulars) for accessing entitlements. For greater empowerment, however, the role of the VRPs and social audits needs to be strengthened. Gram Panchayat Development Plan and Panchayat ranking happen on the basis of the strength of social engagement. The success of the Swachh Bharat mission is in large part due to the 'rani mistris'/ the didis, the panchayat pratinidhis. Ujjwala scheme was successful because the community got involved.
- The participants present at the seminar were from different States across the country. We take pride to state that in South India we have been able to reduce poverty significantly. This is linked to the number of educated young women in secondary, higher secondary, and higher education as well as kaushalvikas, aajeevika schemes and bank loan penetration, etc. We are trying to replicate this model in States like Bihar and Jharkhand where a large number of aajeevika didis

are being trained and are reaching villages. In Uttar Pradesh, Rajasthan, Madhya Pradesh, Chhattisgarh, - strides are being made. This needs expansion and consolidation so that in every household, every woman is connected with an SHG.

- At NIRDPR, there is a separate centre focused on social audits. Director General has through this centre piloted social audits in different programmes, across States to understand the kind of issues and challenges that arise. We do not want to hide these problems, but to solve them.
- Social audits should happen of all 29 sectors - not just of the spending but to see what kind of transformation has taken place, to see whether programmes directed towards the poor had an impact in reducing poverty. It is important for equal focus to be on outcomes and usability.
- Good governance frameworks allow for gaps at the panchayat level to become clear. Part of this approach is also linked to internal audits being organised with NIRDPR along with State SIRDs. The question is then raised on who has the legitimacy to audit? This is the reason for the 30-day certificate course run by NIRDPR, and the 4 day training for VRPs.
- Other developments are in the field of governance and technology which include IT, MIS, DBT, Geo-tagging, citizen-centric apps and gram samvad app - all of these are meant to enhance transparency and allow for feedback from the poor. 'Feedback from society is the most honest feedback'. To use each of these tools better, there is a need for a nodal person at the village/ panchayat level. There is a need to make MIS simpler and more accessible. There is a need for increased training on how to use MIS, particularly for District and Block Resource Persons. SAUs should get resource persons to open the MIS during the training programmes, for practice.
- Emphasis on capacity building of resource persons will lead them to cleaning up the system when they are in the field. Social audits have two main functions - (1) Chor ko/chori pakadna, i.e., catch the thief and (2) chori hone se rokna, i.e., prevent the theft from happening. If systems are strengthened, this is preventive. This is the most important aspect of social audits, because corrective action is limited, "karyavahi lakho lakh pe nahin kar sakte hai" (it is not possible to take action in hundreds of thousands of cases).
- The last three-four years have been an exercise in strengthening social audits, and the units carrying out the audits. Only a couple of States remain without social audit units - we are working to set up independent units in these States.
- The public hearings which happen cannot be seen as an end goal, but just the beginning. Sometimes in social audits, people gather, assign blame and that is where the process ends. There is a need to "invest in building systems at every stage".
- The Hon'ble PM has announced that from the 26th November (Samvidhan Divas or Constitution Day), the maalik daitva (fundamental duty) of government is going to be to reach the most deprived. By April 14th (Ambedkar Diwas), there will be an in-depth mapping and study of those who have been categorised as most deprived in the SECC survey or have been automatically included in schemes - to see whether they are receiving the entitlements due to them. This will help identify red areas (panchayats/ districts) in an assessment of deprived households. The results of this study will be put up in a public forum for all to see and will be used to shape the agenda for the months/ years ahead. We request the Directors of Social Audit Units to develop formats for this exercise as they helped out with the Panchayat Ranking Mission Survey.
- Many States have shown good practices/ innovative ways of carrying out social audits. The idea is that the audit should check that houses are getting made, getting made well and that those

living in the houses are satisfied. The Aajeevika Mission is there to provide the necessary support. Jharkhand recently conducted an audit of a scheme for mango tree plantations - checking to see survival rate, etc. Sikkim has almost got rid of the State of poverty. Mahatma Gandhi NREGA was used to reach drinking water to people, they have used it in spring shed development, in building storage facilities and in growing cardamom plantations which has created income. Rajasthan's Jal Suvalamban/ Jal Sanrakshan uses Geo-tagging to increase transparency. Maharashtra also has a Jal Shivar Abhiyan, which is commendable. Other States have also shown that better transparency produces better results.

The Secretary expressed full confidence in each one present at the seminar, confidence based on the fact that they have demonstrated what has been achieved. He said that the achievements are not the Ministry's or Secretary's but of every individual present and that the work is far from complete. He added "better to travel than arrive. If you feel like there is no space for improvement, that is the day you stop being human. Perfection is finality and finality is death."

### 2.3 Opening Remarks and Background to Seminar by AS & FA

Shri Sanjeev Kumar, AS & FA, MoRD emphasised that social audit can be used to bring full transparency to rural development programmes, encourage people's participation, and ensure the accountability of the people responsible for the programme.

Shri Sanjeev Kumar, AS & FA, MoRD addressing the delegates

Some of the key points that he made in his presentation are as follows:

- **Legal mandate of social audits:** Social Audits find mention in three Acts - Mahatma Gandhi NREGA, National Food Security Act and the Rights of Persons with Disabilities Act. Further, State

governments have passed orders for social audits in a range of schemes and the Supreme Court has also passed orders expanding the scope of social audits.

- **Increased burden of responsibility on government with increased spending on social welfare:** Both the Centre and States spend heavily on rural development and Social Welfare programmes which makes it imperative to monitor the spending, assess priority areas and use social audits to improve the utilisation of these programmes.
- **The need for regular and systematic social audits:** Section 17 of the MGNREG Act which details the social audit process uses the word “regular” which is crucial. It is the responsibility of the Gram Panchayats to provide all necessary documentation and of the Gram Sabhas to conduct social audits in a continuous manner. The 2011 Mahatma Gandhi NREGS Audit of scheme rules laid out the process for social audits. However, a 2014-15 report released by the CAG, following an audit of 1,200 Gram Panchayats in which social audits had been carried out, pointed out gaps in the process. Acting on this, the Ministry worked with the CAG to come out with a set of auditing standards. These standards have been crucial in implementing social audits in a systematic manner.
- **Social audit standards:** The standards lay out certain values which are essential to the social audit process - (i) Independence of the SAU unit (ii) Records need to be made available to the unit in time for the audit (iii) Process of verification and nature of evidence to be collected so that it is airtight (iv) Follow up on SA reports - sent to CAG, MoRD, State governments and presented in front of the State legislature (v) Specifies the qualification of social audit resource persons at every level. The Standards provide a broad framework to provide checks on the social audit process and to prevent shortcomings. The standards also include a clause for an annual review of these standards with the CAG in case changes need to be made.
- **Issues raised through social audits:** NIRDPR report on the status of social audits notes, roughly seven lakh objections were raised in 2018-19 of which one lakh was relating to the payment of wages to people who have not worked. There were also procedural issues and non-existent works/assets. The public disclosure of these findings forces wrongdoers to face the consequences.
- **Operational and systemic issues in conducting social audits:** For example (i) Ensuring that SAUs and their directors are able to function independently (ii) Governing Bodies (GBs) have been set up, meet regularly and report to the State Employment Guarantee councils (iii) Number of RPs employed at each level and their capacity building - the 2019-20 AMC details the process to be followed for certification (iv) Process of conducting social audits (v) Reporting processes (vi) Public hearing and documentation of findings (vii) Follow up on findings (viii) Funding of social audits - SAUs can spend 0.5 per cent of the 6 per cent delegated towards administrative costs under Mahatma Gandhi NREGA but these funds remain partially un-utilised because of lags in submitting accounts.
- **Assessing whether social audits are happening as per the standards:** The following are the kind of questions which need to be asked:
  - Are social audits happening the way they are supposed to?
  - The rules say that social audits are supposed to happen twice every year. Is this happening? If not, then what are the reasons? Is doing this a possibility?
  - The concern is not only quantity but quality. What is the quality of the observations being presented?
  - How many issues have been raised at the Gram Panchayat level?

- What response has there been to the findings? Has action been taken? For example - how much of the amount shown to financially misappropriated has been recovered?
- Are the funds which have been released being optimally utilised?
- **Concurrent social audits** : Concurrent social audits can be very valuable as they allow for people's grievances to come to the fore and be dealt with on an urgent basis. There is a need to think more about how VRPs and SHG women can work in tandem to strengthen this.
- **Expanding the scope of Social Audits**: NIRDPR has put in a lot of effort into piloting SAs in new programmes such as housing and pensions. The guidelines for both will be released later in the day. There is an urgent need for increased capacity building with an expanded scope. A large number of people have been trained but there is still a huge gap, so there is a need to think about how to train everyone. SHG members have been provided four-days of training to enable them to function as VRPs. Nearly 98,000 people have been trained in 9 States. In other States, this is yet to happen. Why has this not been done in other states? Equally important is to find out how they are being utilised in States where they have been trained. There is also a need to think about whether the certificate course needs to be modified now as more schemes have been added. Similarly, it is also necessary to think about how to strengthen SAUs so that they can deal with the whole range of new schemes. Further, a need also arises to review Social Audit Standards as they apply at present to different schemes.
- **MIS**: NREGA Soft has a provision whereby all objections raised during the social audit process can be integrated with the follow-up action. Quite a few States are now using this MIS. With new schemes being added, we need to think about whether the MIS will have to be changed. It is also important that the MIS be simplified.

The AS and FA concluded his presentation by detailing the schedule for the two-day seminar. He noted that participants were informed on the subject of the breakaway groups in advance so they could come prepared with some initial thoughts. The expectation was that at the end of the two-days, there would be some actionable and concrete suggestions to move forward with.

## 2.4 Status of Social Audits by Director General, NIRDPR

Dr. W. R. Reddy, IAS, Director General, NIRDPR, presented the Status of Social Audit in India based on the NIRDPR report on the subject.

Presenting the social audit coverage he congratulated all SAUs which have facilitated social audit of Mahatma Gandhi NREGS in 100 per cent of Gram Panchayats in their States at least once in a year (among States with annual Mahatma Gandhi NREGS expenditure more than Rs.1,000 crore, Odisha, Telangana, Karnataka, Tamil Nadu and Andhra Pradesh are present; among States with annual Mahatma Gandhi NREGS expenditure less than Rs. 1,000 crore, Sikkim and Himachal Pradesh are present and they have conducted social audit in 100 percent Gram Panchayats). He said Uttar Pradesh has registered a big improvement where the percentage of Gram Panchayats covered increased from five points in 2017-18 to 36 points in 2018-19. But unless Uttar Pradesh improves further, the national average will not improve. Dr. Reddy argued that if Odisha with difficult areas could achieve hundred percent coverage, it should not be difficult for other States to achieve the same level of achievement.

Social Audit module has been added to the MIS for Mahatma Gandhi NREGA. The entry of data in social audit module of MIS is very important. Most of the analysis presented in the report is based on data available in the MIS. Unless the data in the MIS is adequate, updated and correct, the analysis will not give the correct picture. As of now, only 22 SAUs are entering the data and implementing

authorities of only 15 States are responding to the findings of the social audit in the MIS. There is a significant difference between data entered in MIS and data available with the SAUs with regard to Gram Panchayats audited. This data gap has to be bridged. SAUs are reporting many unresolved issues in MIS which require urgent attention. These need to be addressed, the stability of the MIS needs to be improved and it should be made more user-friendly.

Social Audit issues have been classified into four different types and reports on these are available in the MIS. In 2018-19, there are a total 2,86,720 process violation issues, 1,73,995 financial misappropriation issues, 1,41,376 financial deviation issues, and 1,27,684 grievances reported in the MIS. MIS data shows that at the national level, only seven per cent of issues have been closed. Timely and adequate action on the social audit findings is very important. If this is not ensured, people's trust in the social audit will diminish.

The percentage of financial misappropriation amount that has been recovered is low and varies across different States. Jharkhand, Telangana, Andhra Pradesh and Sikkim have performed better. The other States also need to catch up. At the national level, the percentage of the amount recovered in comparison to the financial misappropriation is quite low, at seven per cent.

Regarding the independence of Social Audit Units, Dr. Reddy said that 22 States have established an exclusive Society for SAU while six States have not done this. In 16 States, there is an independent chairperson for the governing board while in eight States, the Secretary is chairperson and in one State, the RD Minister is the chairperson. 13 States have at least three CSO Representatives in GB while 12 States do not meet this requirement. Sixteen SAUs have a full-time Director while 10 States do not have this. SAUs of 12 States do not require the approval of implementation officials to spend money whereas 14 SAUs require the approval of an implementation official. There are some other factors which reduce the independence of SAUs. In some States, the commissioner and other senior officials are part of the Governing Body / Executive Committee. In many States, BDOs are involved in the selection of resource persons and make payment to them which is a conflict of interest. Many SAUs are short of manpower that prevents them from doing audits in all GPs at least once in a year. Some States do not have adequate funds while others are not claiming even the 0.5 percent that they are entitled to.

The strength of field staff in SAUs varies across States. Among the States with more than Rs.1000 crore Mahatma Gandhi NREGS expenditure, Uttar Pradesh, Tamil Nadu, Andhra Pradesh, Chhattisgarh, Telangana, Jharkhand and Meghalaya have adequate field staff while Madhya Pradesh, Karnataka, West Bengal, Kerala, Odisha, Bihar, Assam and Maharashtra do not have an adequate number of field staff. Among States with expenditure less than Rs.1000 crore, Tripura and Nagaland have adequate field staff while Himachal Pradesh, Manipur, Mizoram, Gujarat, Sikkim, Arunachal Pradesh, Punjab and Uttarakhand do not have.

Release of funds from Mahatma Gandhi NREGS to SAUs also varies across States in terms of both absolute amount and percentage of the total Mahatma Gandhi NREGS expenditure. While Sikkim, Telangana, Jharkhand, Tamil Nadu and Punjab have received funds equal to 0.5 per cent of Mahatma Gandhi NREGS annual expenditure, all other SAUs have received less than the prescribed 0.5 percent funds. The reason could be a delay in submission of UCs, etc., but without the adequate and timely release of funds to SAUs, better functioning of these institutions cannot be expected. Owing to this, the SAUs may not be in a position to pay salaries/honorarium to resource persons in time and meet other expenses necessary to conduct a social audit.

Further, DG flagged some more issues that adversely impact the process of social audit. In many States, there is no Block Resource Person to guide the Village Resource Persons (VRPs) and the quality of audits facilitated just by VRPs is poor, owing to their inexperience. Submission of records for social audit is delayed especially from line departments. Implementation officials from Block office

and DPC representatives do not attend the Gram Sabha. Most SAUs are not conducting test audits or evaluating the social audit reports as a means to improve the social audit process. There is no feedback loop to improve the scheme implementation. This calls for an appropriate framework to be put in place at the department level.

NIRDPR report has also made an assessment of the transparency and accountability aspects of SAUs too. Eight SAUs have their own public websites, while 17 do not. 16 SAUs are sending quarterly report to PAG, but nine SAUs are not doing so. Many States have not devised any mechanism to receive and process the complaints about the social audit process / SAU personnel. Several States are not preparing an annual report detailing the work done in the previous year and a summary of the findings. Many states do not have a quality assurance programme.

As informed by the Secretary and Additional Secretary of the Ministry, decision has been taken to expand social audit to other schemes too. NIRDPR is there to provide the needed help to accomplish this task. For expanding to other schemes, we have to create trust. Implementing agencies should not think that this is a burden or a fault-finding exercise. There are many studies including the one conducted by the Institute of Development Studies (IDS) in Odisha which pointed out that significant improvements in service delivery can be achieved through social audits.

Ultimately, if the benefits of social audits are to be reaped, SAUs have to be made independent of the parameters mentioned earlier. Adequate staffing of SAUs and adequate funding is necessary. SAUs must ensure the integrity and quality of the social audit process. State governments and implementing agencies should ensure timely and effective action on social audit findings and create a mechanism to ensure that SA across multiple programmes happens at the same time in a seamless manner. In addition to detecting irregularities, can social audit highlight positive processes and achievements (balance sheet approach)? There are appreciable achievements in many places. Social Audit needs to identify, document and bring out those positive achievements too. This will also enhance the respect of Social Audit Units and their resource persons. Social audit needs to focus on IEC, increasing people's participation, grievance redressal and reaching out to the last person.

## 2.5 Address by Hon'ble Minister of State

Hon'ble Minister of State for Rural Development Sadhvi Niranjan Jyoti addressing the delegates

The Hon'ble Minister of State for Rural Development and Chief Guest Sadhvi Niranjana Jyoti, expressed pleasure at having been invited to speak. She appreciated the theme of the national seminar. She said that the Prime Minister is committed to bringing about full transparency in every aspect of governance and that this exercise in social audits fits with that vision. She added that the PM's vision to uplift rural households from below poverty line by 2022 is achievable through strong determination and will-power and there is no dearth of resources to achieve this goal. She said that collectively we can energise this Social Audit process which is aimed at monitoring welfare programmes from below and can play a key role in strengthening systems at the village level.

She congratulated Shri Amarjeet Sinha, Secretary, MoRD for organising the seminar. She said the two-day seminar provided a great opportunity for different officials of the departments as well as participants from across the country to put their minds together and work out how to move forward with this exercise.

The Minister emphasised that if we work together and put our minds towards achieving something, we will succeed. She made this point through narrating a folktale about a little bird who is determined to retrieve her lone egg from the ocean, even if it means drying out the ocean. The strength of the bird's will convinces not only the other birds, but Garuda and God as well – and finally, the bird prevails as the ocean returns her egg to her. The Minister provided examples of the many achievements so far, of how much easier life has become for beneficiaries through programmes such as Mahatma Gandhi NREGS, PMAY-G, SBM, DDU-GKY, and Pradhan Mantri Ujjwala Yojana. Women who used to be dependent on their sons and husbands are today earning, running their households and living their lives with dignity and pride.

Sometimes, however, people have to be reminded of their own innate strength and capabilities. The Minister used the example of the story of Hanuman, who she said could not have made the leap without encouragement and being reminded of what he could do. She suggested that the seminar would be a good platform to appreciate and learn from States where social audits are implemented well. She expressed confidence that other States, lagging behind will also be able to improve their performance in social audit with support and encouragement from the participants at the seminar which will give them the boost they need.

Hon'ble Minister of State for Rural Development Sadhvi Niranjana Jyoti addressing the delegates

The tools for helping the poor to come out of poverty exist. The Minister mentioned that when she grew up in her village, people used to earn very less wages. Today the wage rate is higher, people receive benefits of fuel, electricity, concrete houses and good roads. There are even skill development programmes for women and children which can create opportunities they did not have before. However, for all these programmes to reach the intended beneficiaries, the Gram Panchayat needs to be strengthened. Social audits hold the gram panchayats accountable and bring cases of corruption and mistakes out into the open. The Minister said that one cannot assume that all Gram Panchayats are corrupt. She said there are many which are functioning well in a transparent manner and efforts of such Gram Panchayats need to be appreciated. She said States should take strict action against panchayats which indulge in corrupt practices even after being warned.

In conclusion, the Minister suggested that each State should conduct a State level seminar on social audit to look at the things happening at the district, block and village level. She expressed confidence that if we work together, we can overcome the challenges before us and that the fire of poverty which plagues the country, can be extinguished.

### 3 Presentations from MoRD Officials

#### 3.1 Social Accountability: Best Practices from Across the World

Shri Kamran Rizvi's presentation on social audits was made keeping in mind the larger global and historical context of social accountability. Through the course of his presentation, he said he would explore whether there was a universal language of social accountability, what some other models of social accountability look like and whether they relate to the Indian experience of social audits. Some of his observations were as follows:

- ❖ The feedback systems between citizens and the administration have evolved over time. 'Social Accountability' is a term used to describe a new system of feedback that emerged in the 80s.
- ❖ Primary objective of social accountability should be to strengthen the voice of the poor. Information about people's rights and entitlements boosts their confidence in demanding services to which they are entitled and thereby generates a demand side which in turn compels implementation agencies (supply side) to deliver the same services. To quote Dr. Amartya Sen, "Silence is a powerful enemy of social justice".
- ❖ There are many methods of accountability such as the vote, CAG, RTI, protests/demonstrations, advocacy campaigns, investigative journalism and PIL which are 'longer route feedback systems' between the service provider and people whereas methods of social accountability such as the Social Audit provide a shorter feedback route
- ❖ When citizens' capabilities are strengthened by providing them information on their rights and entitlements, they participate by expressing their opinions. Aggregated, the collective opinion generates a voice directed towards government. It is then the role of government to convey this opinion to service providers making them answerable to citizens. The SA process is yet to be strengthened to an extent where across the country people are informed of their rights and service providers are made answerable to citizens – this needs to happen for the SA process to be most effective. Social audits can also help redesign welfare programmes and influence how resources are allocated, aside from ensuring better delivery both in terms of quality and timeliness.
- ❖ Some other examples of tools for strengthening social accountability including in other parts of the world are the Citizen Report Card (CRC), Community Score Card (CSC), Participatory budgeting, Appreciative inquiry Summit, Public Forum, use of IT initiatives and study circle.
- ❖ Some of the best practices in social audit from across the world were:
  - The office for Standards in Education (OFSTED) is a non-ministerial department in the United Kingdom that submits its report directly to parliament and carries out a ranking of schools which is crucial in determining the budget allocated.
  - In the Philippines, CSOs, beneficiaries and trained village personnel are selected to form monitoring committees. The reports of these committees are a prerequisite for payment to service providers.
  - e-AGORA is a distance training programme using a digital platform developed by the European Union. The course is on participatory planning and accountability and links civil servants with CSOs and citizens. This training was provided in 11 countries including France, Belgium, Portugal, Spain, Brazil and Chile.
  - Zambia uses a method called 'Barometer Report' which is a community report card. CSOs mobilise people's participation in the monitoring of government services. A Barometer Report includes a quantitative assessment, qualitative assessment, a summary of findings and recommendations for action.

- In Japan public lawyers gathered to seek information on government expenditure and created an independent CSO based National Citizen Ombudsman Liaison Council. The council carries out a transparency ranking of local government at a national scale.
- In Bengaluru in India, a non-profit society called the Public Affairs Center (PAC) started an annual Citizens' Report Card in the year 2000, conducted by children. In this survey, children interview adults on a range of themes such as roads, plastic and consumption, etc.

## Way Forward

Social Audit reports can be less voluminous and more systematic, focusing on procedural, financial issues and complaints. The State SAU reports could organise their findings in terms of national-level issues (policy-related), State level issues (disciplinary related) and district level issues (training related).

SAU personnel should have experience in monitoring and evaluation. They should have worked with media organisations/ CSOs/ Unions/ or in other such 'check and balance' institutions.

Other practices that can be adopted are rankings (of panchayats, blocks, districts, states), performance based budgeting and community capacity building. In terms of social audits, a course should be developed to be included in school syllabi and a Massive Open Online Course (MOOC) on social audits should be started.

Shri Rizvi added that key challenges to the SA process have been elite capture, the threat of violence and factionalism. He emphasised that the collective involvement and efforts of different stakeholders in the Social Audit process can change the fate of our society and country.

## 3.2 PMAY-G SA Guidelines

Shri Prasant Kumar, Additional Secretary (PMAY-G), Ministry of Rural Development presented key features of social audit guidelines of PMAY-G. Social audit under PMAY-G will be facilitated by Social Audit Unit under Mahatma Gandhi NREGA. While formulating the social audit guidelines for PMAY-G, the Ministry not only consulted States but also conducted pilot social audit in various States. Draft guidelines were developed in a write-shop held at NIRDPR in which State level officials also participated. Then pilot social audits were conducted and final draft was prepared by NIRDPR and circulated by the Ministry to all States. By incorporating comments from States, guidelines have been finalised.

Sharing the suggested process of social audit, he said that the first requirement is the preparation of social audit calendar, then information and documents required for conduct of social audit have to be provided to the SAU resource persons. During the social audit, the questionnaire and reporting formats given in the guidelines are to be used. Process of Mahatma Gandhi NREGA social audit will be followed in the case of PMAY-G too and will include preparatory meeting, fieldwork, social audit through Gram Sabha, report submission, etc.

He observed that there are some PMAY-G specific suggestions in the guidelines that resource persons should examine during the social audit. Whether PMAY-G beneficiaries, including potential beneficiaries, are aware of entitlements or not. Whether the processes which have been laid out for the effective implementation of PMAY-G have been followed or not. Whether sufficient awareness generation has been done or not. Whether a permanent waitlist has been pasted on the walls of Gram Panchayats or not. Similarly, there are various reports available on AwaasSoft which is the MIS for PMAY-G and are these reports in accordance with the ground realities or not? There are several States which promised additional benefits to PMAY-G beneficiaries, whether those additional benefits have been given or not also needs to be verified. Then there are many inclusion and exclusion errors that

also need to be verified by the social audit teams. There may be grievances, whether those grievances have been addressed by implementing authorities or not. And most importantly, although corruption in PMAY-G has been reduced substantially, there may be some scope, and therefore it needs to be examined whether there have been any instances of corruption. Whether the funds made available under PMAY-G have been utilised by beneficiaries for the construction of house or have been diverted for some other purpose also needs to be brought in to the focus of the social audit.

With regard to governance structure, the Additional Secretary shared that at the State level, the Social Audit Unit should have additional human resources – a separate PMAY-G vertical with PMAY-G Coordinator, MIS Manager and Accounts Manager. Joint Secretary (Rural Housing) and Secretary of State nodal department implementing PMAY-G should be included as special invitees of the Governing Body of the Social Audit Unit. SAU should designate a Grievance Redressal Officer (GRO) for accepting complaints from citizens about the staff and practices of SAU. The GRO should report to the Governing Body and the Director shall submit a certified copy of SAU accounts to the Governing Body. For facilitating social audit of PMAY-G, a team should be provided for every Gram Panchayat. VRPs will be drawn from primary stakeholders, civil society organisations, SHGs under NRLM, and other organisations and individuals who have the knowledge and expertise of working for the rights of the people.

Regarding funding for social audit, he said that funds will be released to the States and expenditure to conduct social audit will be met from the administrative fund. The funds will be released as per Mahatma Gandhi NREGA guidelines. The second instalment shall be released after submission of utilisation certificates and audited statement of the previously released fund. The second instalment will only be released when 40 per cent of GPs have been social audited by the SAU. Quarterly expenditure statement will be submitted by SAUs to State and UT government. Expenditure that is admissible under social audit includes cost of hiring personnel on contract, training of resource persons, IEC activities, assessment and evaluation of social audit, the conduct of seminar and review workshop. NIRDPR and SIRDs will be partners for capacity building of social audit resource persons at all levels. They will also prepare training modules for PMAY-G social audit and will also monitor the implementation of social audit guidelines by State governments and SAUs. The Ministry is coming out with a module in AwaasSoft where the entire process of the social audit shall be captured including the action taken on the findings. Different reports on the findings and action taken should also be available in this module.

Hon'ble Minister and senior officials releasing the PMAY-G Social Audit Guidelines

### 3.3 NSAP Social Audit Guidelines

Shri N. Srinivas Rao, Economic Advisor in-charge of NSAP made the presentation.

Social audit as a tool is as important and powerful as social media. It has become very popular in the discourse of good governance and is a tool to empower people, especially common people. It enforces the participation of stakeholders in the execution of schemes and also improves transparency in the form of publishing all the findings in the public domain. Through its processes, it assesses the gap between the desired and actual impact of programmes. And thus, the social audit gives a chance to make mid-course corrections. Social audit involves all the stakeholders, it creates pressure on the implementing agencies at different levels. Bottlenecks in the implementation can be eliminated post social audit. This has special significance for NSAP as the beneficiaries are from the poor and vulnerable sections of the society.

NSAP guidelines provide earmarking of 0.5 per cent of total budgetary allocation for social audit which is 1/6th of the administrative allocation of the scheme. At current allocation of the scheme, approximately Rs. 46 crore is available to all States and UTs to conduct social audit.

Objectives of social audit include awareness generation, proactive disclosure of information, beneficiary verification and validation based on the eligibility criteria and grievance redressal. Social audit improves accountability and certainly enhances transparency.

NIRDPR has conducted pilot audits in four States namely, Tamil Nadu, Odisha, Maharashtra and Assam. Social audit of NSAP was conducted in two GPs in Maharashtra and one each in the rest of the three States. In Tamil Nadu and Maharashtra it was also done in one urban ward each. One of the fundamental issues is that awareness of the scheme itself is very low. In some of the States even the BPL list is not available with village or block level authorities. Irregular payments, missing payments, difficulty in withdrawing the money have also been reported. Beneficiaries eagerly wait for their pensions.

Social audit is focusing on regularity of payments and the manner in which these benefits are being accessed (Number of States disbursing pensions monthly has increased from eight States to 24 States now). Social audit interventions also assist in grievance registration and redressal. Social audit reports in these four States have shown that coverage of the scheme is poor.

MoRD will certainly review the findings and action taken reports. Recommendations are to increase awareness, making beneficiary lists widely available, especially among ward members and self-help group members, expand coverage, make people aware of the eligibility criteria, grievance redressal mechanisms be set up and operationalised in systematic manner, MIS to be improved and for door-step delivery of benefits.

With respect to the way forward, NIRDPR will facilitate ten more pilot audits and will regularly follow up with States regarding the conduct of social audit. In MoRD, a PMU with four consultants is being considered. Social audit of NSAP is to be conducted in all States and expenditure incurred on social audit is to be reflected in the utilisation certificates.

### 3.4 Role of SHGs in Social Audit

Ms. Leena Johri, JS (RL-I) in her presentation on the role of SHGs in social audit gave a brief introduction to the National Rural Livelihood Mission and the various efforts being taken under this mission.

**She said that the SHG women are best suited for the facilitation of Social Audit of various programmes due to the following points:**

- ❖ SHG members are ideally placed to support monitoring of the activities implemented by PRIs and line departments.
- ❖ **Beneficiaries** - Poor rural women mobilised into SHGs are the target of most welfare schemes. Hence, community participation in the process of social audit can be ensured by involving them.
- ❖ **Awareness** - SHGs and its federations have been oriented on the welfare programmes, rights and entitlements of people and this knowledge helps in the facilitation of social audit.
- ❖ **Huge Numbers** - DAY-NRLM has generated substantial social capital trained on several themes, viz. Institution Building & Social Mobilization, Financial Inclusion, Farm and Non-Farm Livelihoods, etc. At present the available Social Capital is 2.5 lakh Community Resource Persons and 56,000 Master trainers. Over 98,000 SHG members have been provided four-day training to enable them to function as VRPs in nine States. They form a huge workforce for the conduct of Social Audit of other programmes such as PMGSY, PMAY-G, NSAP and FFCG, etc., in the future.

### 3.5 FFCG Social Audit Guidelines

Shri Sanjeeb K. Patjoshi, JS, MoPR gave an overview of salient features of FFCG, the status of allocation and release of FFC funds to States, e-FMS Architecture, PRIASoft Status, PFMS status and Geo-tagging status of assets in FFC. He mentioned that the documents associated with FFC are available online.

He said that third-party audit system is required as per FFCG. Social Audit of FFCG can be done along with the social audit of Mahatma Gandhi NREGS. Expenditure towards social audit can be met from the 10 per cent allocation for administrative and technical support that is available in FFCG. Madhya Pradesh (FY 18-19) and Jharkhand (FY 17-18) have undertaken Social Audit of FFC grants in 1,500 Gram Panchayats and 763 Gram Panchayats respectively.

#### Objectives of Social Audit

- ❖ Study on the extent of FFC fund utilisation towards the development of assets for the basic services, operation and maintenance
- ❖ Analyse whether FFC funds were utilised for a mix of all essential basic services or concentrated on just a few
- ❖ Spot visits/ study of GPs to ascertain FFC funds are optimally utilised
- ❖ Identifying reasons in scenarios where GPs do not receive Performance Grant (Performance Grant provided to GPs if they fulfill requirements: (i) Submission of audited accounts (ii) increase in Own Source Revenues (OSR) (iii) Open Defecation Free (ODF) status and Child Immunisation Status

#### Shri Sanjeeb K. Patjoshi mentioned the broad issues to be taken note of during the Social Audit

- ❖ Preparation and implementation of Gram Panchayat Development Plan (GPDP)
- ❖ Quality of works/Activities taken up with FFC Grants
- ❖ Geo-Tagging of the Photos of FFC Assets
- ❖ Use of proper accounting systems through PRIASoft / State specific software applications and PFMS
- ❖ Proper utilisation of 10 percent allocation towards Technical and Administrative components of FFC works/activities

- ❖ Creation of Awareness / Public Display of FFC works/activities
- ❖ Effective Convergence of FFC with Other Central / State schemes
- ❖ Improvement in Own Resource Revenues (OSR) out of FFC assets
- ❖ Establishment and Effectiveness of Grievance Redressal Systems

**Following are the activities which cannot be undertaken under FFC funds**

- ❖ Expenditure on activities already being funded from other schemes
- ❖ Felicitation / cultural functions / decorations / inaugurations/entertainments
- ❖ Honorarium, TA / DA of elected representatives and salaries
- ❖ Honorarium of existing employees – permanent and contract
- ❖ Expenditure on doles / awards
- ❖ Purchase of vehicles and air conditioners

### **3.6 Fund Release to SAUs**

Shri Dharmvir Jha made a presentation on the subject of fund release to Social Audit Units in which he addressed concerns and issues raised during different breakaway workshops. His presentation on the status of fund release to SAUs for the financial year 2019-20 included the following information:

- ❖ He provided a status update of fund release to SAUs for this financial year: for 11 States the first tranche of funds has been released, four States have utilised less than 60 percent of the fund released during the previous financial year and eight States are yet to send additional/ supporting documents before the first tranche of FY 2019-20 can be released. He also listed three States whose proposals were under consideration and another three States from which the current year's proposal is awaited.
- ❖ Having analysed the issues experienced both by the Ministry as well as the SAUs in this fund transfer process, he identified some major issues which include maintenance of multiple accounts for Mahatma Gandhi NREGA audit, the credit of funds from multiple sources, funds released from the Centre not being credited to the SAU account within 15 days and incomplete documentation by SAUs. He added that sometimes there is a mismatch between UC and bank statements, or between audit report and audit UC which also causes delays in fund transfer. In the case of a mismatch, a bank reconciliation statement is not provided. Moreover, until States spend 60 per cent of the previously received funds, the next tranche cannot be released as per Integrated Finance Division (IFD) regulations.
- ❖ He proposed some solutions to the problems listed above:
  - Separate bank accounts for social audit of Mahatma Gandhi NREGS as well as separate statements on receipts and expenditure of audit of Mahatma Gandhi NREGS
  - SAU should inform MoRD if money is not credited by State treasuries within 15 days of transfer
  - Matching of information in the UC with the bank statement and audit report and SAUs should provide a bank reconciliation statement in case of a mismatch. The reconciliation statement should include information on receipt and expenditure on Mahatma Gandhi NREGS and

other sources identified separately, reason for the mismatch, latest provisional UC and bank statement that a proposal for fund transfer should be sent only after 60 per cent of the previous fund has been utilised.

- ❖ Shri Dharmvir Jha concluded with a comprehensive list of supporting documents required for the release of both the first and second tranches to SAUs and additional documents that the SAU needs to submit for the release of 1st tranche funds after 30th September.
- ❖ In conclusion, he suggested that the SAUs respond to the MoRD on fund related issues in the time frame specified. He ensured everyone gathered at the national seminar that timely release of funds is a priority at the MoRD.

## 4 Presentations from States

### 4.1 Telangana SAU

The presentation was divided into two parts - the first unpacking what 'independent functioning of an SAU means and the second, focused on the vigilance unit - the structure in place for follow up on social audits conducted. When questions are directed to State governments, about the number of issues raised and resolved, without a structure for follow up, they are unable to respond. Systematic action on social audit reports and documentation of this action is crucial.

#### 4.1.1. Part I: Independence of SAU

Director of SAU Telangana, Ms. Sowmya Kidambi spoke on the 'Independence of SAU, Transparency and Accountability of SAU'

She opened her presentation by thanking the MoRD for organising the first national seminar on social audits. She said, not only in India but even in the International context, social audits stand out as an exercise in participatory democracy - that other tools such as citizen report/scorecards pale in comparison. Other countries have been reaching out to learn from India's example with a desire to adapt the model to their own contexts. In Timor-Leste (East Timor) the SAU is housed in the PMO showing their commitment towards social audits.

She said that **Political and Bureaucratic will** - can make the very uphill task of ensuring the independence of SAUs so much easier. The way MoRD has taken on the project of social audits - taking responsibility for housing the SA project even where it pertains to other departments and programmes is an example of how much can be achieved when there is a will.

Functions, Functionaries, Funds - the three words which used to be used in the context of Panchayati Raj, hold for Social Audits. All three are crucial in ensuring an independent SAU process.

#### Functions

- What really gives social audits teeth/ strength is the involvement of the CAG in helping form and strengthen the framework for social audits through the Auditing Standards. Even the Supreme Court has ordered that the standards should be applied mutatis mutandis when social audit guidelines are being formulated for other schemes. The way SAUs should function and the process for conducting audits has been detailed in the standards.
- There can be no political or administrative interference when social audits are being conducted in the field. In AP and Telangana, there has been no attempt to change the social audit calendars or stop audits from happening. SAUs can't function without the strength that comes from independence.
- Well trained teams are very important to ensure that the experience of beneficiaries remains positive through the SA process and people trust it. The Tata Institute of Social Sciences (TISS) course was a good initiative, but the capacity building has to be continuous. Resource persons come and go because of the resource intensive work and tough working conditions. People often fall ill with exhaustion and are unable to do this work for more than a two-three year stretch.
- There also has to be an assurance that SA teams will be protected from intimidation. The Telangana SAU has not had many negative experiences - in one case records were stolen but an FIR was registered immediately. Receiving this kind of support is necessary for the efficient

functioning of the unit. It is, after all, an administrative exercise, mandated by the government and therefore should be treated as such. Perpetrators of actions against the SAU should be tried under the CrPC.

- Effective GB - the GB takes all the decisions regarding the SAU. It can be a beautiful, collaborative exercise where government and civil society (GB made up of both) work together with a single goal of improving welfare delivery.

### **Functionaries**

- For the SAU Director to function effectively his/her selection as well as extension has to be free from political patronage as per the auditing standards. There should be a process to determine grounds for termination, etc., but the MoRD needs to ensure that this is an impartial and transparent one. Directors cannot function in constant fear of repercussions for working.
- There is always a danger that if the appointment and selection of Resource Persons become politicised, then it can be used to create cadres. Social audits are for the benefit of citizens and cannot be a partisan project. In SSAAT, BRPs and DRPs are all selected from people who have worked as VRPs, from socio-economically backward families, many of whom are first-generation literates.
- Staffing of the SAU (State level) without an office and office staff, it is impossible for SAUs to function. While SSAAT has 30 staff, there are many units with less than 10, with staff lacking the necessary skills. The requirement (number, skills) should come from Directors - they need to be listened to on this count.
- The panel for the selection of resource persons has to be composed of people independent of implementation agencies. The AMC specifies District Collectors/ Chief Secretary, etc., however, these functionaries do not have the time to sit on panels, which delays the selection and hiring of people at the SAU. The selection process has to be made more practical.

### **Funds**

- The timely release of funds from the Centre is key. Telangana sends some funds to the SAU in advance of receiving funds from the Centre, but this is not the experience of all States. MoRD needs to specify protocol on what documentation it requires from SAUs for fund release.
- Financial rules should be approved by the GB giving SAU directors the independence to make certain expenditures required for day to day functioning.
- Important that both the statutory audit (every year) and the AG audit (every three years) happen regularly - there shouldn't be anything that SAUs can't defend. "Who will audit the auditors?"

### **Transparency & Accountability of SAUs**

The SAU has to be made transparent and accountable and it can do this through:

- Annual Calendar – non-negotiable. It needs to be followed strictly and also shared in the public domain. Any changes in the calendar should also be published online
- The Gram Sabha and public hearing agenda should also be made public
- The Social Audit report and the follow-up reports need to be proactively disclosed. All States should improve their MIS (now that there is a national format, this could be used). This holds both the SAUs and the State governments accountable

- The MIS also allows for findings to be categorised. It is otherwise very difficult for implementing agencies when there are lakhs of paras of grievances/ complaints. Grievances should have a different procedure where they are dealt with immediately (during the course of the audit) and not left pending. 60 per cent of issues that come up in social audits are grievance oriented while the remaining 40 per cent are mostly related to financial misappropriation, which requires a longer time to complete the action.
  - A key challenge is in figuring out practical means of recovery. For instance for small sums of money such as Rs. 500, if the aggrieved needs to wait for 6 years for the money to be recovered then even the deterrence value is lost. There is a need to come up with a threshold - what kind of priority issues should use government resources of a full audit, what can be dealt with greater immediacy?
  - Information needs to be published at the Gram Panchayat level instead of in a top-down manner, in local languages and according to the different schemes/ departments. There is a need to move from a Management Information System (MIS) to a people-centric information system.
- (Secretary, RD said that all participants should log on to [gdpd.nic.in](http://gdpd.nic.in) to find disaggregated information on various schemes at the panchayat level, information validated by the panchayats)

#### 4.1.2. Part II: Vigilance Cell in Telangana

##### Presentation by J. Asha, Chief Vigilance Officer

The SA follow up process is as important as the social audit. Otherwise, how does one show what impact the social audit has had? Follow up is the way in which you ensure the audit has an impact. In Telangana the process for follow up is as follows:

Social audit is conducted at Gram Panchayat level ➡ there is a public hearing at Mandal (block) level ➡ The Decision Taken Formats (DTFs) (formats in which SA team fills in details of findings - one DTF per issue) are handed over to the Vigilance Wing (VW) ➡ Vigilance wing circulates DTFs to District Collector/ DPC (Mahatma Gandhi NREGA) ➡ They issue show cause notice (within one week's time) to indicted persons who are given one week's time to reply with evidence. In personal hearings decisions are taken based on evidence provided - if a criminal case, then charges are filed, otherwise recovery is ordered, penalties imposed, etc. The final decision is taken by the DRDA.

- Composition of the VW - At the State level there is a CVO (Chief Vigilance Officer) and five staff members. After the bifurcation of the State into Andhra Pradesh and Telangana, the number of districts expanded and therefore there is a lower number of vigilance officers per district.
- Vigilance and Assistant Vigilance officers are usually retired persons. There is also one computer operator in every district.
- Presentation included a list of circulars and GOs detailing procedure to be followed in the setting up and functioning of vigilance wings.
- Follow up can be divided into three broad stages - 1) Allegations - data entered by social auditors in para format. 2) Follow up – show cause notices have to be issued manually and then action is taken on the issue. Action Taken Report is entered against the para 3) VW will forward the action to HR for appropriate action.
- The process for monitoring SA findings has been improved. Before it was the job of the VW to look through every issue but now there is software designed to categorise findings. The new software analyses the paras and divides the issues into i) Financial ii) Procedural iii) Grievance

and iv) Information related. Each category of issues requires a different action to be initiated. In cases of GR for example, VW sends a letter to the programme office which responds and the para is closed easily.

- The software also allows for issues to be categorised subject wise. For example under Mahatma Gandhi NREGA, issues can be related to muster, work, payment, job card - these are divided into subcategories.
- Slide by slide presentation of the computerised process of data entry, analysis and documentation was made. VW selects a Mandal, GP, and round of SA. Against each para, enters the action taken by DRDO, the recovery or penalty. The order number, the date on which decision was taken - all these details are visible in the HRMS Module.
- One can also view the data according to each individual. For instance, how many paras refer to each individual, what is the amount which has been ordered to be recovered? How much has been recovered and what amount is pending (since at one time only 1/3rd of a person's salary can be recovered).
- The gap so far has been that despite continuously working, only 80 per cent of paras could be completed. The reason is that a large number of paras are generated following every hearing (400-800 per Mandal per month). There is now a new software being piloted which will automatically generate show cause notices of two kinds - for cases with and without suspension respectively. This will cut down on the amount of time taken for data entry and processing.
- Once the individual responds - VW will enter that explanation and include VW remarks against the entry. It is important that the explanation provided by individuals is uploaded in case it needs to be produced as evidence in court proceedings.
- The last stage is that DRDO will login to the portal and add their remarks to recover/ reinstate or remove from service.
- Disaggregated data on vigilance is available. The follow up of social audit findings needs to be more transparent than even the social audit process. Otherwise, the purpose of a social audit is negated.
- Every State is going to face a situation, a decade into conducting social audits when huge amounts of space is taken up with documents and records as these cannot be destroyed. It is imperative that each State begins to digitise the documentation process. Especially when there is a scaling up of social audits beyond Mahatma Gandhi NREGA, this is going to be magnified. Therefore we need MIS and data entry systems which are convenient.

## 4.2 Uttar Pradesh SAU

Ms. Rekha Gupta, Director, Uttar Pradesh Social Audit Sanghatan (UPSAS) made her presentation in three parts: Best Practices, Strengthening of Social Audit and roll out of Social Audit to the other programmes.

### Best Practices that are being followed by UPSAS

- To spread awareness on Social Audit and to share the best practices followed in Uttar Pradesh, the UPSAS published, a book titled "Abhinav Pahal" (अभिनव पहल) with a catchy slogan, i.e., "This is the message of social audit to every village, do you receive the wages for the work you do" (गांव गांव सोशियल अडिट का यह है पैगाम, करते हो जो काम, मिला है उसका क्या दाम).

- Innovative methods followed by UPSAS to increase public awareness on Social Audit include:
  - o Conducting painting competitions in schools on social audit
  - o Installment of hoardings in Vikas Bhawan of every District in Uttar Pradesh
  - o Use of folk dance and folk songs while campaigning for Social Audit
  - o Organising bike rallies to campaign for Social Audit
  - o Advertising the objectives and structure of social audit in the newspapers on a quarterly basis
- Conduct of test audits by Consultants working in the Directorate to cross verify the social audit findings being reported
- The UPSAS in collaboration with Remote Sensing Application Centre of Uttar Pradesh will do the “Geo-mapping” of Gram Panchayats which gives access to details on Social Audits happening in each Gram Panchayat
- Training of Pradhans
- External assessment of Social Audit by third parties like IRMA

#### **Steps taken by UPSAS to strengthen social audit:**

- Social Audit team panel: A social audit team comprising four members is allocated per 10 Gram Panchayats of a block.
- Saturation of Gram Panchayats and Blocks remaining after the previous social audit period by considering them for social audit in the next audit cycle. This is done while preparing the social audit calendar.
- Conduct of entry conference with all stakeholders at the Block level to disseminate information on social audit prior to the conduct of social audit
- Conduct of Exit conference at the block level
- Chief Secretary (RD) has released a Government Order on different action to be taken based on the social audit findings and regarding submission of Action Taken Report which resulted in increased recovery of misappropriated money and timely upload of ATRs.
- Conduct of review meeting on Tuesday of every week under the chairmanship of Chief Secretary (RD) where a review of ATR is done
- Review of the ATR by Additional Commissioner (NREGA) through video conferencing at the block level
- Review of Social Audit in the District level meeting by District Magistrate and Chief Development Officer

#### **Roll out of Social Audit to other programmes**

UPSAS is planning to conduct the social audit of mid-day meal scheme and other programmes of Labour and Panchayati Raj departments in future.

### **4.3 Meghalaya Social Audit Act**

The Secretary and Commissioner of the Community and Rural Development Department, Meghalaya, Shri P. Sampath Kumar made his presentation on the ‘Meghalaya Community Participation and Public Services Social Audit Act 2017’. Meghalaya is the first State to have passed a Social Audit

Act. In his presentation, Shri Sampath Kumar provided a brief background to the passage of the Act followed by key objectives of social audits in Meghalaya, the different components of the SA process, some indicators of the impact that the process has had and broad learnings from the Meghalaya experience.

## **Background**

Learnings from best practices of social audits from across the country have contributed to the design of the SA Act in Meghalaya. The Act covers 11 departments and 21 different programmes within these departments. With the support of the MoRD, the Mahatma Gandhi NREGA was the first programme in which social audits were piloted. Experiments were then conducted in which the scope of social audits was expanded to include other programmes, for example, the Mid-Day Meal scheme. The political leadership of Meghalaya, when invited to observe the SA process, reacted favourably saying they saw the value in a process that would allow them to follow up on electoral promises. A series of pilot audits were carried out in collaboration with civil society organisations which contributed to the design and language of the Act.

## **Objectives**

The Social Audit process in Meghalaya is defined in the Act as a concurrent audit. It is therefore not a 'post-audit', as most social audits are it serves to monitor effectiveness and efficiency of implementation, increase transparency in government functioning and educate citizens - making them aware of rights. In his presentation, Shri Sampath Kumar said, "the Social Audit Act is more like an RTI plus". The process is used to proactively provide information to people. Facilitation mechanisms are built into the law, through which common people can access both information and entitlements. Social audits also serve the following objectives:

- To enhance citizen ownership in development initiatives
- For fact-finding exercises at the field level
- To seek feedback from people on the implementation
- To redress grievances within stipulated time frames
- To identify people who have been left out or excluded from receiving benefits.

## **Components of the SA Process**

1. Sensitisation of government officials on their role in social audits - this is particularly important as information needs to be provided in particular formats that can be easily understood and communicated
2. Training of volunteers to understand government records
3. Entry meeting with headmen in villages where social audits are to be conducted
4. Meeting with the Social Audit Committee of the village to develop a route chart for the five-seven days of the audit. The team has to pay a visit to institutions such as the Primary Health Centre, Anganwadi and School followed by door to door visits to share information and carry out a verification of eligibility, participation and access. This step is important in building awareness
5. The verification process, which is carried out with the help of Social Audit Committee members
6. Identification of eligible beneficiaries which throws up challenges such as reaching benefits to those who live in remote areas and are being excluded because of the lack of banking services for example, or because they are unable to travel because of age and infirmity

7. Registration of grievances happens during the public hearing where desks are put up for noting complaints and lists of eligible beneficiaries are proactively displayed
8. Notices are issued to all departments to be present at the public hearing. Where possible, individual and collective complaints are dealt with on the spot. Where resources are not available, the process stipulates that a waiting list is prepared as in the case of PMAY beneficiaries.

## Impact

Through the Social Audit process in Meghalaya, 180 local youth and 11 government departments have been trained in how to conduct social audits. Village Monitoring Committees of 15 different schemes have been familiarised with their mandated roles so that they participate in the implementation and audit of the different welfare programmes. Shri Sampath Kumar quoted statistics from a set of public hearings where 1,100 applications were received and said that all social audit reports are published online.

In Meghalaya, social audits have proved helpful in formulating policies. They have Identified 13 issues where policy interventions were required. For instance, findings from social audits in 18 villages indicated that there was a huge gap between those receiving CM Pensions and those receiving NSAP pensions. A policy decision was taken to create parity between the two benefitting 50,000 beneficiaries across the State. After extensive piloting of social audits, they have released rules to detail the SA process. Included in the Act is a clause for using Randomised Control Trial (RCT) methods while conducting social audit, with treatment and control groups. They are now conducting social audits as per the Act, and plan to cover 50 per cent villages every year.

## Learnings

Before scaling up social audits in Meghalaya, they conducted several pilots which proved helpful in framing rules for the Act. Shri Sampath emphasised that involving civil society organisations in this pilot process proved crucial as without that, the SA process would have missed out on an independent perspective. It also allowed for shared expertise and experience to strengthen the social audit process, for example, this led to integrating the Jan Sunwai model into the social audit framework in Meghalaya. As the State falls in a 6th Schedule area, they have also had to adapt the SA process to involve traditional institutions.

When they began the SA process, the focus was on verification. They later learned that there were four important components to conducting social audits in which verification was only one component. The four are as follows:

- Sharing information with communities proactively
- Verification of official records
- Registering of grievances
- Identifying those who have been left out

In conclusion, Shri Sampath stated that there is a disconnect between government intention and the delivery of services. This disconnect can only be breached if the tables are turned and people start to question the government. Social Audits create a process which allows people to do this. He said, "In this country we have inherited a colonial method of governance; social audits disrupt the hierarchy which exists."

## 4.4 Jharkhand SAU

Shri Gurjeet Singh, Director of Jharkhand SAU, made his presentation on social audit processes, public hearings, advisory on actions, social audit of other schemes and on a concurrent audit.

### Background

He said that Jharkhand began its exercise in social auditing late, only in 2016. The Social Audit Unit was established as an independent cell housed in the JSLPS. It is currently in the process of being registered as an independent society. From the beginning, it was decided that the social audit process would be conducted with clarity of purpose and based on three clear principles:

- Independence - nakisi se dosti aur na kisi se dushmani (no friends and no enemies)
- The money and accounts of spending belong to the people - humara paisa, humara hisaab
- That social audits should be transformative and bring about systemic change – hungama nahin, surat badalna chahiye (from the Dushyant Kumar song).

He provided some statistics about the State of Jharkhand - expenditure under Mahatma Gandhi NREGA, number of job cards, number of administrative units and provided some background as to the structure of the SAU - composition of the governing body, number of resource persons, etc., to provide a context for his presentation.

In the last two-years, the Jharkhand SAU has audited 15 different schemes in varying scales including Mid-Day Meal (MDM), National Health Mission, Tribal Development, Watershed, PMAY-G and Urban. They also conducted audits of the Direct Benefit Transfer (DBT) project piloted in Jharkhand. Negative feedback that emerged from the audit caused the government to roll back the programme. While the SAU has been scaling up slowly, last year it completed 50 per cent of the audits, this year aims to cover 100 percent.

### Social Audit Process

Shri Gurjeet presented that the social audit process can be broken down in 4 key components:

- Preparation - IEC strategy, orientation, training, material
- Verification - physical, oral, documentation
- Validation by Gram Sabha
- Action - including public hearings.

There must be synergy in the steps and no step should be missed or else the social audit process is harmed. For this reason, in Jharkhand, they take care to follow the **annual calendar** and do not change the schedule unless there is a law and order situation that demands it. The entry point meeting with the government before beginning the verification process is something that Jharkhand borrowed from the Sikkim model of Social Audits.

In his presentation, Shri Gurjeet highlighted some practices which are unique to Jharkhand's social audit process:

- **Public hearings from the level of the Panchayat to the State** - It is the only State to hold public hearings at every level. The panchayat hearing is where the issues are raised, the block is where decisions taken at the Gram Sabha are reviewed, at district, block hearings are reviewed and lastly the State hearing where there is a check on whether appropriate action is taken.

- **Jury system** - A jury is formed for every hearing to arrive at decisions together. The members are oriented and provided an advisory to guide decisions. The advisory uses the NREGA and Panchayati Raj framework to indicate what kind of action fits the error/irregularity. Shri Gurjeet provided details of the composition of the Jury at every level of a public hearing in his presentation.
- **Independent Action Taken Review Committee** - ATR reviews happen at the state and district level prior to the public hearings. The ATR committee includes persons from the media, civil society and academic institutions. At present, there are no members from unions, but this is a change that has been proposed. The committee ensures that all issues raised by the Gram Sabha are reviewed. The SAU has developed an **ATR proforma** for detailing the kind of supporting documents required as per claims, for example, FTOs have to be attached to delayed payment claims, challans for fines imposed and photographic evidence for non-existent assets. For a claim/complaint to be dropped, protocol dictates that adequate evidence is required. Approximately 46 per cent of issues were dropped after a thorough review process, 47 per cent of which were financial.
- **Concurrent audit** - Jharkhand SAU has started preparing for a concurrent audit by beginning to form Village Monitoring Committees and Labour Forums. They are planning to use these collectives as well as SHG members in pilot audits in one block. This will take place once a month and reports will be presented at the Rozgar Diwas.
- **Collaboration with Civil Society Organisations (CSOs)** – This plays an important role in social audits in Jharkhand. CSO representatives are invited to be part of juries, ATR committees, trainers in orientation of VRPs and BRPs, to act as social audit monitors to observe the process, to help track grievances against the SAU and particularly complaints of collusion. CSOs also take part in test audits in 5 per cent of panchayats every year to carry out this observation. A civil society forum, with one senior official as chair, is formed to review complaints against SAUs and resource persons have been dropped based on these reviews - some even permanently. The Jharkhand SAU also works with the NREGA Sahatya Kendras in the State and has worked with Cluster Facilitation (CFT) partners. Lastly, an annual workshop is organised where CSO representatives are invited to give feedback and help improve the social audit process.
- **Special Audits** - Jharkhand government requested SAU to conduct a social audit of the mango plantation scheme. Findings helped influence the direction of the scheme.

### Behind Jharkhand's Achievements

Shri Gurjeet Singh, spoke about factors that have contributed to and supported the social audit process in Jharkhand. He said that a strong political and bureaucratic will has allowed the social audit process to become strong. Good synergy with the PAG office has allowed both to learn from each other - for example, the follow-up and action was taken in the Jharkhand SA process have been formulated with help from the PAG office. The SAU also works closely with the State Food Commission. A supportive SIRD, inputs from CSOs, academics, researchers, interns as well as from other State teams have also made a difference. Regular governing body meetings have allowed the unit to function independently. Support from the State has come both in terms of funding of an additional Rs. one crore for strengthening systems as well as from the Mahatma Gandhi NREGS cell which is open to suggestions and learning. The Mahatma Gandhi NREGA Chief Secretary has repeatedly shown a commitment to social audits - in a recent special hearing he sacked 20 people and said that only those sincere about the work should continue to be employed.

## Impact

In the two-years between 2017 and 2019, the Jharkhand SAU has planned 3,912 social audits and conducted 3,796. They have uploaded 2,518 reports in which 56,745 issues have been identified. Of the total amount of Rs. 41 crore was identified as misappropriated, they have managed to recover Rs. 11 crore. They have also lodged 42 FIRs (First Information Reports). However, the impact cannot only take into account the statistics of finances recovered and issues identified. During the course of conducting social audits, 30,000 VMCs have been formed, 4,100 Labour Forums with 65,600 members constituted, and approximately 18 lakh people have participated thus far in the SA process

## Way Ahead

The Director presented some of the major challenges in the process of conducting social audits and the way in which the SAU has dealt with them. He also made some proposals and suggestions based on learnings from the Jharkhand experience:

- **Availability of documents** – two-years ago this was a huge problem. Now in Jharkhand, the commissioner has increased the punishment for missing documents and/or files
- **Training, health and safety of RPs** - The 30-day training needs to be reworked. Also, health and safety need to be ensured for RPs. He gave an instance of a VRP, who died of poisoning recently. There is a State HR policy, but there needs to be a national one indicating the seriousness of this issue
- **MIS** - has to be made more robust in terms of uploading issues and action taken
- **TAB-based audits** - Jharkhand has developed an offline tab-based social audit format for NSAP. The same kind of format will be used for the Mid-day Meal Programme. The other States should try this innovation as well.
- **Appreciation of good work in public hearings** - should use public hearings as a platform to commend good work, innovations. In one social audit in Gumla, Palkot North, the social audit team found no issues - have termed the Panchayat as “no issues Panchayat”.
- **Moving from fear towards positivity** - All stakeholders including government and SA resource persons should get the most out of social audits by also taking the time to spend time in the villages - in evening chaupals, or doing shramdaan in the morning (examples), taking part in cultural events. This way of conducting social audits also ends up being a celebration of “the festival of democracy”.

## 4.5 Andhra Pradesh SAU

The Director of Andhra Pradesh Society for Social Audit, Accountability and Transparency (APSSAAT), Shri G. Srikanth made his presentation on Human Resources Management, Financial Management, Quality Assurance and improvement.

Shri Srikanth provided a brief background of APSSAAT, that it was registered in 2009 under Andhra Pradesh Societies Registration Act, 2001 for facilitating and carrying out Social Audits of welfare schemes of the Government of Andhra Pradesh. Primarily it facilitated the Social Audits of Mahatma Gandhi National Rural Employment Guarantee Scheme (Mahatma Gandhi NREGS). At present it is facilitating the social audit of nine Schemes. The APSSAAT is also conducting pilot Social Audits and

has been awarded by MoRD in Accountability and Transparency for the last three consecutive years. Shri Srikanth also presented the Organogram, Staff strength and various training programmes of the Social Audit Unit.

#### 4.5.1. Human Resources Management

##### Recruitment Process

- The APSSAAT initially drew Resource Persons from Civil Society Organisations and Worker's unions with a minimum of 5 - 10 years of grassroots experience working on rights-based issues. Now the Village Social Auditors are being drawn from Mahatma Gandhi NREGS Beneficiaries (wage seekers) or beneficiaries' family and a hand-holding Training (Class room and Field) for 12-15 days is being given
- Each and every individual who joins APSSAAT has to work for one month of the probation period and has to participate in three Social Audits without being paid
- Presently, many people who started as Village Social Auditors are currently serving as District Resource Persons, State Resource Persons, Assistant Programme Coordinators, and State Team Monitors after going through the open selection process
- No recommendations from any quarter is entertained

##### APSSAAT Recruitment Rules were framed in 2012

- **Online Notification:** Online notification in website for 21 days
- **Communication to VSAs:** Communication to VSAs through messages sent to their mobile numbers
- **Shortlisting of Applications:** Two to three office staff from the different sections of APSSAAT will scrutinise the applications received through the website
- **Written Test:** The shortlisted candidates will be called for written test
- **Skill Test:** Those who qualified in the written test will be called for skill test
- **Interview:** Final interview will be conducted with a set of panel members from different Government sectors. Director or other members of APSSAAT will not be there in the interview panel
- **Appointment and Contract:** Finalised candidates will be awarded with an appointment order by issuing one year contract after a probation period of one month

##### Randomisation

- To ensure that there is no collusion, once in six months, all the field level BRPs, DRPs and SRPs of SSAAT are allocated to locations that are randomly selected
- No individual is placed to work in their native Gram Panchayat or native Block to avoid the collusions with EGS staff

##### Leave Rules

##### Leave Rules were framed in 2012

- **Casual Leave:** 30 casual leaves per annual contract period
- **Paternity Leave:** 15-days of Paternity leave for two children
- **Maternity Leave:** 180 days of Maternity leave for two children

- **Miscarriage Leave:** Six weeks leave for miscarriage or medical termination of pregnancy for maximum of two times
- **Medical Leave:** 30-days during the contract period
- **Special Leave for Injury/ accident while on Duty:** For a maximum period of 90-days

#### **Performance Assessment**

- Periodical Performance Assessment will be captured in a prescribed proforma in HRMS for all levels of Employees
- Performance Assessment will be done in two phases in a year, once after every six months
- Based on the grade secured by the FTE, the contract will be renewed as per the given format

Sl. No.	Grade	SRP& DRP
1	A Grade	Considered for the issue of fresh contract
2	B Grade	Considered for the issue of fresh contract and a warning letter shall be issued.
3	C Grade	A fresh contract shall not be issued

#### **Following are the Performance Assessment Parameters that are being used by APSSAAT**

- 1) Involvement of DRP and SRP in VSA Selection
- 2) Training skills
- 3) Following of Social Audit Non-Negotiables
- 4) Verification of works
- 5) Report Writing Skills for the Gram Sabha
- 6) Presentation of a report in Gram Sabha
- 7) Payment of DA to VSAs by DRPs
- 8) Mobilisation of the public for Gram Sabha
- 9) Attitude towards public and other govt. officials
- 10) Technical and innovative Skills
- 11) Availing of leaves
- 12) Maintenance of records

#### **Performance Rating**

Marks	Grade	Performance Rating
4 to 5 Marks	A	Excellent
3 to 4 Marks	B+	Good
2 to 3 Marks	B	Average/Warning
0 to 2 Marks	C	Removal

## Internal Committees

The following internal committees have been formed for the smooth functioning of the SAU in a transparent way:

- Procurement Committee
- Disciplinary Committee
- Sexual Harassment Committee
- Medical Committee

## Welfare Activities

- **Payment of Ex-gratia:** Ex-gratia will be paid to the nominees of deceased employee within a week's time on submitting all the required documents
- **Payment of medical reimbursement:** Medical reimbursement will be paid to the Fixed Tenure Employees of SSAAT after examination by the medical committee

Shri Srikanth also mentioned in his presentation that APSSAAT has succeeded in creating a conducive-environment of job growth for its employees by giving examples of transformation of a wage seeker to a State team member of the SAU.

## 4.5.2. Financial Management

### Legal Framework: Financial Guidelines, TA Rules & Memo No.9

- Financial Decisions: For any new financial decision, the proposals have to be circulated to the Chairperson of SSAAT for approval
- One Government official in the cadre of Accounts Officer is deputed for monitoring and disbursement of payments
- All payments are being jointly released by Director and Accounts Officer by Electronic Fund Management System (EFMS)

### Social Audit Field Expenditure

#### Legal framework: Memo No.9

- Block Social Audit Expenditure:- SAU is releasing advances in the name of MPDO/BDOs up to a ceiling limit of Rs.2,27,000 (up to 12-days) and Rs.2,84,000 (beyond 12-days) towards conducting social audits
- Salaries and TA Bills: Every month salaries shall be paid through online transfer to the office staff/STMs/SRPs/DRPs/TRPs (field staff) only after obtaining attendance particulars
- Resource Fee Advance: For all the staff members one month resource fee may be paid as advance only on medical grounds recoverable in four monthly installments and shall be completed before the end of the contract period
- SAU is able to manage its expenses within 0.5 per cent only by following good practices like the use of e-office which has reduced the amount spent on photocopying of reports and their maintenance. The APSSAAT could save Rs. 3 crore by this method

### Quality Assurance and Improvement

To improve efficiency, the SAU staff coordinate and plan the activities related to processes, procedures and standards.

### 4.5.3. Quality Assurance in Terms of Process

- Non-allocation of native Gram Panchayats to VSAs, native Blocks to DRPs/SRPs, native Districts to SRPs/STMs
- Randomisation of all DRPs and SRPs every six months
- Allotment of Gram Panchayats / Block by drawing lots
- Surprise visits by the SRPs during the social audit process. Every SRP/STM spends nearly 15-20 days for cross-checking and verifying reports
- Cross-checking the consolidated MIS report with the wage seekers
- Cross verification of measurement sheets with works after DRP verification
- Participation of wage seekers/ beneficiaries/ VSAs in worksite verification
- Capturing photographs in 'Note Cam' application with location and time/date
- Mandatory participation of SRPs in all Gram Sabhas
- Independent observers in Gram Sabhas
- Special reports are prepared and shared with Commissioner or Project Director

#### Non-negotiables in Social Audit Process

- Strict code of conduct for the social auditors
- Non-acceptance of hospitality from implementing staff or local politicians
- No room for political bias or intervention
- Stay in the localities of the poor/Government buildings only
- No drinking alcohol or vices during the audit
- Absolute good conduct towards women, colleagues and villagers
- No press meets or press releases by social auditors

#### Quality Assurance in terms of Monitoring

- Three-tier Monitoring (Block/District/State)
- All District/State Team Members are in regular field visits min 15-20 days
- All Gram Sabhas and Public Hearings are attended by State Team Members and they submit an observation report on the quality of the process of social audit and the performance of DRPs, etc.
- Test audits (5 per cent) based on observations in public hearings and feedback/ complaints from the wage seekers/ implementing agencies/ public representatives/ press, etc.
- Check lists and reporting formats have been designed
- Surprise visits by STMs/PMs/Deputy Director/Director
- Periodical Review by the Principal Secretary and Commissioner
- Categorisation of works and observations/issues which are presented through analytical Reports.

### 4.5.4. Best Practices

- Identifying VSAs and Resource Persons from the beneficiaries and beneficiaries' families

- Verification of 100 per cent of wage seekers and Assets (worksites)
- Technical Verification in the presence of the beneficiaries/wage seekers and VSAs
- Graphical and Analytical Reports for effective monitoring
- Annual Reports
- Monthly Review Meetings at District level: Review meetings with the District Collector and District Vigilance Officers
- Vigilance Cell at State and District level for follow up of actions
- Monthly review meetings with State Vigilance wing and District Vigilance Officers: Segregation of deviations and immediate follow up action
- Weekly Video Conference to monitor and support the Social Audit process
- District and State Level Hearings on Social Audit Observations for reviewing the Decisions and Follow up Action
- Awareness
  - o As part of Social Audit, the SA team creating awareness among the people in the community on EGS, Social Security Pensions, and Government welfare programmes
  - o Mode of generating awareness: placards, mass rallies, wall paintings, folk songs, social mapping, etc.
- Good Management Information Systems (MIS)
  - o SAU Website
  - o HRMS
  - o Rapid Social Audit Reports
  - o Graphical Reports
  - o Scanned DTFs for public Access
- CCTV - Maintenance of CCTV surveillance for security reasons
- Biometric - Biometric attendance is introduced for office staff and planning to implement the android based application to field staff
- E-office - Migrated to e-office to reduce paper consumption. The e-office service is provided by the State government free of cost

## 4.6 Social Audit MIS Reports

### 4.6.1. History and Current Status

In September 2017, MoRD organised a workshop in Delhi which was attended by resource persons from SAUs, NIRDPR and NIC. The design for the MIS was finalised and the development work was started by NIC. In early 2018, the system was available for data uploading. Some States entered data relating to audits done in 2017-18 but not all. Resource persons from 22 SAUs have entered the social audit findings of social audits done in 2018-19 and 2019-20. Implementing officials from 15 states have also started to enter their responses to the findings in the MIS.

The Social Audit Reports are in section R9 of the 'MIS Reports' section in the nrega.nic.in website. The main reports in sections 9.1, 9.2 and 9.3 were presented.

#### 4.6.2. Design Principles

The design for the MIS was based on the following principles specified in the Auditing Standards:

- ☛ 3710 – “SA reports should be in a standard format”
- ☛ 3820 – “The State Govt. is to establish IT systems to facilitate uploading of social audit reports and key indicators identifying deviations. Availability of entire social audit data in the public domain will help in ensuring transparency and accountability of the follow-up process itself”
- ☛ 3900 – “.... should allow aggregation of data at State and district level”
- ☛ 3800 – “A follow-up mechanism should be established to monitor and ensure that action has been taken on the findings of the SA”

#### 4.6.3. Calendar Report

‘R9.1.3 Social Audit Calendar vs Audits Completed’ compares the percentage of audits planned vs the number of GPs that have been audited. The table is sortable. The user can sort on ‘Percentage of GPs audited at least once in FY’ to find out the good performing States and poorly performing States.

#### 4.6.4. Issue Classification

Social Audit issues have been classified into different types, categories and sub-categories. There are a total of four types, 28 categories and 234 sub-categories. Resource persons use this categorisation to upload their findings in the MIS. Some examples of categories and sub-categories are given in the table below:

Type	Categories	Sub-categories
Financial Misappropriation	Payment to a person who did not work	Payment to a non-existent person
	Material Procurement	Material has been procured at high rates
Financial Deviation	Work Selection	Work taken up without Gram Sabha approval
	Work Execution	Significant differences between measurements at the worksite and recorded values in MBook
Process Violation	Transparency & Accountability	Job Cards are not with workers
	Work Selection	Shelf of works is not available
Grievance	JC Related	Unable to get Job Card
	Work-Related	Complaint – Unable to get work

#### 4.6.5. Social Audit Findings

‘R 9.2.1 Individual Report’: User can select the State name, District name, Block name, Panchayat name and the Gram Sabha date to view the social audit report which consists of three sections:

- 1) 'Social Audit Basic Information Details' which gives basic details like the records given for social audit and social audit verification information
- 2) Individual issues which lists the issues that were noticed during the audit. User can click on individual issues to know more information about the issue
- 3) Gram Panchayat Checklist – This is a basic checklist about status of Mahatma Gandhi NREGS implementation in the Gram Panchayat. Some of the questions include 'Are job cards with people?', 'Is there a process to register work demand and give receipts?' and 'Is there a demand for work that is not met?'

**'R9.2.2 Social Audit Individual Issue Listing':** It is a queryable report that can be used to look at individual issues across the state, district or block. User can optionally select the issue type and year when the issue was reported. On pressing the 'Get Report' button, the user will be presented with a list of issues satisfying the specified search conditions. It will be sorted based on the issue amount and the user can then click on a specific issue to get more details.

**'R9.2.3 Issues Reported (By Category)':** It allows user to select 'Financial Year' and optionally the 'Issue type'. The first report lists the total number of issues in each category in each State. User can then click on a particular State to get district wise information and then click on a particular district to get block-wise information.

**'R9.2.4 Frequency of Reported Issues'** allows the user to find the number of issues that have been reported in each sub-category. This report can be used to find the most common types of issues that are being reported at the State, district or block level.

**'R9.2.5 Gram Panchayat Checklist Report'** lists the answers to the process checklist that was filled in each Gram Panchayat. The data is presented in an aggregate format. Using this report, one can find out, for instance, the per cent of Gram Panchayats in which there exists a work-demand registration process at the State, district or block level.

#### 4.6.6. Action Taken Reports

The Social Audit MIS is a workflow-based application that allows implementation officials to view details about the reported issues and respond with either clarification requests or record the action that has been taken. When the issue comes back to the social audit resource person to close the issue, the resource person shall look at the evidence for the action taken (for instance if it was a grievance relating to non-availability of job card, then the evidence for satisfactory redress would be a photo of the new job card containing the job card number) and then either close the issue or escalate the issue based on standards decided at the State level.

**'R9.3.1 Social Audit Action Taken Report' :** This is a drillable report (data at the top level is given State-wise; user can select a particular State to get district wise information and then select a district to get block-wise information) which lists the total number of issues reported and number of issues that have been closed. It also contains the financial misappropriation amount reported, the amount recovered and the action taken on personnel responsible for the irregularities.

**'R9.3.2 Social Audit Pending Issues Report':** is also a drillable report which lists the number of pending issues at different levels (pending with social audit resource persons, pending with Programme Officer, District Programme Coordinator or State Commissioner)

## 5 Group Work

A large part of the National Seminar was devoted to group discussions on selected themes. Participants in the seminar including resource persons and Directors of the different social audit units were assigned to four groups. Each group was handed a questionnaire, which provided a framework for the discussion (questionnaires that were given are included in B). Over the two days, through a consultative process, each group came up with a set of recommendations.

### 5.1 Group I: Strengthening SAUs, roll-out of social audit to other programmes

This group had representatives from Andhra Pradesh, Karnataka, Maharashtra, Meghalaya, Uttarakhand, Nagaland and Arunachal Pradesh.

#### 5.1.1. Independence of SAU

To ensure that the SAU is independent, the following need to be compiled with:

- 1) SAU must be an independent body directly under the control/supervision of Governing Body (GB).
- 2) Governing Body should have the powers to
  - a. Sanction posts in SAU
  - b. Approve the annual budget
  - c. Delegate financial power to the Director who should be the first signatory to the account
  - d. Approve the social audit calendar
  - e. Approve incurred expenditure
  - f. Fix of TA/DA for SAU personnel
  - g. Decide on the leave of SAU personnel
- 3) There should be no administrative interference at any level of functioning from the selection of VRPs to the functioning of the EC.

#### 5.1.2. Selection of SAU staff

At the State and district level, the existing instructions of the MoRD may be followed. At the Block level, the same arrangement as specified for district-level may be followed. The staffing pattern, qualification and selection process, etc., should be as per the decision of the GB. Approval from the State government is not required as a society should be able to function in an independent manner (The AMC needs to be changed to reflect this).

#### 5.1.3. Structure of GB/EC

The GB should be set up as per the Auditing Standards.

As per the MoRD's previous instructions and as per the Auditing Standards, the GB should have the following officials/non-officials as members: PAG, Principal Secretary of Rural Development and Panchayati Raj Department, Director of the SAU, CSO representatives, and special invitees from departments that are undertaking social audits in their programmes. Inactive GB members should be dropped. The GB should be chaired by CS/ACS/Development Commissioners/Retd. IAS/Lokayukta/RTI Commissioner/PAG.

Wherever there is an EC it should be for operational purposes and a subset of the GB with no members of the Implementing Agency/Agencies. The EC should help in executing the policy decisions of the GB. The GB should meet at least twice a year and the EC should meet quarterly.

#### **5.1.4. Adequate resources for SAU**

The SAU Director should make an assessment of the resources it needs and place the requirement before the GB for sanction.

The SAU should have a core staff that is relatively more permanent or hired on a three-five years contract especially at the State and district level. Requisite number of the BRPs/VRPs may be empaneled or recruited on contract as per need.

The honorarium of all SAU staff should be revised. The honorarium for RPs at different levels (SRP, DRP, BRP, and VRP) should be similar to the amount paid for equivalent positions in the State/Central Government.

#### **5.1.5. Selection & Powers of Director**

Selection Panel should be composed as per instructions in AMC (i.e.) Chief Secretary, PAG, RD Secretary, and an eminent CSO representative. A government servant who is still in service preferably should not be appointed as Director.

The Director should report to the chairperson of the GB. The GB should delegate sufficient administrative and financial powers to the Director to enable the day-to-day functioning of the SAU.

#### **5.1.6. State Government support**

State Government should issue a notification relating to submission of records on time and penalties for not doing so; it should issue a notification mandating government officials to attend gram sabhas and public hearings; it should notify the kind of action to be taken for different irregularities.

The State government should provide adequate security for the smooth conduct of Gram Sabha and Public Hearings. It should arrange sensitisation meetings with different stakeholders to create a supportive environment for social audit.

#### **5.1.7. MoRD Support**

Mahatma Gandhi NREGS – The Ministry should release the first tranche within April, 2020 provided that the SAU has been strengthened in all aspects by then (independence, personnel, rules). The funds allotted for facilitating social audit of Mahatma Gandhi NREGS may be increased to one per cent from the current 0.5 per cent. MTR should include more specific questions regarding State responsibility in strengthening SAU and the Social Audit Process (please see section 6.4). The Social Audit standards should be notified and protocol for Jan Sunwai should be issued. MoRD should support capacity-building efforts such as joint exposure visits for both the SAU and the implementing agency, training on MIS, Geo-tagging, mapping and SECURE. Ministry should issue an instruction to State Government to ensure that the SEGC meeting is held at least once in a year, the SEGC should review the annual social audit report. Ministry should issue guidelines for dedicated SAU staff and that the GB should decide on the actual number of personnel.

Social Audit of all schemes: A Single Window System for social audit should be created at the MoRD level. A social audit cell at the MoRD is necessary to support the social audit process, fund management and data management (MIS) of all schemes.

### 5.1.8. Quality Control

Every SAU should have a written code of conduct as part of the HR Policy. The code of conduct should list what is non-negotiable with regard to process, ethics and behaviour. The performance of resource persons should be monitored through test audits and special audits and if the performance is not satisfactory, they should be discharged from service or their contracts not renewed.

Internal monitoring should be done through MIS, field visits, surprise visits, the conduct of test audits and evaluation of social audit reports. Test audits in 0.5 per cent–five per cent of GPs should be conducted by the SAU. A comparative study of randomly selected social audit reports should also be done.

### 5.1.9. Accountability of SAU

Every SAU should have independent website which is user-friendly. All information relating to the activities of the SAU should be hosted on the website and be updated from time to time.

Every SAU should prepare annual reports regularly. Copy of the Annual Report must be forwarded to the MoRD, PAG, implementing agency/ agencies and the State Government. The MoRD may come up with standard formats for reporting.

The SAU should follow the State Government Procurement Policy. It should also establish a mechanism for grievance redress. SAU should have a mechanism to receive complaints from the general public relating to the social audit process or against specific SAU personnel. These complaints should be promptly looked into and appropriate action should be taken. Independent evaluation of the SAU by reputed institutions like NIRDPR /SIRD/IRMA/TISS/ local academic institution should be done periodically.

## 5.2 Group II: Human Resources Management, Financial Management, Concurrent Audit, IEC

This group had representatives from Telangana, Madhya Pradesh, West Bengal, Himachal Pradesh, Gujarat, Tripura and Rajasthan

### 5.2.1. Human Resources Management

It is desirable that the Director of the SAU should have relevant experience in rural development / social audit/mobilisation skills.

Roles in the SAU may be broadly classified into the following three categories: field roles, managerial roles and back-end or supporting roles. The SAU may determine the number of personnel required and submit it to the GB. It's suggested that there be three – ten VRPs for every GP, one BRP for every 10 -15 GPs and one DRP for three-five Blocks.

At the State level, there should be staff for HR and Administration, MIS, monitoring, capacity building, documentation and social development. A senior officer from the finance department/treasury of the State Department may be deputed to manage the accounts in the SAU. SAU should provide opportunities for college students to do internships.

Staff for core roles may be appointed for a minimum of three years. The performance of empaneled staff may be reviewed on an annual basis to decide on the continuation of their empanelment.

The pay for the staff should be based on the pay given to other similar positions in the State and it should be linked to the price index. It's necessary to provide health insurance and provident fund for the staff. Death and disability benefits should also be provided to the staff.

The organogram of the SAU along with the names of the staff, designation and contact details should be publicly available. The job descriptions and responsibilities of the staff should also be publicly available. SAU should prepare an employee handbook and a process manual.

MoRD in consultation with few SAUs should build a Human Resource Management System that can be used by all.

Periodic capacity building programmes and inter-state exchange programmes should be supported. Annual prizes for good performing staff should also be instituted.

Delegates from Group - I discussing on the topic assigned to them

### 5.2.2. Financial Management

#### Funds for social audit of Mahatma Gandhi NREGS

The quantum of funds for social audit needs to be increased from 0.5 per cent to one per cent especially for the smaller States and for States that are covering all Panchayats at least once in a year.

The funds should be transferred to the SAU Account. The 1st tranche should be transferred in April based on provisional UC and the second tranche in October after submission of audited UC.

MoRD should clearly specify the documents that are required to be submitted along with the UC. MoRD should also appoint one nodal officer/contact person in Mahatma Gandhi NREGA/IFD wing for coordination with SAUs.

#### Funds for social audit of multiple schemes

The social audit of other schemes will happen at the same time as the social audit of Mahatma Gandhi NREGS; the team facilitating the social audit of Mahatma Gandhi NREGS will also facilitate the social audit of the other schemes. An annual action plan should be developed based on different schemes that will be audited. Payments to all resource persons should be made through EFMS.

### 5.2.3. Concurrent Audit

The concurrent audit should be carried out by the Village Monitoring Committee in each Gram Panchayat. GPs having more than five wards may have more than one VMC. The VMC may constitute between seven and nine members out of whom five may be from Mahatma Gandhi NREGS labourers. Among them, at least three should be women, members of SC/ST households and households which are either automatically included or have a deprivation as per the Socio-Economic Caste Census 2011 should also be included. SHG/VO members may be included in the VMC provided they are not part of the implementing agency. Senior citizens and retired officials and teachers may also be included in the committee.

The members of the VMC may be selected during the social audit Gram Sabha. The SAU through the VRPs and BRPs may provide short-duration training (one or two days) to the VMC members. The VMC members may be paid four days of wages as per unskilled Mahatma Gandhi NREGS rate every month for their work. In addition to doing the concurrent audit, the VMC members may also monitor the action taken on the social audit findings.

### 5.2.4. Information, Education and Communication

Social Audit is the best platform for IEC. Traditional methods for IEC should be followed. Rallies, wall paintings, group discussions, posters and banners should be used for IEC work. Separate funds (apart from the 0.5 per cent) should be allocated for IEC work.

## 5.3 Group III: SA Process, MIS, Report Preparation, Monitoring Mahatma Gandhi NREGS Processes

This group had representatives from Jharkhand, Sikkim, UP, Assam, Bihar and Manipur.

### 5.3.1. Social Audit Process

#### Social audit prerequisites

States should notify rules mandating submission of documents/records for social audit and specify the penalties for not providing them. In case, re-audit has to be done due to the non-submission of documents/records, then the cost for this should be borne by the implementation officials.

The State should mandate that DPC representative and other implementation officials attend the Gram Sabha.

MoRD should prepare a model advisory for action on different issues that can then be adapted by the States. The panel at the public hearings will refer to this advisory when they decide on the action to be taken for different issues.

#### Audit Frequency

The Audit of scheme rules says that social audit should be done twice in a year but this has been difficult due to paucity of funds and logistic difficulties. Also, the implementation agencies will find it difficult to support the social audit if it's done twice a year.

Hence, the social audit facilitated by SAU may be done once in a year and be supplemented by concurrent audit through VMC on a monthly basis.

#### Team Size

VRPs should be empaneled and provided adequate training. The number of VRPs who will facilitate social audit in a GP should not be the same in all Gram Panchayats, it should be decided based on the number of works, number of workers, number of hamlets and expenditure amount, etc.

## Field work

To ensure that the social audit is conducted smoothly and to ensure the safety and security of the social audit team, an entry point meeting with all stakeholders should be held before the start of the social audit process. Also, the local police may be informed.

Effective social audit can be done only if the team leader (Block Resource Person) and the VRPs stay in the village during the audit process. This will enable them to build trust, and also meet workers in the early morning and late evening when they are most likely to be available in their homes.

The social audit team should register grievances (including applications for job card and work) and give dated receipts as practiced in Telangana. Simple grievances may be redressed during the social audit period itself while the others should be handed over to the programme officer for follow-up action.

In addition to verification, the social audit team should also meet the poorest and most vulnerable people in the Gram Panchayat and find out if they are facing any difficulties in getting benefits under the scheme.

The social audit team should also visit a few ongoing worksites to see if the specified mandatory processes are being followed.

Payment to VRPs and supervision (or certifying attendance) of the team should be done by the SAU directly and not through the implementation agency.

Video Recording of the social audit Gram Sabha is mandated by the auditing standards. However, it's expensive to do this (around Rs. 2,000 / Gram Sabha). SAUs may be given permission to buy the video recording equipment which can then be used by the resource persons to record the Gram Sabhas.

Hard-copies of the social audit report should be given to the GP and the Block office. The soft-copy of the report should be hosted on a public website. The SAU should also send periodic summary / analytic reports to the district administration.

## Concurrent Audit

The members of the VMC may be selected in the social audit Gram Sabha. The SAU may provide training and support the concurrent audit process.

## Follow-up work

In addition to block-level public hearings, district and State level public hearings also should be conducted. In addition to ensuring that action is taken on the issues reported during social audit, this will enable senior officials to also make policy corrections.

While the panel/jury decides what action has to be taken for each issue, there should be an ATR Committee to review the evidence relating to the action that was taken by the implementation officials and then decide whether the issue may be closed.

### 5.3.2. MIS

The group requested that the NIC team should incorporate the following changes in the MIS:

- 1) Training on MIS should be provided to all resource persons. For this, a realistic test environment should be made available that can be used to train the social audit resource persons and implementation officials. The trainees should be able to enter dummy data, and check if the

same is being reflected in the reports (in the areas they come from, not just in Chandigarh). Refresher training should also be provided to all resource persons

- 2) A detailed user manual for the MIS should be prepared and made available. Any changes or updation of the MIS should be intimated in advance
- 3) A provision for offline data entry should be made available to reduce wastage of time and resources due to frequent server errors
- 4) Users often run into errors while entering data but the error message is very generic and does not help the user to find out what went wrong. Error messages should be specific
- 5) VRP data – the system should allow for a user to enter the number of days that the VRP worked and provision for payment to all VRPs through EFMS should be available
- 6) The MIS is not stable and users often run into problems that get reported through WhatsApp/ email/ letters. There should be a quick resolution of these issues
- 7) The option to upload supporting document along with issue should be provided in the MIS. The implementation official should also be provided the option to upload documents supporting the action that was taken
- 8) Mobile-based application should be developed which will make it easier for resource persons to enter data while at the field
- 9) Some BRPs make mistakes while entering data. There should be an option for the DRP to check and validate the data before freezing it
- 10) SECC list should be provided in MIS so that resource persons can check whether the automatically included households/households with deprivation have benefitted from Mahatma Gandhi NREGS
- 11) The GP Checklist should be extended to include more process-related points like planning
- 12) There are many bugs in the reports section which have already been communicated to the NIC team. These need to be fixed.

**Telangana team gave the following requests:**

- 1) Some SAU related links are in the State Mahatma Gandhi NREGS login. They need to be moved to the SA Admin login
- 2) Social audit resource persons should be able to upload supporting documents while entering data (before freezing)
- 3) Implementation officials should be able to upload evidence (pdf files) for the action that was taken
- 4) Ability to download data spanning multiple financial years should be available, the audit period is for a year and it can be from June 1 to May 31, not from April 1 to March 31
- 5) A search option should be provided for the user to enter work ID and job card number
- 6) While assigning responsible persons, the application should allow for a user to enter the designation of the person so that the drop-down list is smaller or should allow for a user to search by name
- 7) User should be able to enter the issue number as it's present in the physical report.
- 8) Edit option to correct data entry errors is not working

- 9) Performance of application is poor causing longer times to do data entry which leads to extra cost for the SAU
- 10) The amount shown as spent does not match with what was given in the consolidated formats
- 11) Provision to upload audited expenditure statements, EC minutes, GB minutes, etc., is not working
- 12) The MIS should have reports that show all the uploaded documents and photos that have been uploaded
- 13) HRMS needs to be extended and should allow for payment through EFMS
- 14) Alerts / Exception reports should be available along with the downloadable reports
- 15) Format four needs to be changed to include SECC reports to help identify vulnerable families
- 16) Users often get null reference error, they get logged out automatically and logins get blocked. These issues should be addressed through better testing of the application.

#### **5.4 Group IV: Follow-up action – Public Hearings, Grievance Redressal, Vigilance Mechanism, Time-bound Action**

This group had representatives from Tamil Nadu, Chhattisgarh, Odisha, Kerala, Punjab, Mizoram and Jammu & Kashmir.

Public hearings (Jan Sunwais) at different levels (State, district and block) should be conducted at regular intervals. The public hearings should be presided by a panel comprising of Government officials, PRI members and CSO representatives. State-level hearings should be held once in a year, district-level hearings once in six months and Block level hearings once in a month. The panel composition at the block and district level may be decided by the DPC in consultation with the SAU. The schedule for the public hearings should be part of the annual social audit calendar.

The SAU should communicate the list of all GPs/works that could not be audited due to non-submission of records to the PO/DPC and they should ensure that appropriate action is taken.

MoRD should send an advisory to States asking them to set up vigilance cells. The establishment and functioning of the vigilance cells should be monitored by the MoRD during the PRC and MTR meetings.

MoRD should send an advisory to States requesting the Chief Secretary to review the social audit findings and responses on a quarterly basis.

The SAU shall register grievances and submit them to the implementation agency. The SAU should make efforts to ensure that simple grievances (on which action can be taken at the Gram Panchayat level) are redressed before the Gram Sabha itself. Unredressed grievances after a specific time should be referred to higher authorities.

It should be mandated that Section 25 of the MGNREG Act (which stipulates the fine for people violating the provisions of the act) be operationalised.

SAU should prepare periodic (once in six months) summary reports of the major findings and share it with PAG, State government and MoRD.

State government should implement the provisions relating to action on social audit findings listed in the MGNREGA Audit of Scheme Rules and the Auditing Standards. State Government should also provide MIS training to the implementation officials so that they can respond with the action taken in the MIS.

Many times, the implementation officials order an enquiry by a committee instead of taking action on the findings. The social audit findings are extensive, well documented and have the approval of the Gram Sabha. Ordering enquiry again on the findings dilutes the whole social audit process and hence this practice may be reviewed.

Currently, the recovered amount is being deposited in a separate account at the district level. Instead of this, the amount may be deposited in an account at the State level and the State/Central government should decide on how this money should be used.

The State Employment Guarantee Council (SEGC) has been mandated to prepare an annual report incorporating the action taken report. SAU Director should be made a special invitee of SEGC so that he/she can give a summary of the social audit findings to the council.

The SAU can respond to the action taken (either escalate/close the issue) based on the evidence submitted by the implementation agency.

The State government should also help in the management/digitisation of records.

## 6 Way Forward and Action Points for different stakeholders

### 6.1 Open Session – Moderated by Shri Sanjeev Kumar, AS & FA

Before opening up the floor for questions and comments, Shri Sanjeev Kumar flagged a couple of points for discussion in response to the group presentations and made the following comments:

- **Single window system** - The suggestion to have a single window system (with a single UC format) was made by more than one group as a systematic way of managing social audits of different programmes simultaneously. There is a need to further discuss on strengthening the structure of the SAUs to manage the audit of multiple programmes, a structure that would be able to handle the demands and requirements placed on the unit.
- **Capacity building** - The groups' presentations said that the certificate course needs to be reworked and that refresher training should be provided so that the process of training is continuous and not a one-time event. Resource persons from 25 States have completed the 30-day certificate course and SHG women have undergone the four-day VRP course only in nine states. We need to work out how to complete training in other States. It is also important to take stock and ask States where SHG VRPs have been trained, how they are benefiting from this, ask States in which SHG VRPs have not been trained, what kind of need is there for SHG VRPs. There needs to be further discussion on what different State requirements are for training and trainers.

**Several participants contributed in the open session with comments, observations, and questions:**

- ❖ The Jharkhand State Coordinator commented that the number of VRPs should be determined not according to the size of panchayats but in accordance with population or number of wage seekers or job cards; similarly for BRPs. He added that PR representatives and implementing agencies should be trained on social audits. Social audits should be included as a topic in the training syllabi of all rural development/ welfare programmes for officials. He asked whether a letter could be sent with this suggestion to the States and SIRDs.
- ❖ There was a discussion regarding the position of the chairperson of a Gram Sabha at the time of social audit hearings. Shri Rohit Kumar pointed out that as per the Panchayati Raj Act, Gram Sabhas are to be chaired by the Sarpanch or the Pradhan. In response, the Maharashtra, Telangana, Kerala SAU Directors pointed out that it has already been defined in the standards that this should be seen as a special social audit Gram Sabha. In such a Gram Sabha, any one part of the implementing agencies should not chair the meeting. Jharkhand State coordinator's input was that in Schedule 5 areas, this is not an issue because the traditional leader chairs the GS. Jharkhand has passed a notification that for special SA Gram Sabhas in non-schedule areas, the Sarpanch/ Pradhan/ Sacheev will not chair the GS.
- ❖ Kerala SAU Director read out from the standards, noting that there is a contradiction – the SA is to be independent of the implementing agencies but on page 20 (Box 3600), it is written that the SA team should record decisions taken and get it countersigned by the Sarpanch/ whoever is present. This needs to be corrected.
- ❖ Punjab's SA Director commented on the availability of records. He said that in Punjab, records are not available in 50 per cent of Panchayats. He added that continuous capacity building is important and that in States which have not received training, it should be arranged as soon as possible. They have been asking for the post of the accountant to be filled but to date, he has

had to handle the accounts work, himself. Some decisions about the staffing of Social Audit Units should be taken at the national level to ensure that basic standards are upheld.

- ❖ The J&K representative commented that during the GS, if the evidence requires a recovery process to be initiated (for example due to embezzlement/ non-existent work), then after the report is submitted an enquiry committee is set up by implementing agencies for verification. All the effort the SA team puts in goes waste as the verification process continues for a month or two months by which time the perpetrators often fix the problem identified. He asked how this process can be improved or corrected.
- ❖ He added that there is a lot of corruption in the process for selection of vendors – often PRI representatives are vendors themselves. In response, Shri Sanjeev Kumar said that the 2019-20 Master Circular specifies that for those materials which are common across different Gram Sabhas such as cement, wood, bricks, etc., the BDO will finalise the tender and the rates. All vendors will have to follow this process from April, 2020 onwards. He added that PRI representatives cannot be vendors and that if there is ambiguity, the Ministry will clarify.
- ❖ There was some discussion of Jharkhand's social audit process of hearings at every level and the jury system as a means to bring legitimacy to the SA process and hold SAUs more accountable. Shri Rohit Kumar added that the Jharkhand system is an appellate system of sorts and asked whether this model can be replicated; if so, in what form?
- ❖ Telangana SAU Director asked how SAUs are supposed to proceed when despite MoRD saying they want to conduct social audits of RD schemes, State governments decide they don't want to. The mandate for conducting a social audit can only be granted by the State government. The Ministry may ask to conduct social audits in PMAY, NSAP but until the relevant State departments decide to facilitate audits, the SAUs cannot do this.
- ❖ Chhattisgarh SAU Director shared some of their attempts in training and capacity building. For instance, they have included topics such as values and ethics of social auditors, gender and women's empowerment as well as film screenings and tests as a part of the training. In Chhattisgarh, of the 14,000 trained SHG women, 5,000 are presently working as VRPs. One of them shared her work experience and made a point that to be good auditors, social auditors need to always stay a few steps ahead of what is expected.
- ❖ The Chhattisgarh VRP shared that they have to face many difficulties often because of how they are treated by Panchayat representatives – sometimes they don't even get utensils to prepare their food. Because they are associated with SHGs, they are helped to an extent but have to beg for it. She narrated some occasions where they've gone to bed on an empty stomach after completing the day's work. When asked what can be done to remedy the situation, she said that her biggest demand is that they be paid on time.
- ❖ A representative from Chhattisgarh added that they need more staff, particularly with technical know-how at the block and district levels.
- ❖ Maharashtra SAU Director desired that the exercise of training SHG members be continued. She added that the MoRD suggests a benchmark for staffing, such that for States with a budget of more than Rs. 1,000 crore, there should be between 25-35 staff with a range of skills (IT, HR, Finance included). Some of this is mentioned already in the AMC but a range needs to be specified.
- ❖ A BRP from Bihar said that a big problem in the State is that if complainants are not present at the time of presenting the findings, issues pertaining to them are dismissed. The SAU team

spends a long time collecting data and evidence, yet cases are dismissed without a thought. Something has to be done about this. He also urged that VRPs are in need of protection and security. The area they work in is a Naxal belt and they are often threatened. There needs to be an HR manual that deals with this; which takes into account security concerns of VRPs across the country.

- ❖ Odisha DRP requested expediency in recruiting BRPs. According to the DRP the training process takes a long time, during which period they are under pressure to complete several rounds of social audit. She pointed out that implementing agencies don't upload action taken reports in the MIS or send them to the SAU. Therefore the SAU is left in the dark about what issues have been redressed, etc. She added that capacity building should be on a continuous basis and include a technical element.
- ❖ Uttar Pradesh representative requested that the MIS to be simplified.
- ❖ Jharkhand State SAU member commented that the same structural issues being discussed when the 2011 Audit of Scheme Rules were framed, are being discussed even today. Even in the present case, through the recommendations and suggestions are sent to the higher-ups in the State, the essential structural concerns regarding an independent Director, or lack of staff as in the case of Maharashtra, remain unaddressed. Ultimately when a letter is sent, the best that a Director can do is send it along to the Principal Secretary. In social audit meetings/conferences/labour budget meetings, the senior most official is only of the Commissioner level. The Ministry needs to fix meetings/conferences/workshops with State officials who are senior enough that they have the power to resolve these structural issues.

## **6.2 Concluding speech by Shri Amarjeet Sinha, Secretary, MoRD**

Shri Amarjeet Sinha thanked everyone for their participation and presentations during the course of the two-day seminar. He stated that he had gone through the group presentations including suggestions that emerged and had identified a few issues which need to be addressed.

### **Mandatory nature of Social Audits**

Social audits under Mahatma Gandhi NREGA are mandatory under the law. Similarly, for other programmes into which social audits have been introduced, the guidelines are formally approved by the cabinet, making it a mandatory process. The same way SAUs are asked for audited UCs, the State can be asked to produce the social audit/action taken report as it is a requirement of the programme. He said that he will send a two page/ brief letter to Chief Secretaries of all States articulating that this is a mandatory activity and as such it needs to be undertaken for all specified programmes.

Equally important is the availability of records as social audits cannot be conducted without access to the implementation records. Records are to be made available with ease and simplicity so that the SA process can be carried out. This issue will also be mentioned clearly in the letter to the Chief Secretaries.

### **Security of SA Resource Persons**

The social audit process brings out deficiencies in programmes and highlights irregularities. This can create situations in which resource persons are threatened/intimidated and therefore protection becomes necessary. The police need to be aware of the risks inherent in the social audit process. He said he will send a copy of the letter being sent to Chief Secretaries to the Director General of Police so that adequate security arrangements are made. It must be communicated to all police stations that wherever a social audit is happening security must be ensured.

During the seminar, a concern was raised about the lack of insurance for the social audit resource persons. The cause of this concern is not unfounded. There is definitely a risk in this work because the role of social audits is to transform systems and systemic changes often pose difficulties and challenges. On this issue, the possibilities for some sort of insurance coverage will need to be explored.

### **Expanding the Scope of Social Audits**

Social Audits are being integrated into the NSAP, PMAY-G and FFCG for which the guidelines have been circulated. States should send their feedback on these guidelines so that changes can be made if required. Other Ministries including the Ministry of Health and Family Welfare are interested in doing social audit of their programmes. Every scheme will have its own specificities in terms of how the audit should be done, how many days, how many resource persons, etc. The SAU established for audit of Mahatma Gandhi NREGS can do the audit of these other schemes as well. He said that MoRD should facilitate this.

The suggestion for a single-window system came up in different group presentations, especially if multiple schemes are to be audited. We need to work out the details in terms of what could be the common structure for social audit across different programmes.

### **Panchayats and SHGs**

The Rashtriya Gram Swaraj Abhiyan (RGSA) scheme is a capacity building programme operated by the Ministry of Panchayati Raj. It is a four-year long programme with a budget of Rs. 7,300 crore which is aimed at training all elected representatives at the panchayat level within six months of them being elected. The scheme has a provision that along with the elected representatives, a one-two day training is given to Self-Help Group women so that the relationship between the SHGs and Panchayat representatives improves and they work better together. An order will go from the Ministry of Panchayati Raj to the States clearly stating that social audit should be incorporated as a compulsory subject in the Capacity Development Programme of the RGSA. This will improve relations between panchayat representatives and social audit resource persons. The Directors of SAUs and/or resource persons from District level units should be involved in the rollout of the training programme at all levels.

### **MIS & Reporting systems**

Another suggestion that came up in the presentations and feedback session was that the MIS and reporting systems need to be simplified. A small committee including IT experts is to be set up which will sit for two-three days to work on developing a simple enough reporting system that can be shared widely, and used fully with minimum training. This would result in increased usability and understanding.

### **HR Policies**

HR policies need to be developed according to the need. The responsibility and pressure of conducting social audits fall on the resource persons and will increase with the other schemes in which SA is being incorporated. The Common Review Mission also found that when RPs at all levels are engaged for short periods such as a year, no relationship can be formed and sustained. Therefore, there is a need for longer-term engagement of resource persons which would mean reworking contracts to include a three-five year period. Side by side we should also keep in mind the implications on payment, EPF, etc. Further discussion is required on HR policy and structure as well as on their capacity building.

## Funding

In the group presentations, problems with the amount as well as the timely payment of funds were identified. Appropriate funding and periodical financial flow are key to the success of any programme. It is unfair to assume that staff in SAUs will have prior experience in submitting supporting documents such as utilisation certificates and also in general financial management. Shri Sanjeev Kumar should work with NIRDPR to conduct a 'finance workshop' for the staff handling finances in the office of the SAU Directors. The Ministry should prepare a checklist of documents that need to be submitted because these systems have to be developed in accordance with General Financial Rules (GFR).

## Resource materials

It is important to collect resource material on social audits. The NIRDPR Centre for Social Audit report is outstanding. It includes information and statistics on what is happening in every State – problems and how to overcome them, good practices from different States. Similarly, the social audit component of the Annual Master Circular prepared by Shri Kamran and team is detailed, informative and should be read carefully.

## Biannual Conference

The Centre for Social Audit can organise a biannual conference of Directors of Social Audit and senior officials involved in the implementation of social audits to foster engagement, sharing of information and cooperation.

The Secretary, MoRD concluded by explaining that this National Seminar could not have been organised earlier because it was important for any seminar that some preparatory groundwork is laid down beforehand. The Auditing Standards, 30-day Certificate Course, training modules for resource persons – all these have been crucial in giving the social audit process the needed momentum without which this National Seminar would not have been very constructive.

He added that he wanted to assure everyone that the devotion with which the State Social Audit Units are being developed, will be matched by him and his team of officials to support, reinforce, and improve the social audit process.

## 6.3 Action Points for MoRD

Based on the presentations and discussions, the following action points have been identified for MoRD:

- 1) Secretary to write a letter to Chief Secretaries of all States (regarding roll-out of social audit to all rural development programmes, release of PMAY-G, NSAP and FFCG guidelines, action points for States from section 6.4) and to mark a copy to DGP (to ensure security during the social audit process)
- 2) A Single window system / social audit cell to be set up in MoRD for facilitating social audit of all programmes:
  - a. This cell shall transfer funds for social audit of all programmes directly to the SAU (as is the practice for Mahatma Gandhi NREGS currently). The SAU shall facilitate social audit of all programmes at the same time and shall submit a single UC.
  - b. This cell should also facilitate social audit of schemes from other ministries.
  - c. Creation of a Common Management Information System (MIS) to manage social audit findings and action taken reports

- 3) Periodic Reviews
  - a. The MoRD should collect an action plan to strengthen social audits from each SAU and State (tables given in the next sections highlighting issues identified in the seminar may be used for drafting action plan) and it should follow up to ensure that the action plan is carried out during MTR, PRC and other such fora.
  - b. MoRD should conduct periodic meetings to review the social audit findings and action taken reports
- 4) The Ministry should notify the SA standards as rules.
- 5) The Ministry should act on the following issues in relation to funds for social audit of Mahatma Gandhi NREGS
  - a. Timely release of funds to SAUs
  - b. Increase in the percentage of funds for social audit especially for States with less Mahatma Gandhi NREGS expenditure and for States that audit all Gram Panchayats at least once in a year
  - c. Allocate separate funds for IEC activity that can be carried out during social audit
  - d. Organise a workshop in NIRDPR to improve financial management of SAUs
  - e. Revisit the inadmissible expenditure list – need to relax it to allow payment of EPF, insurance, payment to interns and for collaboration with CSOs
- 6) MoRD is to develop an HR policy to govern SAU staff (SAUs should have sufficient fixed tenure BRPs who will lead a team of VRPs in the GP and other staff necessary to function effectively, make recommendations relating to tenure, EPF, benefits, and insurance, etc.)
- 7) MoRD should take steps to operationalise concurrent audits through VMCs - The social audit Gram Sabha shall select the VMC members, the SAU shall provide them training and shall assist the VMC in conducting concurrent audits. Honorarium for the VMC members as specified in the AMC may be disbursed through the SAU.
- 8) Management Information System (MIS)
  - a. MoRD should set up a committee with technical experts to review MIS and suggest changes to be made
  - b. MoRD should follow up with NIC to address existing issues with MIS, make it user-friendly and provide training on how to navigate it and use it effectively
- 9) Funds to support the training of resource persons on a continuing basis
- 10) Issue model guidelines on the action to be taken for different irregularities that get reported by SAU; the States can use this to create their own guidelines.
- 11) Issue order from the Ministry of Panchayati Raj to the States clearly stating that Social Audit should be incorporated as a compulsory subject in the Capacity Development Programme of the RGSA.
- 12) MoRD should organize five regional meetings in the five regions (North, South, East, West and North-East) to follow up the issues discussed in this seminar and to review the status of the 'social audit framework' (based on the tables in the next two sections) in that region.

## 6.4 Action Points for State Government

Based on the presentations and discussions, the following action points have been identified for the State governments:

- 1) Make SAUs independent (create an exclusive society, set up a Governing Body as per standards, appoint a full-time director, sanction sufficient posts for the SAU to facilitate social audit in all Gram Panchayats every year and provide adequate financial support)
- 2) Notify the Mahatma Gandhi NREGS grievance redressal rules
- 3) Ensure that the State Employment Guarantee Council (SEGC) is constituted as per the Mahatma Gandhi NREG Act, that it meets periodically and reviews the social audit findings and the action taken reports
- 4) Ensure that the SEGC report including the social audit findings and the action taken reports are placed in the legislature every year
- 5) Create vigilance cells as mandated in the AMC to follow up on the social audit findings
- 6) Issue notifications relating to the provision of records for social audit and penalties for not doing so
- 7) Issue guidelines/advisory on action to be taken for different irregularities
- 8) Issue notification for public hearings at different levels
- 9) Issue instructions to operationalise section 25 (levy of fines for people who violate provisions of the act)
- 10) Issue orders mandating the presence of implementation officials, DPC representative in the Gram Sabha and public hearings
- 11) Provide training and issue orders for implementation officials to upload the action taken reports in the MIS
- 12) Issue orders to review the social audit findings and action taken reports at different levels periodically
- 13) Roll out social audit in other rural development programmes
- 14) Provide adequate security for the smooth conduct of Gram Sabha and public hearings
- 15) Arrange sensitisation meetings with different stakeholders to create a supportive environment for social audit
- 16) Assist with management and digitisation of social audit records.

**The following table may be used to develop a plan and timeline to complete the action points**

S No	Area	Current Status / Issue	Recommendation / Plan	Timeline
1	Whether rules relating to redressal of Mahatma Gandhi NREGS grievances have been issued?			
2	Whether SEGC is reviewing the social audit findings and action taken reports?			

S No	Area	Current Status / Issue	Recommendation / Plan	Timeline
3	Whether the social audit findings and the action taken reports are submitted to the state legislature?			
4	Whether a vigilance cell has been established to look at social audit findings as specified in the AMC?			
5	Whether a notification relating to submission of records for social audit and penalties for not doing so has been issued?			
6	Whether an advisory on the action to be taken for different irregularities has been issued?			
7	Whether a notification regarding public hearings at different levels has been issued?			
8	Whether orders have been issued to operationalize Section 25 of Mahatma Gandhi NREGS?			
9	Whether orders mandating the presence of government officials in the public hearings and gram sabhas have been issued?			
10	Whether the implementation officials are responding to the social audit findings in the MIS?			
11	Whether a mechanism exists for the state government to review the social audit findings and action taken reports on a periodic basis?			

S No	Area	Current Status / Issue	Recommendation / Plan	Timeline
12	Whether orders have been issued to facilitate social audit of PMAY-G?			
13	Whether orders have been issued to facilitate social audit of NSAP?			
14	Whether orders have been issued to facilitate social audit of FFCG?			
15	Whether orders have been issued to facilitate social audit of other rural development programmes?			
16	Whether orders have been issued to facilitate social audit of NFSA?			

The following table may be used by the state government to develop a plan to establish strong and independent social audit units:

S No	Area	Current Status / Issue	Recommendation / Plan	Timeline
1	Whether an exclusive society for facilitation of Social Audit has been created?			
2	Whether GB has been constituted & notified as per standards? (no implementation officials, sufficient civil society representatives, chairperson should not be the secretary of department implementing Mahatma Gandhi NREGS)			
3	In case the SAU has an Executive Committee, is it independent? (should not contain any implementation officials)			

S No	Area	Current Status / Issue	Recommendation / Plan	Timeline
4	Whether the SAU has Financial Independence? (No approval from implementation official required; no payment to be made by implementation official)			
5	Whether SAU has Operational independence? (no supervision by implementation officials)			
6	Whether a full-time director not from the rural development/ Mahatma Gandhi NREGS implementation department has been appointed?			
7	Whether the transfer/ removal of last director was done as per the auditing standards?			
8	Whether any person from the rural development / Mahatma Gandhi NREGS implementation department is working in the SAU?			
9	Whether there is adequate field staff to facilitate audits in all GPs every year (SRP / DRP / BRP)? Each SA team in the GP should be led by fixed tenure employee who has completed certificate course on social audit			
10	Whether adequate Staff have been appointed at state level (Accounts Officer, MIS, Capacity Building, Documentation etc.)			

S No	Area	Current Status / Issue	Recommendation / Plan	Timeline
11	Whether sufficient power has been given to the GB to enable it to function independently? (For instance, the power to sanction new positions?)			
12	Whether the selection of people for all positions in the SAU is done in a transparent and open manner?			
13	Whether the selection criterion for all positions in the SAU is as per the auditing standards and MGNREG Audit of Scheme Rules?			

## 6.5 Action Points for SAUs

SAUs need to have adequate and trained resource persons, need to cover all GPs in a year, should have a quality assurance programme and ensure that they are transparent and accountable in their work.

Based on the discussions, the core issues that need to be tracked are given in the table below. SAUs can use this to develop an action plan:

S No	Area	Current Status / Issue	Recommendation / Plan	Timeline
1	Capacity Building requirements			
2	Per cent of GPs covered and plan for improvement			
3	Is there a lag between the audits conducted and data entered in MIS?			
4	Whether a code of conduct for staff has been created?			
5	Whether a website for SAU has been created? Whether all social audit reports are publicly available?			

S No	Area	Current Status / Issue	Recommendation / Plan	Timeline
6	Whether the Governing body meeting minutes, Executive Committee meeting minutes, Tender documents, annual audited statements etc. is publicly available?			
7	Whether quarterly reports (as per MoRD specified format) are sent to PAG?			
8	Whether an annual report is being prepared and shared with SEGC, PAG, State government and MoRD?			
9	Whether a mechanism has been created to receive and process complaints against SAU staff and SA process?			
10	Whether a quality assurance protocol is in place (including monitoring through MIS, surprise field visits, study of randomly selected social audit reports)?			
11	Whether test audits are conducted?			
12	Social Audit of PMAY-G			
13	Social Audit of NSAP			
14	Social Audit of FFCG			
15	Social Audit of other RD programmes			
16	Social Audit of NFSA			
17	Independent evaluation of the SAU by a reputed institution			

## 6.6 Action Points for NIRDPR

Based on the presentations and discussions, the following action points have been identified for NIRDPR:

- 1) A training programme for senior accounts staff in SAU
- 2) Trainer of Trainers for social audit of PMAY-G and NSAP
- 3) Support capacity building requirements for SAU personnel (30-day certificate programme and VRP training to states that require it)
- 4) ToTs for MIS training to all resource persons
- 5) Add PMAY-G, NSAP and MIS material to the 30-day certification programme
- 6) Meeting for SAU Directors and senior staff to share best practices and discuss issues once in every six months
- 7) Develop a tool that can be used to assess and measure the performance of social audits in a State. This may be used to compare different States and rank them.

## Annexure A: Agenda for the National Seminar

Time	Theme	Speakers
	<b>1st Day</b>	
9.00 - 10.30	Registration	Programme Team
10.30 - 10.35	Lighting the lamp and felicitation of dignitaries	Dignitaries on Dias
10.35 - 10.37	Welcome address	JS(RE), MoRD
10.37- 10.47	Opening remarks & background to seminar	AS &FA, MoRD
10:47- 10:57	Status of Social Audits in different States	DG, NIRD & PR
10:57-11:07	Key note address	Secretary, MoRD
11:07-11:12	Release of PMAY-G guidelines, NSAP guidelines, FFCG Audit guidelines and 'Status of Social Audits in India' Report)	C&AG Hon'ble MoS (RD)
11:12- 11:22	Address	Hon'ble MoS (RD)
11:22-11:32	Address	C&AG
11:32-11:35	Vote of thanks	Director(MGNREGA)
11.35 – 12.00	Tea	
12.00 – 12.15	Social Accountability: Best practices across the world	AS (RE)
12.15 – 12:30	PMAY-G Social Audit Guidelines	AS (RH)
12:30 – 12:45	NSAP Social Audit Guidelines &Disha	EA (NSAP)
12:45-13:00	Role of SHGs in Social Audit JS (RL)	
13:00-13:15	Presentation on FFCG Social Audit	JS (MoPR)
13.15 – 14.15	Lunch	
14.15 – 14:35	Independence of SAU, Transparency & Accountability of SAU, Social Audit Process, Vigilance Mechanism and Follow-up Action	Director, Telangana SAU
14:35-14:55	Best Practices in Social Audit, Steps to strengthen SAUs, Roll-out of social audit to other programmes.	Director, UP SAU
14:55-15:15	The Meghalaya Community Participation and Public Services Social Audit Act, 2017 Department, Meghalaya	Secretary & Commissioner, RD
15:15-15:35	Social Audit Process, Public Hearings, Advisory on Actions, Social Audit of other schemes, Concurrent Audit	Director, Jharkhand SAU
15:35-15:55	Human Resources Management, Financial Management, Quality Assurance and improvement	Director, Andhra Pradesh SAU
15:55-16:15	Social Audit MIS Reports	NIRD & PR

Time	Theme	Speakers
16.15 – 16.30	Tea	
16:30-16:35	Briefing to the groups	AS & FA, MoRD
16:35 onwards	Group 1: Strengthening SAUs, roll-out of social audit to other programmes (Andhra Pradesh, Karnataka, Maharashtra, Meghalaya, Uttarakhand, Nagaland, Arunachal Pradesh)	1. Dr. C. Dheeraja, Asso. Prof 2. Shri Ashish Gupta
	Group 2: Human Resources Management, Financial Management, concurrent audit, IEC (Telangana, Madhya Pradesh, West Bengal, Himachal Pradesh, Gujarat, Tripura, Rajasthan)	1. Shri Dharmvir Jha, Director (MGNREGA) 2. Dr. Srinivas Sajja, Asst.Prof 3. Ms. Ruchi Sinha
	Group 3: SA Process, MIS, Report Preparation, Monitoring MGNREGS processes (Jharkhand, Sikkim, Uttar Pradesh, Assam, Bihar, Manipur, Haryana)	1. Shri R.P. Singh, Director (MGNREGA) 2. Shri Karuna M., Consultant, NIRDPR 3. Ms. RanjuTulsiPurty
	Group 4: Follow-up action – Public Hearings, grievance redressal, Vigilance mechanism, time-bound action (Tamil Nadu, Chattisgarh, Odisha, Kerala, Punjab, Mizoram, Mizoram, J&K)	1. Shri Yashpal, Deputy Secretary (MGNREGA) 2. Dr.Rajesh K.Sinha, Asst.Prof 3. Ms. Shruti Singh
7:30 pm onwards	Dinner for Group Discussion participants	Atrium, VigyanBhawan
<b>2nd Day</b>		
09.30 – 11.30	Group Work	
11.30 – 11.45	Tea	
11.45 – 12:15	Group-1 Presentations	Sub-group Moderators
12:15-12:45	Group-2 Presentations	
12:45-13:15	Group-3 Presentations	Sub-group Moderators
13.15 – 14.15	Lunch	
14:15-14:45	Group-4 Presentations	
14.45 – 16.15	Open Session and Sum-up	Moderated by AS & FA
16.15 – 16.30	Tea	
16.30 – 17.25	Way forward and Action Points for different stakeholders (MoRD, NIC, State Government, State Implementation Agencies, SAUs, NIRD & PR)	Secretary, MoRD
17.25 – 17.30	Vote of Thanks	Director(MGNREGA)

## Annexure B: List of participants in the National Seminar

### List of attendees from MoRD & MoPR

S. No.	Name of the Division	Name of the officer with Designation
1	O/o MoRD	Shri Arun Kumar OSD to MoRD
		PS to MoRD
2	O/o Minister of State (RD)	Hon'ble MoS(RD)
		PS to MoS(RD)
3	O/o Secretary (RD)	Shri Amarjeet Sinha, Secretary (RD)
4	O/o Additional Secretary	Shri Sanjeev Kumar, AS & FA
5	O/o NIRDPR	Dr. W. R. Reddy, DG, NIRDPR

#### List of Participants from Social Audit Units

##### ANDHRA PRADESH

S. No.	Name of the Participants	Designations
1	G. Srikanth	Director, SSAAT
2	K. Asha Latha	Programme Manager (CB)
3	K. Durga Bhavani	DRP
4	N. Sunil Kumar	Programme Manager
5	M. Nagarjuna	SRP
6	M. Thirupathi	SRP
7	N. Peddaiah	DRP
8	Y. Gowrayya	State Team Monitor

##### ARUNACHAL PRADESH

S. No.	Name of the Participants	Designations
1	Maryir Bagra	Social Audit Expert

##### ASSAM

S. No.	Name of the Participants	Designations
1	Bikash Das	Sr. FAO ASSA
2	Bipul Kanti Dhar	District Resource Person
3	Ditimoni Pegu	Director, ASSA
4	Tonima Das	Block Resource Person

**BIHAR**

S. No.	Name of the Participants	Designations
1	Dadan Ram	SRP
2	Raju Kumar	DRP
3	Sandeep Kumar	DRP
4	Hari Shankar Singh	ADSS
5	Kanak Bala	Advisor
6	Shailendra Kumar	DRP

**CHHATTISGARH**

S. No.	Name of the Participants	Designations
1	Kiran Pradhan	District Social Audit Facilitator
2	Ku. Jyoti Ojha	District Social Audit Facilitator
3	Lata Markande	VRP
4	Meher Gadekar	Director CG SAU
5	Saurab Sharma	Division Social Audit Manager
6	Vinod Sahu	Block Social Audit Facilitator
7	Yogeshwar Nirmalkar	Block Social Audit Facilitator
8	Seema Mishra	

**GUJARAT**

S. No.	Name of the Participants	Designations
1	Amit Parmar	SRP
2	Jitendra Singh Revar	BRP
3	Ranabhai Bhammar	DRP

**HARYANA**

S. No.	Name of the Participants	Designations
1	Karan Singh	ABPO FBD
2	Deepak Kumar	BDPOF
3	Gaj Raj Singh	Gram Sachiv

**HIMACHAL PRADESH**

S. No.	Name of the Participants	Designations
1	Kamalesh Kumar	SRP
2	Promila Dhimen	GPRP
3	Kewal Kumar	DRP
4	Kewal Sharma	Director, SSAAT
5	Monika Devi	DRP
6	Rajinder Kumar	VRP

**HIMACHAL PRADESH**

S. No.	Name of the Participants	Designations
7	Vishal Anand	SRP
8	Gromila Dhimam	GPRP

**JAMMU AND KASHMIR**

S. No.	Name of the Participants	Designations
1	Bansi Lal	DRP
2	Hilal Ahmed	DRP
3	Mohan Lal	DRP
4	Sareer Ahmed	DRP

**JHARKHAND**

S. No.	Name of the Participants	Designations
1	Ashrita Tirkey	DRP
2	Gurjeet Singh	Director/State Coordinator
3	Nabanita Das Mishra	(S.A.S) HR
4	Robert Anthony	(S.A.S) C.B
5	Sunita Soren	BRP
6	Sushila Soni	S.H.G/VRP
7	Ujjwal Pahurkar	S.D.S
8	Kalanath	Nodal Officer
9	Roshan. P	PMAY (G)
10	Pavan Kumar	PMAY (G)

**KARNATAKA**

S. No.	Name of the Participants	Designations
1	Keshavmurthy	SRP
2	Lochana. B	SRP
3	Mayappa	DRP
4	Narsa Reddy	SRP
5	Pashamiya	DRP
6	K. Kemp Gouda	Joint Director
7	Shrinivas H.M	COO, RD&PR

**KERALA**

S. No.	Name of the Participants	Designations
1	Abey George	Director
2	Abdul Jabbar.K.P	DRP
3	E. Sreekumar	Social Development Specialist

**KERALA**

S. No.	Name of the Participants	Designations
4	K.C. Anima	DRP
5	M. Shyma	BRP
6	P. Sreenivasan	SRP

**MADHYA PRADESH**

S. No.	Name of the Participants	Designations
1	Anita Vatsalya	Deputy Commissioner
2	Anurag Verma	Director
3	Ashish Pandey	BRP
4	Kapil Jain	DRP
5	Manoj Kumar Tiwari	SRP
6	Pankaj Dale	DRP
7	Prerna Sharma	APRO

**MAHARASHTRA**

S. No.	Name of the Participants	Designations
1	Anjali Kanitkar	Director
2	Ashok Chavan	DRP
3	Rahul Jogdand	DRP
4	Anil Sonavane	SRP
5	Mohan Ghangle	DRP
6	Pravin Ingle	DRP
7	Vaibhav Watane	DRP
8	Santhosh Kaware	Dy Director, SMURH
9	S.R.M Malpant	Secretary

**MANIPUR**

S. No.	Name of the Participants	Designations
1	A. Joy Sharma	DRP, MSAA, Manipur
2	Megha Chandra Singh	SRP
3	Pancha Kuamr Singh	DRP
4	Lugamis	DRP

**MEGHALAYA**

S. No.	Name of the Participants	Designations
1	Aitinora Myrthong	Social Development Consultant
2	Bhalang Dhar, IAS(Retd)	Director
3	Novaleen Kharmaw	DRP

**MIZORAM**

S. No.	Name of the Participants	Designations
1	Benjamin. Z. Renthlei	AssistantDirector/StateCoordinator/SocialAuditExpert
2	F. Lalremruata	District Resource Person
3	H. Lalhruaitlunga	District Resource Person
4	Lalhruaitluangi Sailo	District Resource Person
5	R.K. Lalrinfeli	District Resource Person
6	V. Lalduhzuala	Director

**NAGALAND**

S. No.	Name of the Participants	Designations
1	Imlirenla	SRP
2	Loluvole Thakro	DRP
3	Risulhu Rakho	DRP
4	Vipo Keyho	SRP
5	Rukuvoto Ringh	Superintend, NSAP
6	K.Atoli Sema	Director
7	James Ezung	CDPO, NSAP

**ODISHA**

S. No.	Name of the Participants	Designations
1	Anil Kumar Mahoran	DSA, Koraput
2	Barsha Harpal	DSA, Bolangir
3	Binay Kishore Dash	Director- OSSAAT
4	Puspanjali Sabat	SAE-OSSAAT
5	Sukant Kumar Mahapatra	SAE-OSSAAT
6	Gopal Meher	BSA
7	Sanjukta Jena	VRP

**PUNJAB**

S. No.	Name of the Participants	Designations
1	Gurjant Singh	SRP
2	H.L. Behl	Director
3	Kamjit Singh	SRP
4	Mandip Kaur	DRP
5	Narindra Singh	SRP
6	Rajvant Kaur	VRP
7	Ranjit Singh	BRP
8	G.S Mani	Deputy Director Social Security

### RAJASTHAN

S. No.	Name of the Participants	Designations
1	Ashok Kumar Mahavar	BRP
2	Birmaram Bhat	BRP
3	Kamal Kumar Ladna	VRP
4	Kuldeep Kumar Maandhaniya	BRP
5	Narendra Singh Chauhan	VRP
6	Ramavtar Sharma	Director
7	Om Prakash Chowdary	Evaluation Officer
8	Pankaj Baiswa	Jr. Accountant

### SIKKIM

S. No.	Name of the Participants	Designations
1	Ashok Sharma	SRP
2	B.B. Rai	Director
3	Bishnu Prasad Pokhrel	DRP
4	Kusum Tamang	SRP
5	Sawan Rai	SRP
6	Tina Rai	SRP

### TAMIL NADU

S. No.	Name of the Participants	Designations
1	M. Kanson	BRP
2	E. Ramachandrian	BRP
3	G. Rajaram	DRP
4	S. Pownraj	BRP
5	S. P Balaji	State Level Monitor
6	T. Kalanidhi	BRP
7	V. Sukmar	State Level Monitor
8	V. R. Veerabathiram	Joint Director

### TELANGANA

S. No.	Name of the Participants	Designations
1	G. Susheela	BRP
2	K. Dutta	STM
3	M. Ashok Kumar	PM
4	Rajula Anusha	VRP
5	Surendra Babu	DRP
6	Sowmya Kidambi	Director, SSAAT
7	Usha Rani	Dy Director

**TRIPURA**

S. No.	Name of the Participants	Designations
1	Anju Mog	BRP
2	Asudeb Das	Director
3	Debasish Dey	DRP
4	Nely Debbarma	DRP
5	R. Debbbartha	CE,RD (MGNREGA)

**UTTAR PRADESH**

S. No.	Name of the Participants	Designations
1	M.P. Singh	Consultant, Social Audit
2	Amit Kr. Srivastava	Programmer, Social Audit
3	Anit Kumar	BSAC
4	Jaihind Yada	DSAC, Azamgarh
5	Mohd Rashid	DSAC (Incharge)
6	Rekha Gupta	Director SAU
7	Udai Raj Yadav	Consultant, Social Audit

**UTTARAKHAND**

S. No.	Name of the Participants	Designations
1	Chandrasekhar Joshi	DRP
2	Anand Swaroop	Director
3	Ankush Rana	VRP
4	Manoj Garola	State Coordinator- SAE
5	Mohit Singh	VRP
6	Sunil Kumar	BRP
7	B. S. Bhandani	Assistant Engineer

**WEST BENGAL**

S. No.	Name of the Participants	Designations
1	Anjana Chatterjee	Social Development Specialist
2	Rakhi Dutta	Social Audit Expert
3	Ruchira Raha	Social Audit Expert

**Attendees from Media**

S. No.	Name of the Participants	Designations
1	Santosh Kumar	R & D
2	Satish	Divya Delhi
3	Bhushan	ANI
4	Jagdish Chandra	ANI

24	Bhupendra Soni	Zee News

## Annexure C: Questions / Discussion Topics for the Four Groups

Each group may use the enclosed questions/topics to discuss and reflect.

### Group I: Strengthening SAUs, the roll-out of social audit to other programmes

- 1) The SAU should be independent. What does this mean?
- 2) The auditing standards, AMC specify that implementation officials should not be involved in the selection of resource persons, should not supervise resource persons, and should not be part of GB/EC. However, this is not happening in many SAUs today. Does the involvement of implementation officials weaken the social audit unit? If yes, how? How can this be avoided?
- 3) How should the GB/EC be structured? How to ensure that the GB/EC meets often?
- 4) In many States, the Chief Secretary is the chairperson of the GB? As the CS is a very busy person, s/he is not able to give time for GB meetings and hence the meetings do not happen in many places? Is it a good idea to have the CS heading the GB? Ideally, who should head it?
- 5) Some States have an Executive Committee that makes decisions relating to implementation of the plan approved by the Governing Body. Is this a good idea or is it better for just the Governing Body to meet four times in a year?
- 6) What powers should the GB/EC have? Should it have the power to sanction new positions for the SAU?
- 7) How to ensure that the SAU has adequate personnel?
- 8) How to select a Director who will be independent?
- 9) What powers should the Director have? Who should s/he report to for operational decisions?
- 10) How to create a supportive climate for social audit in the State?
- 11) What infrastructure is required? For the State office? Should SAU have district and block offices?
- 12) What support is required from implementation agencies? (Giving records on time, attending Gram Sabha and public hearing, taking prompt action on findings and informing SAU, etc.)
- 13) What support is required from State government? (Notification of rules for giving records on time and penalties for not doing so, specification of penalties for different irregularities, funds for maintenance and administrative expenses, regular review of findings and action taken reports, etc.)
- 14) What support is required from MoRD?
- 15) How to collaborate with CSOs, PAG, Local Fund Audit, Ombudsmen and other stakeholders?
- 16) How should the social audit of other programmes be rolled out?
  - a. Capacity Building requirements
  - b. Personnel Requirements
  - c. Funding requirements
  - d. Timeline and scale
  - e. Roll-out process details
- 17) Quality Control
  - a. What should the code of conduct be?
  - b. How to ensure that there are no violations of code of conduct among the resource persons?
  - c. How to ensure that there is no collusion?

- d. Test Audits – How many or what per cent of GPs to be covered? Who should do this, what action to be taken based on test audits?
  - e. How should the evaluation of social audit reports be done?
  - f. What are some internal monitoring processes/tools?
- 18) SAU should be fully transparent and accountable. It should do the following mandatorily. What support and resources does it require to fulfill these?
- a. Independent website should be created
  - b. Compliance with Section 4 of RTI – GB/EC meeting minutes, annual reports, audited financial statements, audit calendar, social audit reports, annual plan, annual budget, details related to procurement and hiring should all be publicly available
  - c. Reporting requirements – SAU should send periodic reports to PAG, State government, MoRD and SEGC. It should prepare an annual report and summary reports detailing commonly seen irregularities and recommendations
  - d. It should have transparent procurement and hiring policies
  - e. It should have a grievance redressal mechanism
  - f. It should have a mechanism to receive and process complaints against SAU personnel
  - g. It should get periodic external evaluation done.
- 19) The MGNREG Audit of Scheme Rules says that SEGC should monitor the findings and action taken report and submit a report to the State legislature. But this is not happening in many States. Why? Is the SEGC not active or does the SAU not prepare an annual report? How to ensure that this happens?

## **Group II: Human Resources Management, Financial Management, Concurrent Audit**

### **Human Resource Management**

- 1) Recruitment and Management
  - a. How to select resource persons for SAUs? What qualities to look at?
  - b. What is the trade-off between having empaneled staff vs fixed tenure staff?
  - c. How to hire fixed tenure employees when there is resistance from finance department?
  - d. What paths should be provided for career advancement for resource persons?
  - e. What welfare measures (provident fund, health insurance, accident insurance, leave) should be provided to resource persons?
  - f. How long should the fixed tenure contracts be? Should resource persons be encouraged to look for positions outside or can they continue for as long as they are interested?
  - g. On what parameters should resource persons be evaluated?
  - h. Should SAUs do an annual performance review before renewing contract?
  - i. How to manage disaffection and boredom afflicting people with long years of experience?
- 2) BRPs, DRPs, SRPs
  - a. How many field resource persons should be there? For big States / small States?
  - b. What should the minimum qualification be?
  - c. Many SAUs do not have BRPs? What can be done to encourage them to recruit BRPs who should be key person facilitating the audit in a Gram Panchayat along with few VRPs

- d. Many States have very few State staff to prepare reports, monitor audits and do capacity building, etc.
- 3) State Staff
  - a. How many State staff should be there?
  - b. Many SAUs have very few positions for critical work – Accounts Management, Capacity Building, MIS, Documentation and Technical team, etc. How can they be encouraged to recruit adequate State staff?
  - c. Should SAU have a technical team that will provide support/follow up for the field teams?
- 4) VRPs
  - a. How to do VRP selection and training? VRP empanelment or ad-hoc selection and training?
  - b. What should be the minimum qualification of VRPs be?
  - c. Should SAU have fewer VRPs who facilitate many audits or have many VRPs who facilitate few audits?
  - d. Should VRPs be from only among SHG women or can they also be from among youth from worker families?
  - e. Should VRPs be promoted to BRP, DRP positions or should Promotion of VRPs to senior positions vs hiring them from open market
  - f. Should a minimum wage be fixed for VRPs? What should it be?
- 5) Having student interns is good practice worth following. How to ensure that this happens regularly?
- 6) Should MoRD specify a pay band for resource persons? How much should it be?
- 7) Audit requirements vs Personnel needs
  - a. How to balance needs of resource persons vs audit requirements? For instance employees wish to stay in one place but they will have to be rotated to other blocks and districts to prevent bias, loyalty or corruption
  - b. Resource persons staying in the Panchayats during the audit period will lead to better audit quality? But many are not willing to. Will resource persons from rural areas have less resistance to this? Will giving additional incentives make people stay in the villages? How do some of the States manage to do this?
- 8) Capacity Building
  - a. How often should training and Capacity Building be done and in what areas?
  - b. Will exchange visits be helpful? Can resource persons from one State be asked to facilitate social audit in another State to learn and share best practices?
  - c. Should MoRD continue to support one month certificate programme for new recruits on an ongoing basis?
  - d. Should MoRD continue to support VRP training programmes?
- 9) How to ensure that the social audit resource persons are drawn from a diverse background (women and persons from different communities)?
- 10) Do SAUs require an HRMS? Should NIC build it or can CGG (which built it for Telangana and AP) be asked to customise it for other States?

## Financial Management

- 1) How to ensure independence from implementing agency with respect to finances? How to ensure that the approval of implementation officials is not required for either payment to resource persons or other social audit expenditure?
- 2) Receipt of funds
  - a. What are the problems with receiving money through the treasury? How may they be addressed?
  - b. What are the problems faced by SAU in submitting UC, providing clarification and receiving the next installment on time? Do Accounts management personnel require any training on managing this process?
  - c. What changes should be made to the funding process to ensure that SAUs receive the money on time?
- 3) Accounts Management
  - a. How many staff is required to manage the accounts?
  - b. For the senior accounts officer, should a government official be deputed or can the person be hired on contract?
- 4) Efficient use of funds
  - a. How to facilitate audits in a cost-effective manner?
  - b. How do some States such as Andhra Pradesh manage to do audits in all Gram Panchayats (100 per cent worker and worksite verification, but spend less than 0.30 per cent of the expenditure amount?)
- 5) Quantum of funds - Is 0.5 per cent adequate for SAUs especially for States doing audits in all Panchayats? Is there a need to revisit this? For all States or only the small States?
- 6) Inadmissible List
  - a. How to address issues with inadmissible items? What requests may be made to MoRD?
  - b. Can State provide additional support especially for the inadmissible expenses and for the administrative expenditure? How to get this?
- 7) Can payments be made to resource persons through Electronic fund management systems (direct bank transfer) – to ensure timely payments, prevent fake payments, keep track of who is doing audit and how often.
- 8) In some States, the Panchayats bear some of the cost of the audits, like installing shamiana, providing microphone for the Gram Sabha, providing water and snacks for the participants, publicity for the Gram Sabha. Is this ok? Should Panchayats be reimbursed for this? If yes, should SAU do it or should the State government / PanchayatiRaj Department do this?
- 9) Should there be a limit on the amount of money (as a per cent of MGNREGS expenditure in that Panchayat – say one per cent) that is spent to facilitate audit in a Gram Panchayat?
- 10) Funds from different schemes
  - a. How much funds will be required when audits of multiple schemes are done?
  - b. How should the funds be transferred to the SAU? From MoRD through state treasury, from MoRD to SAUs directly or from State governments?

- c. When audits of multiple programmes are done, how should fund management be done? Each scheme will request for separate UC and say money should be spent only on that scheme. What arrangements can be made at MoRD level to alleviate this problem?

11) Is there a requirement for some financial management system?

### **Concurrent Audit**

How can SAU facilitate concurrent audit after the social audit? (SA team can help Gram Sabha to select Vigilance and Monitoring Committee (VMC) members during the social audit Gram Sabha, they could do some capacity building for the VMC members and mentor them periodically, find out whether the issues raised in the social audit Gram Sabha have been rectified, etc.)

Can the VMC members be paid on a regular basis? Should VMC members be from among SHG members? Should they be from same village or from a neighbouring village?

### **Information, Education Communication (IEC)**

How can SAU be involved in doing IEC work? Can they be provided extra funds from the administrative funds for this?

## **Group III: Social Audit Process, MIS, Reporting, Monitoring Mahatma GNREGS processes**

- 1) Planning
  - a. Trade-offs of doing audits once vs twice in a year
  - b. If a subset of Panchayats are done, how to select them?
  - c. The Facilitation team size and the # of days of audit should depend on the expenditure, number of hamlets, etc. How to ensure this? Can the amount spent of social audit be a fraction of the expenditure in that Panchayat?
  - d. VRP selection (ad-hoc vs empaneled) and Training
  - e. Most people are available at home only in the early morning and evening but in most States the social auditors work during the day and do not stay at the Panchayats. How can verification be done well in this situation? Should people who are willing to stay in the village be selected? Should incentives be provided for people who stay in the village?
- 2) What are the effective methods of informing people about the social audit and inviting them to participate?
- 3) How to ensure that information is shared with people? Public address system in cycle/auto, through mobile phone, through wall paintings, through posters and rallies, etc.
- 4) What tools can be used for social mobilisation?
- 5) Verification
  - a. How to plan the audit so that maximum number of people are met and works are verified?
  - b. How to ensure that verification of worksites is done in the presence of workers, mates and PRI representatives
  - c. How to detect collusion (worker does not work but says that she worked when questioned), detect machine work, detect work done through contractors?
  - d. Collection of grievances and giving receipts
  - e. How to reach out to the last people (most poor or most vulnerable) in the Panchayat?

- 6) How to standardise reports so that it is easy to create and to process by people and officials?
- 7) How to create a safe environment for social audit? How to ensure that people do not get penalised for testifying?
- 8) Gram Sabha
  - a. How to ensure that people, implementation officials and independent observers come to the Gram Sabha?
  - b. Who will write the meeting minutes?
  - c. Should videography be done? If yes, how to minimise the cost for this?
  - d. How to select the VMC members?
  - e. How to present the report in an interesting manner in the Gram Sabha?
  - f. What sort of capacity building programmes are required to help the facilitators organise well attended Gram Sabhas?
- 9) Report dissemination
  - a. Sharing report with GP, BDO, DPC, SAU and others (library, SHG federation)
  - b. Should summary reports be presented to DPC, State Commissioner and others?

#### **Required MIS changes**

- 1) What capacity building related to MIS is required?
- 2) Usability – What are the issues relating to usability which need to be improved?
  - a. Speed, session time out, error messages and offline input
  - b. Fields that need to be made non-mandatory
  - c. Availability of workbook (copy of the data entry screens which can be filled on paper immediately after the audit and which can be used to enter the data in the MIS later)
- 3) What MIS changes are required?
  - a. What are the bugs that are there in the current system?
  - b. Payment to VRPs should be made through EFMS
  - c. Ability to upload pdf files/photos of documents
  - d. Ability to upload bigger size photos; ability to upload short audio and video clips should be allowed
- 4) What input format changes are required?
- 5) What sort of exception reports/alerts are required?
- 6) Is there a need for tab based application for social audit?
- 7) Do SAUs have need for other applications?
- 8) Any language requirements

#### **MGNREGS processes that can be facilitated during social audit**

- 1) Conducting Rozgar Diwas
- 2) Filling of work application forms (Kaam Maango Abhiyan)
- 3) Collect applications for individual assets, job cards, etc.

- 4) Selection of poorest families for individual assets
- 5) Identification of critical works that needs to be taken up / added to the shelf of projects
- 6) Collection of grievances and redressal of some grievances
- 7) Visits to ongoing worksites to see whether NMR is maintained in the worksite, whether the workers are present, whether there is a worksite board, etc.
- 8) Checking whether specified processes are being followed – GPDP, planning Gram Sabhas and labour budget process

#### **Group IV: Follow Up - Jan Sunwai, Time-bound action, Grievance redressal, Vigilance mechanism**

- 1) Guidelines / Advisory for action to be taken on different irregularities. Currently, Andhra Pradesh, Telangana, Jharkhand and Uttarakhand have it but others do not. Should this be decided at MoRD level or should each State come with these guidelines?
- 2) What action should be taken for non-submission of records for social audit?
- 3) The schedule says that block level public hearings are mandatory. But it's not happening in many States? Why? How to make this happen?
- 4) How to ensure public hearings at district and State level? What should be the protocol? Who will be part of the public hearing panels?
- 5) State and District Vigilance Cells as specified in the AMC. Currently, only AP and Telangana have it. How can this be made operational in other States?
- 6) How to ensure that senior officials conduct periodic reviews of findings and action taken?
- 7) Should MoRD review the social audit findings and action taken in a periodic manner? How often should this happen?
- 8) How to ensure that there is time-bound action on the grievances registered during the social audit?
- 9) While recovery of money has happened in a few states, there is no corresponding disciplinary action against the person responsible for the irregularity. How to ensure that this happens?
- 10) Can fines under section 25 be operationalised in all States (fine up to Rs 1,000) – This will have a deterrent effect and at the same time, it is not a serious black mark against the employee
- 11) Can the SAU prepare periodic summary reports for the State and district officials? Will this ensure that action gets taken on the finding?
- 12) ATR Review Protocol
  - a. How does the SAU ensure that a particular action reported by the implementation official has actually happened? Can the implementation official be asked to upload proof of the action?
  - b. How to ensure that a particular grievance has been closed? Can resource persons call a person and check? Or can s/he call VMC member and check?
  - c. The implementation official takes some action on the reported issue and then requests to close. Social audit resource person has two options – either close or escalate. If there is a State level advisory, then the resource person can refer to that to see whether the action taken is appropriate or not. If it is not available what should s/he do?

- d. If a resource person decides to close, again s/he has two options – mark it as satisfactory or unsatisfactory. When should s/he mark it as satisfactory and when to mark as unsatisfactory?
  - e. Should there be a committee to review all the action taken report and advise on how the social audit resource person should respond?
- 13) Why are officials not taking action? How to address the reasons given below?
- a. Lack of awareness on the social audit findings
  - b. Implementation officers are overwhelmed with too much work
  - c. Unclear social audit reports
  - d. Evidence by the social audit team is not strong or clear
  - e. No time to take action
  - f. Solidarity with fellow / junior employees
  - g. Corruption
  - h. The issues raised by the social audit are considered as minor violations or difficult to implement in the field
  - i. The MGNREGS field staff strength is not enough to implement all the specified processes
- 14) How to ensure that implementation officials respond in the MIS? What support is required to make this happen?
- 15) How to ensure that the State Employment Guarantee Council (SEGC) monitors the social audit findings and action taken report? How should the SAU engage with the SEGC?
- 16) What should the recovered money be used for?
- 17) How should the SAU manage older records, audit reports? What sort of MIS support is required for this?
- 18) The Auditing Standards suggests that the State governments should conduct regular workshops for DPCs and POs about the efficacy of social audits in ensuring transparency and accountability. Can the SAU support this and make it happen?

## **Annexure D: Presentations from the Seminar**

# National Seminar :Social Audit of RD Programmes

---

---

**DoRD**  
**MoPR**  
**13-14 Nov, 2019**

## Social audit

Pillars of good Governance

*Transparency*

*Participation*

*Accountability*

## ACTS THAT MANDATE SOCIAL AUDIT

**MAHATMA GANDHI NATIONAL RURAL EMPLOYMENT GUARANTEE ACT, 2005**

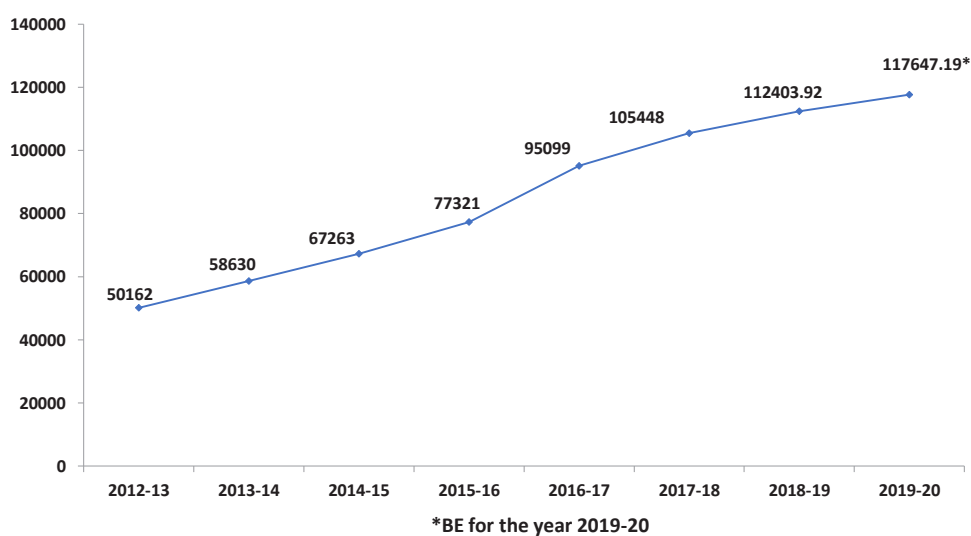

**NATIONAL FOOD SECURITY ACT, 2013**

**RIGHTS OF PERSONS WITH DISABILITIES ACT, 2016**

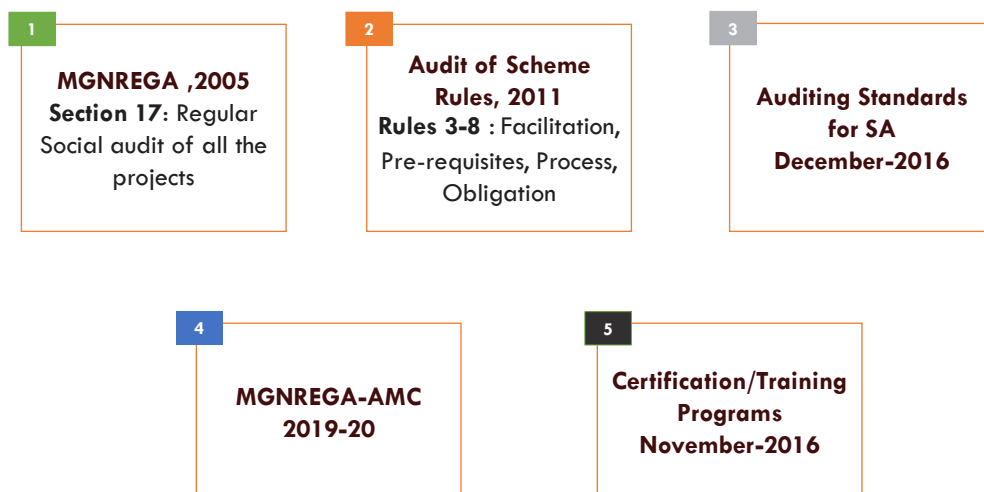

3

## Year-wise Expenditure(GOI)-Rural Development programs (Rs. in crore)

4

## MGNREGA : Social Audit Mandate

5

## Auditing Standards for SA

- 1** Parameters to measure the progress of Social Audit Unit.
- 2** Access and availability of Records.
- 3** Detailed Checklist for Examination of Records (Entitlement of Job)
- 4** Detailed Checklist for Examination of Records (Works, Material and Payments)
- 5** Physical Verification
- 6** Evidence

6

## Standards

*The conduct of social audit of the fourteenth Finance Commission Grant in a Gram Panchayat.*

*SAU to forward quarterly reports to DoRD, State government and Principal AG.*

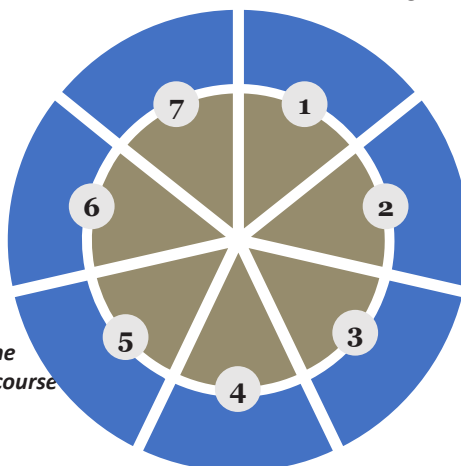

*Execution of concurrent social audit .*

*The synergetic roles and responsibilities of the SAU, DLFA, State Department and CSOs.*

*All states operationalize the rollout of the certification course on social audit*

*Minimum qualification for DRP/BRP holder*

*DRPs and BRPs that do not complete the training module should not continue serving as resource persons for the SAU.*

## SA : Important Issues Raised

*Family having more than one JC and paid for > 100 days*

*Significant Differences - Works: Measurement Vs. Records*

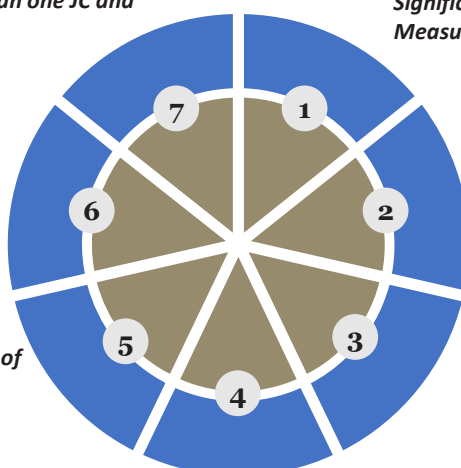

*Missing Trees/ Plantations/Farm Ponds*

*Payment to persons who didn't work*

*Complaint – Non provision of work site facility*

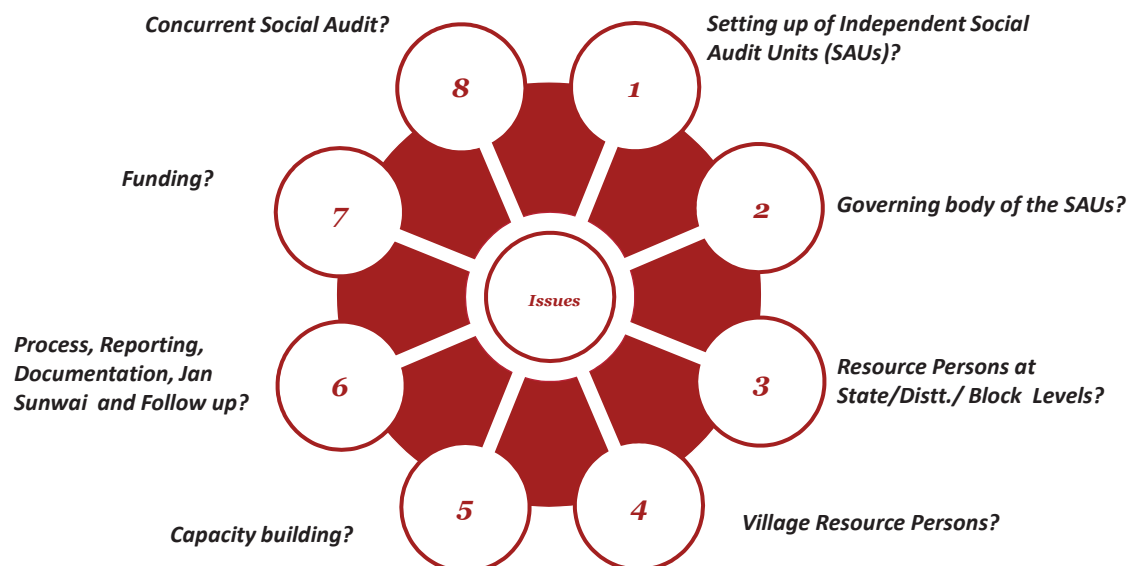

*Non production of records*

*Work not done*

8

## Implementation Issues : Systemic

9

## Issues : Operational

10

## Plan- Extension to other Programs

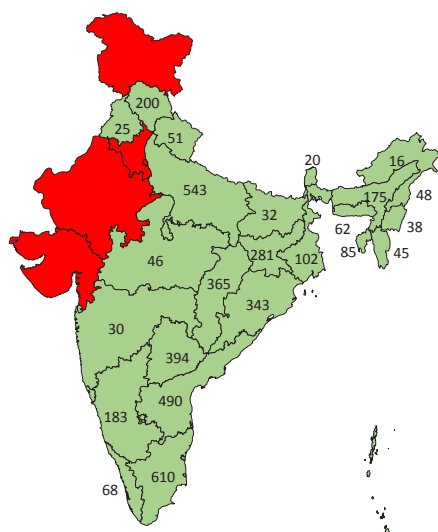

<b>I NSAP</b> (Para 6.10 G)	Pilot SA on the draft SOP and guidelines undertaken
<b>II PMAY-G</b> (Para. 9.6.3 FFI)	SOP and guidelines finalized in consultation with the States/UTs .
<b>III Capacity Building</b>	4 day capacity building of <b>1.20 lakh</b> SHG- VRPs. 98,000 ( 9 States, already done) 30 day Certificate course, : Already trained <b>4252</b> ( 25 States). Refresher modules? NIRDPR/SIRDs

11

## Certified RP and Trained SHG-VRP

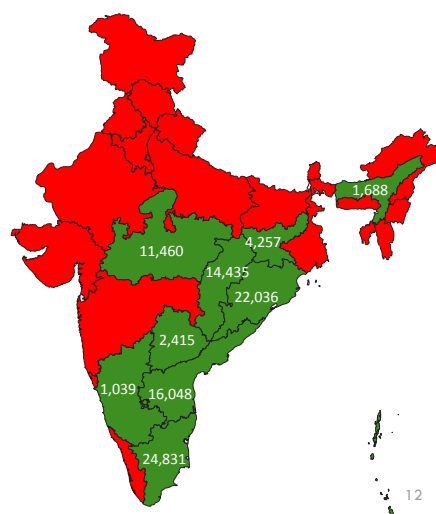

**RP – 4,252**

**States - 25**

**SHG-VRP – 98,209**

**States - 9**

## Strengthening : SAUs

Particular	Remarks
<b>Structures</b>	SAUs set up in 27 States, 1 UT Wide variation in structure and performance.
<b>Existing SAUs to be strengthened</b>	To become a Nodal Point for all the RD Programmes
<b>Review</b>	Social Audit Standards. ( Developed by the DoRD and C&AG, applicable to all processes and persons associated with SA under MGNREGA)

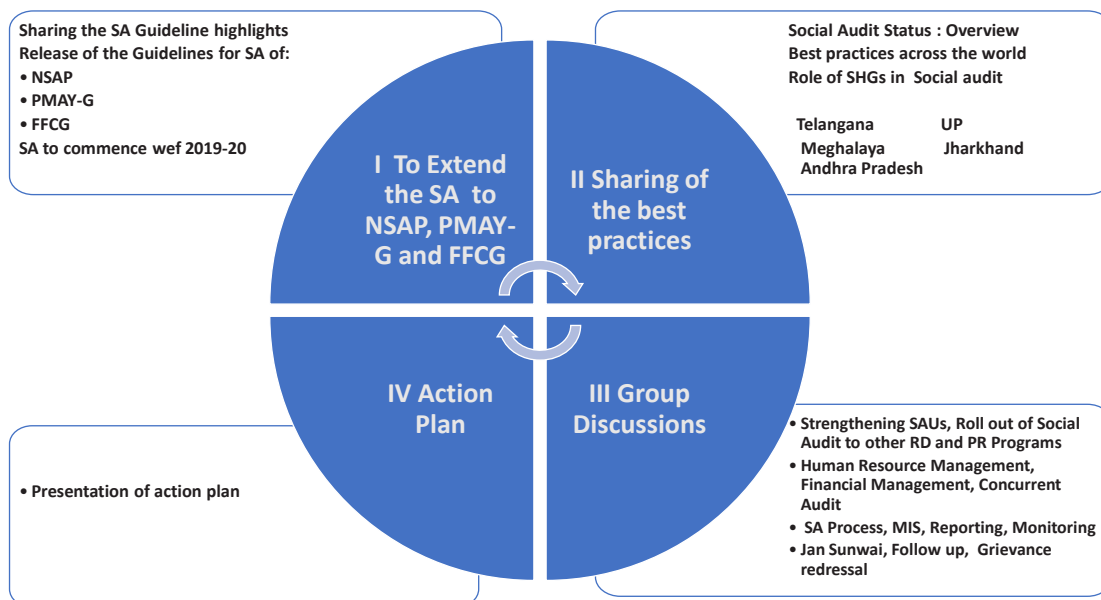

13

## Other Important Areas

<b>Funding</b>	Funding from various programmes as fixed percentage of the previous year's expenditure.
<b>MIS</b>	To be strengthened: Track SA findings and follow up action. Existing MIS to be appropriately strengthened)

14

## Deliberations : Framework

## Thank You

# STATUS OF SOCIAL AUDIT IN INDIA

Dr. W. R. Reddy, DG, NIRDPR  
13 Nov 2019

## OUTLINE

- Social Audit of MGNREGS
- Overview of Social Audit Units & Processes
- Social Audit of Other Schemes
- Impact of Social Audit
- Questions for deliberation

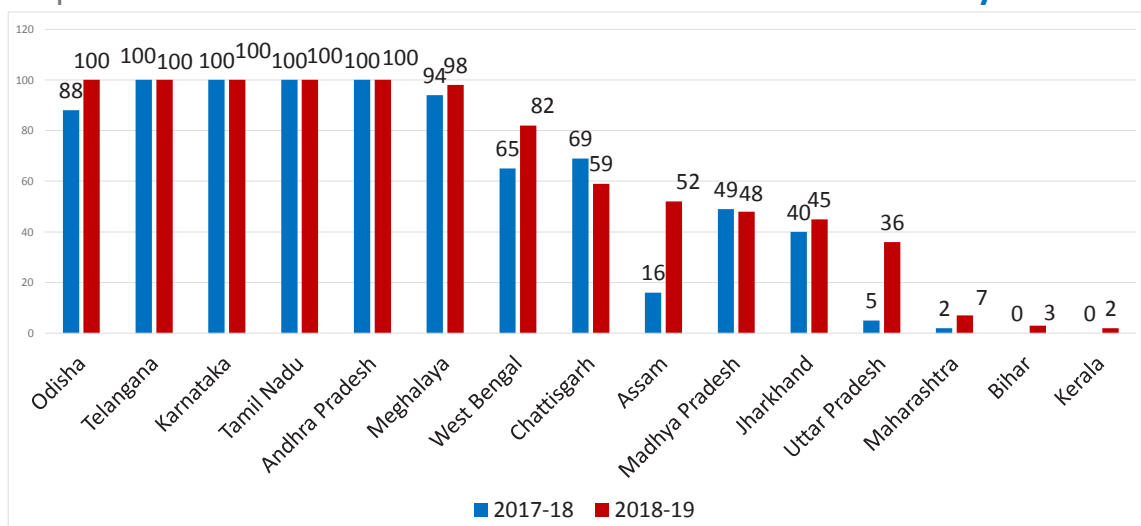

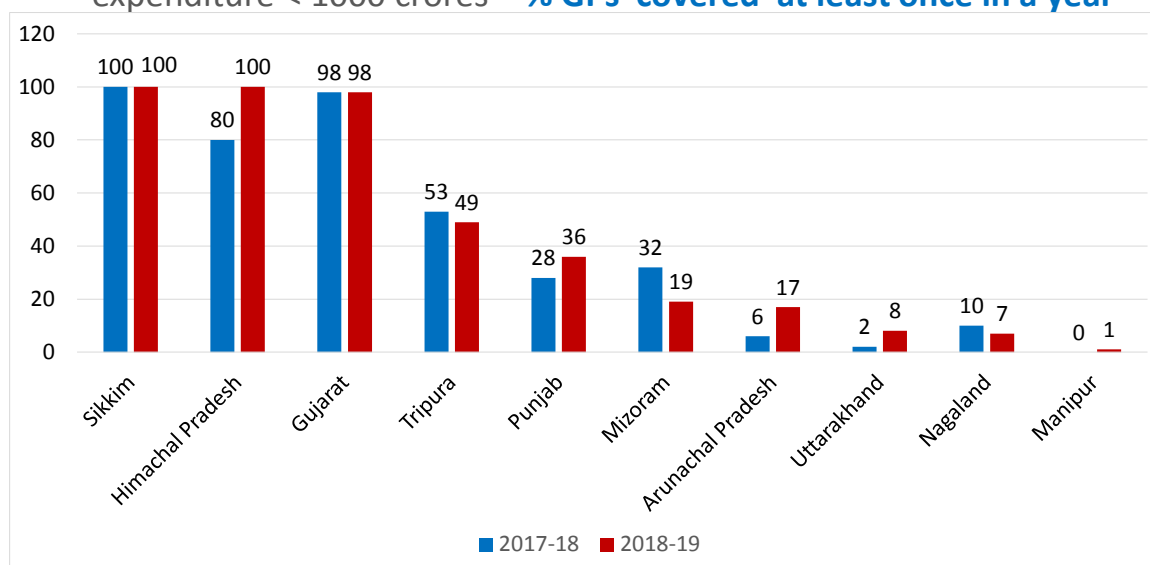

## SOCIAL AUDIT OF MGNREGS

Coverage of Social Audit during 2017-18/18-19 in States where scheme expenditure > 1000 crores - **% GPs covered at least once in a year**

Coverage of Social Audit during 2017-18/18-19 in States where scheme expenditure < 1000 crores - **% GPs covered at least once in a year**

**% OF GRAM PANCHAYATS AUDITED AT LEAST ONCE IN 2018-19**

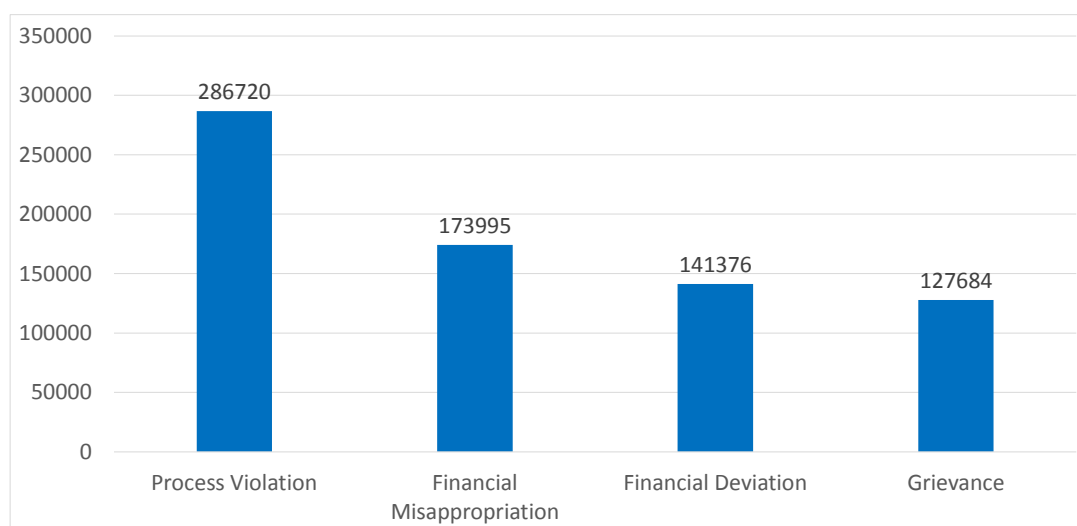

% GPs audited in 2018-19	Number of States	States
> 75 %	10	Sikkim, Himachal, Gujarat, Meghalaya, Odisha, Telangana, Karnataka, Tamil Nadu, AP, West Bengal
> 50 % and < 75 %	2	Assam, Chattisgarh
> 25% and < 50 %	5	Tripura, Punjab, Jharkhand, Madhya Pradesh, Uttar Pradesh
< 25 %	10	Mizoram, Arunachal Pradesh, Uttarakhand, Nagaland, Manipura, Kerala, Maharashtra, Bihar, Rajasthan, Haryana

# SOCIAL AUDIT MIS

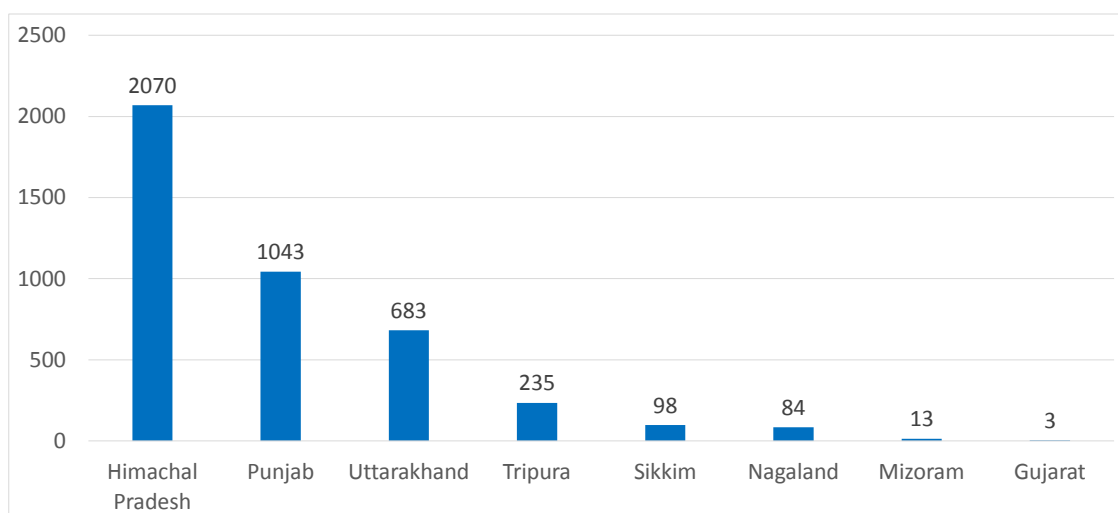

- SA MIS Module added in early 2018 in NREGASoft
- 22 SAUs are entering the SA findings in the MIS
- Only 15 State implementing agencies are responding to the findings
- Significant difference between data entered in MIS & GPs audited
- SAUs are reporting many unresolved issues in MIS - **urgent attention is needed:**
  - Test environment for training is not enabled
  - Key features are still missing
  - System is still not stabilised
  - Not very user friendly

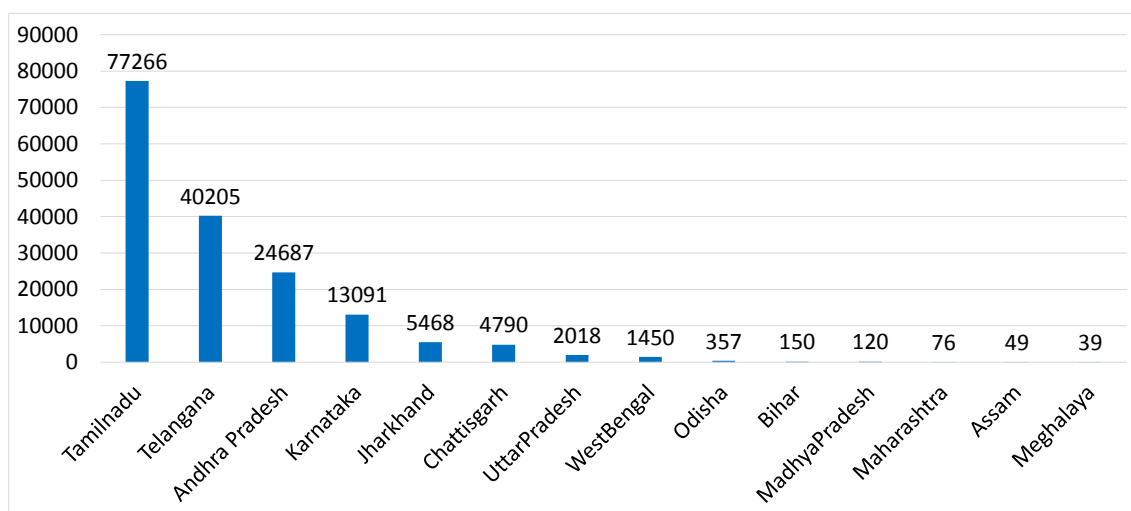

## CLASSIFICATION OF ISSUES ENTERED IN MIS (2018-19)

### NUMBER OF FINANCIAL MISAPPROPRIATION ISSUES IN 2018-19 (ANNUAL MGNREGS EXPENDITURE < 1000 CR.)

### NUMBER OF FINANCIAL MISAPPROPRIATION ISSUES IN 2018-19 (ANNUAL MGNREGS EXPENDITURE >1000 CR.)

## FINANCIAL MISAPPROPRIATION & RECOVERY AS REPORTED BY SOCIAL AUDIT UNITS

State Name	Period	Amount Misappropriated (in Crores)	Amount Recovered (In Crores)	% recovered
Andhra Pradesh	2010-19	661.52	99.35	15
Tamil Nadu	2014-19	407.74	31.73	8
Karnataka	2013-19	207.58	3.78	2
Telangana	2010-19	121.49	21.04	17
Chhattisgarh	2015-19	41.89	0.58	1
Jharkhand	2017-19	41.65	11.14	27
Punjab	2017-19	15.27	0.04	0
Uttar Pradesh	2017-19	2.98	0	0
Sikkim	2013-19	2.90	0.37	13
Tripura	2017-19	1.56	0	0
Odisha	2017-19	1.25	0.01	1
Himachal Pradesh	2017-19	0.60	0.02	1
Bihar	2018-19	0.55	0	0

## POOR RESPONSE TO SA FINDINGS

- 2018-19 MIS data - At national level, only 7% of issues have been closed.
- Cumulative Data - The % of amount recovered in comparison to the financial misappropriation is also quite low – only 7%
- Many states and SAUs are not tracking the issues systematically.

## OVERVIEW OF SOCIAL AUDIT UNITS AND PROCESSES

### INDEPENDENCE OF SAU

Parameter	Number of states satisfying the parameter	Number of states not satisfying the parameter
Exclusive Society for SAU	22 states have done this	6 states have not done this
Chairperson of GB should be independent of department officials implementing MGNREGS	In 16 states, there is an independent chairperson	In 8 states, the Secretary is chairperson. In one, it is the Minister
At least three CSO Representatives in GB	13 states meet the requirement	12 states do not meet the need
SAUs with full-time Director	16 SAUs have a full-time Director	10 SAUs do not have a full-time Director
Approval from implementation agency to spend money	12 states do not require approval of implementation officials	14 SAUs require the approval of an implementation official

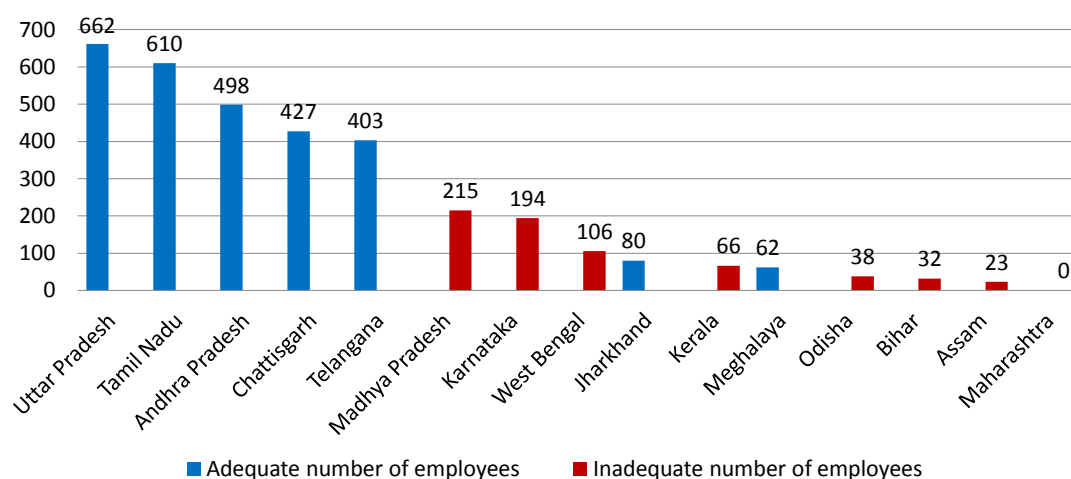

## OTHER FACTORS THAT REDUCE INDEPENDENCE OF SAU

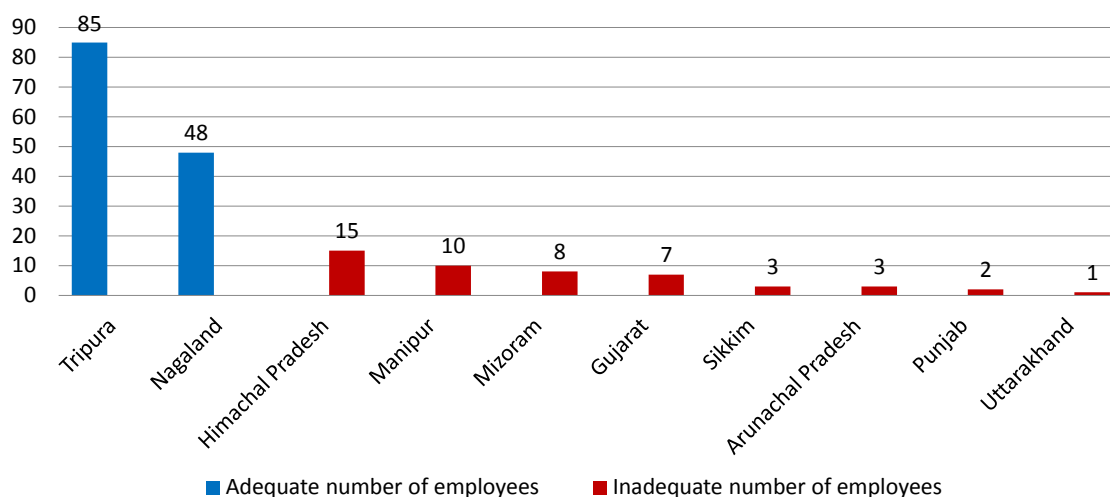

- The commissioner & other senior officials are part of the Governing Body / Executive Committee
- In many states, BDOs are involved in selection of resource persons, payment to resource persons
- Many SAUs are short of manpower that prevents them from doing audits in all GPs at least once in a year
- Some states do not have adequate funds while others are not claiming even the 0.5% that they are eligible to receive

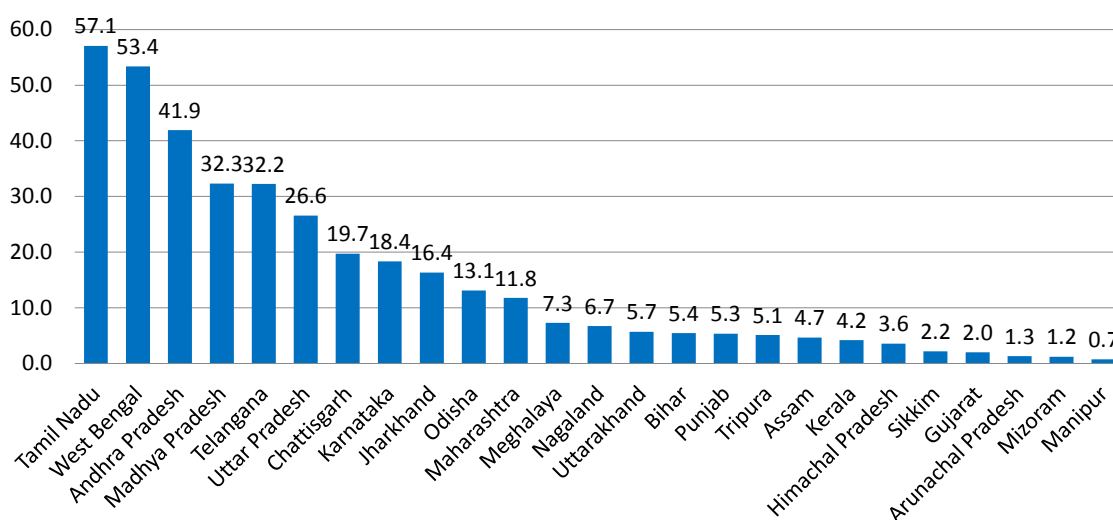

## TOTAL SAU FIELD STAFF IN STATES WITH > 1000 CR EXPENDITURE

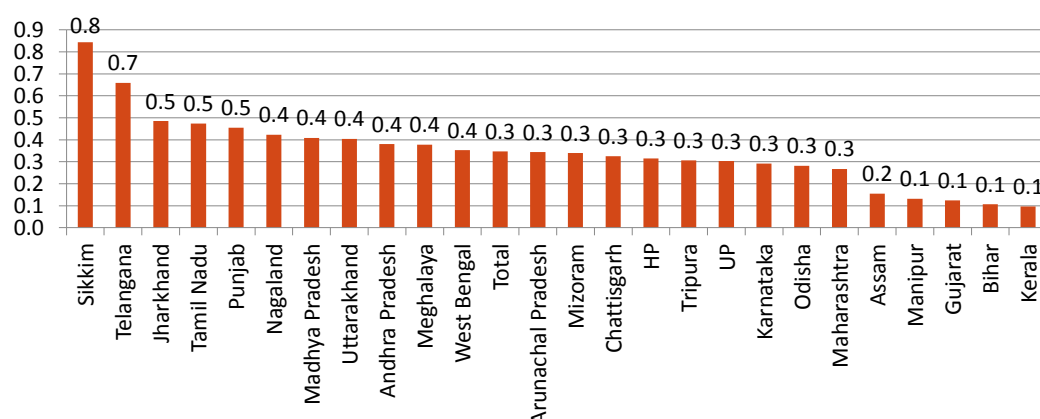

## TOTAL SAU FIELD STAFF IN STATES WITH < 1000 CRORE EXPENDITURE

## FUNDS FOR MGNREGS SA (IN CR.) (2017-18 AND 18-19)

## FUNDS RECEIVED AS % OF MGNREGS EXPENDITURE (2017-18 AND 2018-19)

## ISSUES IN THE SOCIAL AUDIT PROCESS

- In many states, there is no Block Resource Person to guide the Village Resource Persons and the quality of audits facilitated just by VRPs is poor since they do not have sufficient experience
- Submission of records for social audit is poor especially from line departments
- Implementation officials from Block office and DPC representative do not attend gram sabha
- Most SAUs are not conducting test audits or evaluating the social audit reports as a means to improve the social audit process
- No feedback loop to improve the scheme implementation

## ISSUES WITH FOLLOW UP ACTION

- Block level public hearing happens in 15 states, but does not in 10 states
- Follow up action in only 15 states by Implementation agencies
- Low percentage of issues are closed
- Redressal of grievances is not being tracked
- Some states are levying fine based on section 25, but most states are not taking action against staff
- No systematic protocol to review findings at different levels and ensuring that action is taken on social audit findings

## TRANSPARENCY & ACCOUNTABILITY OF SAU

- Public Website – 8 SAUs have this, but 17 do not
- Quarterly Report to PAG – 16 SAUs are doing this, but 9 do not
- Code of Ethics / Conduct – 17 SAUs have created this, but 8 have not
- Many states have not set up a process to receive and process complaints about the social audit process / SAU personnel
- Many states are not preparing an annual report detailing the work done in the previous year and a summary of the findings
- Many states do not have a quality assurance programme

# SOCIAL AUDIT OF OTHER SCHEMES

## LIST OF OTHER SCHEMES BEING AUDITED

Scheme Name	Audits in Scale	Pilot Audits
Pradhan Mantri Awas Yojana - G	Meghalaya, Uttar Pradesh, West Bengal	Jharkhand
National Social Assistance Programme	Andhra Pradesh, West Bengal, Odisha and Himachal Pradesh	
Public Distribution System	Bihar	Jharkhand, Andhra Pradesh, Madhya Pradesh, Karnataka
Mid Day Meal		Karnataka, Telangana & Jharkhand
ICDS	Telangana	
Swachh Bharat Mission-G	Karnataka, Jharkhand, Telangana	Madhya Pradesh
14 <sup>th</sup> Finance Commission Grant	Jharkhand	Madhya Pradesh
National Health Mission		Jharkhand & Uttarakhand
Juvenile Justice Act		Bihar, Delhi, HP & other states
BoCW Act		Delhi, Rajasthan
IWMP	Andhra Pradesh	

## ISSUES WITH ROLL OUT OF SOCIAL AUDIT TO OTHER SCHEMES

- Even though many schemes have taken up, most of them are on a pilot basis and in a small scale
- National Food Security Act – there is a legal mandate and Supreme Court has also said that the SAU created for MGNREGS should facilitate social audit of NFSA, but it's not happening
- Why?
  - Doubts about impact?
  - Lack of Political & Bureaucratic will?
  - Lack of funds?
  - Lack of awareness?
  - Coordination issues?
  - Is it seen as confrontational?

## SOCIAL AUDIT IMPACT AND QUESTIONS FOR DELIBERATION

# IMPACT OF SOCIAL AUDIT

- IDS (University of Sussex) report on Impact of Social Audit of NFSA in Odisha
  - 6 districts, 2 rounds of audits done in 2018 and 2019
  - In the second round, they found all round improvement in the performance of ICDS, MDM, TPDS and Mamata schemes
- Sikkim
  - Number of misappropriations per village dropped from 16.6 during 2013-14, to 9.6 per village by 2018-19 under MGNREGA
  - The amount involved as irregularity dropped from 1.74 per cent of the total MGNREGA expenditure during 2013-14, to 0.13 per cent by 2018-19
- Tripura
  - Record maintenance, worksite facilities, worksite signboards, record submission for social audit, possession of job cards by workers, denial of job cards has all improved during audits done in 18-19 when compared to audits done in 2017-18
- Gram Sabhas are well attended and are vibrant in many states

## THE WAY FORWARD - SOME QUESTIONS TO BE ADDRESSED

- Ensuring independence of SAUs
- Adequate staffing of SAUs and funding commensurately
- Ensure the integrity and quality of the social audit process
- Effective action on social audit findings
- Create mechanism to ensure SA across multiple programmes at the same time in a seamless manner
- Leveraging Social Audit to improve implementation of different schemes
- In addition to detecting irregularities, can social audit highlight positive processes and achievements (balance sheet approach)?
- Can it focus on IEC, increasing people's participation, grievance redressal and reaching out to the last person?

 **THANK YOU**

# NEW INDIA 2022

## Towards Poverty Free Gram Panchayats Vision Document 2019-24

Department of Rural Development  
Ministry of Panchayati Raj

1

### Transformation in Last 5 Years

Sl.No	Scheme	2014-15	2018-19
1.	Rural Homes completed under PMAY-G/IAAY	11.95 lakh	47.33 lakh
2.	Roads constructed per day under PMGSY	104 km/day	134.36 km/day
3.	Works completed MGNREGS in a year	38.04 lakh	89.86 lakh
4.	Total loans to SHGs under DAY-NRLM	Rs. 32,565 crore	Rs. 84,786 crore
5.	Timely payment of Pension to old, widow & divyanga jan	Delayed payments. Not even monitored. Only 8 States were paying monthly.	23 States paying monthly 7 States paying quarterly
6.	Total Expenditure	Rs. 67,263 crore	Rs. 1,12,403.92 core

2

## Panchayati Raj - Implementation Strategy...(1/2)

<b>Infra Support</b> 	<ul style="list-style-type: none"> <li>• Panchayat Bhawans for all GPs- about 59,000 remain</li> <li>• 'Basic services' - Finance Commission grant                             <ul style="list-style-type: none"> <li>➤ Street light, Panchayat roads, drinking water, drains &amp; Sanitation</li> </ul> </li> </ul>
<b>Tools for effective functioning</b> 	<ul style="list-style-type: none"> <li>• GPDP for holistic planning.</li> <li>• All e-applications on one platform</li> </ul>

11

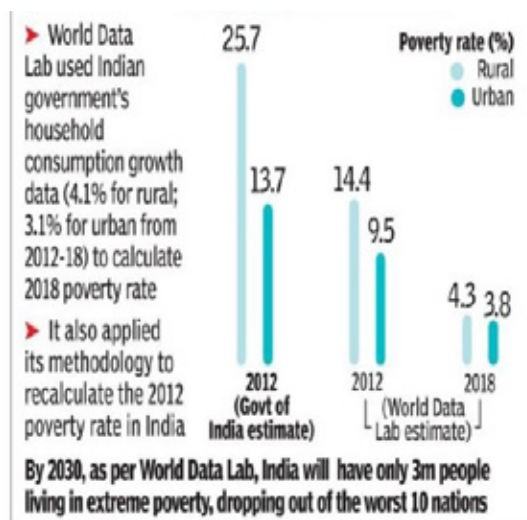

## Panchayati Raj - Implementation Strategy...(2/2)

<b>Capacity Building</b> 	<ul style="list-style-type: none"> <li>• Digital Literacy of all PRI Elected Representatives</li> <li>• Capacity Building of Ward Members as 'Agent of Change' &amp; sector specific enablers</li> <li>• Provision of training on-line</li> <li>• Expertise of CSC in bringing about smart-governance</li> </ul>
<b>Ease of Living</b> 	<ul style="list-style-type: none"> <li>• Panchayat Bhawans as Nodal Centres of Information, On-line services &amp; Governance</li> <li>• Leveraging BharatNet network</li> <li>• Co-location of CSC in GP Bhawan (wherever feasible)</li> <li>• Provision of G2C, G2G services online at GP level through CSC at GP Bhawan</li> </ul>

12

## INDIA – Multi Dimensional Poverty (27.5%)

- 271 million people came out of poverty between 2005-06 and 2015-16.
- Poorest regions, groups, and children reducing poverty fastest.
- Indicators include nutrition, child mortality, years of schooling, school attendance, cooking fuel, sanitation, drinking water, electricity, housing, and assets.
- 8.8% of population in severe multi-dimensional poverty and 19.3% vulnerable to multi-dimensional poverty (373 million).

13

## Gram Swaraj Abhiyan in Aspirational Districts Partnership for Results

14

## Poverty Reduction Lessons from Southern Indian States

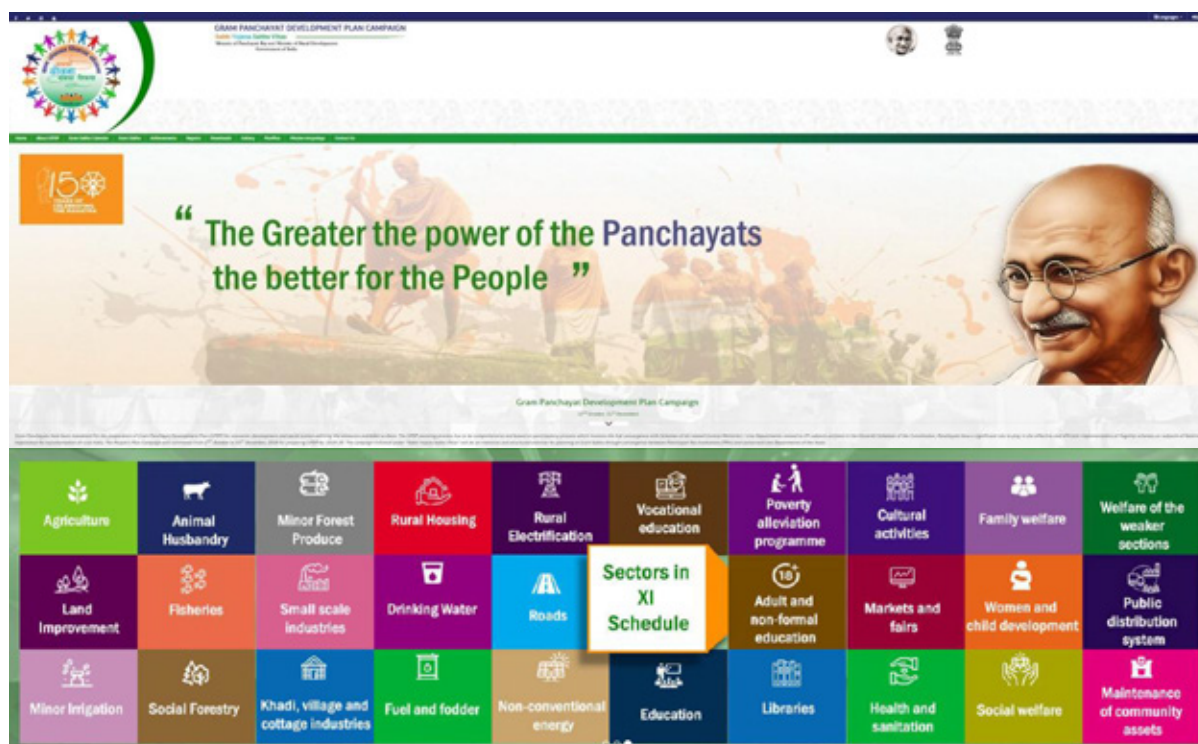

- High adolescent girls participation in Higher Secondary/Higher Education.
- Decline in Fertility.
- Formation of Women SHGs.
- Livelihood diversification through Skills.
- Bank linkage for SHGs.

**Transforming Rural India**

**It is now happening in Northern, Eastern, Western & NE States  
– DAY-NRLM is the Way Forward.**

## Good Governance Framework

18

## e-Panchayat Mission Mode Project

- Decision making support system for Panchayats,
- Transparency, disclosure of information to citizens, social audit,
- Better and convergent delivery of services to citizens,
- Improving internal management and efficiency,
- Capacity building of representatives and officials

### Coverage of PES Applications

- All States & UTs
- All Districts Panchayats
- All Block Panchayats
- All Gram Panchayats

Transform the functioning of PRIs making them more transparent, accountable and effective as organs of decentralized self-governing institutions

19

## Panchayat Enterprise Suite (PES) Applications

**PlanPlus for planning**

**AreaProfiler for Panchayat Profile**

**ActionSoft for monitoring**

**National Panchayat Portal**

**PRIASoft for accounting**

**Local Government Directory**

Captures all details of local governments and assigns unique code to GP

20

## Panchayat Enterprise Suite (PES) Applications

**ServicePlus for  
Service Delivery**

**National Asset Directory**

**Training Management  
Portal**

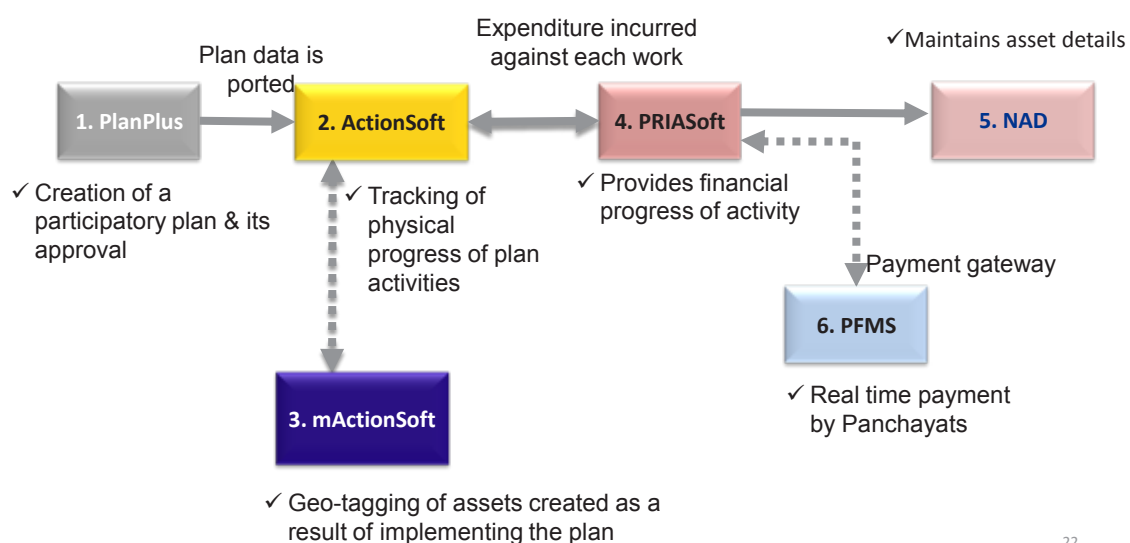

**Social Audit**

**Gram Manchitra  
(Panchayat Atlas)**  
Launched on Oct 23, 2019

21

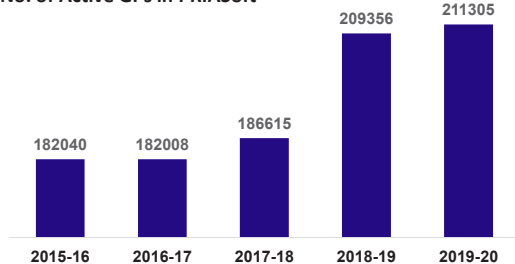

## e-FMS Architecture towards work based accounting

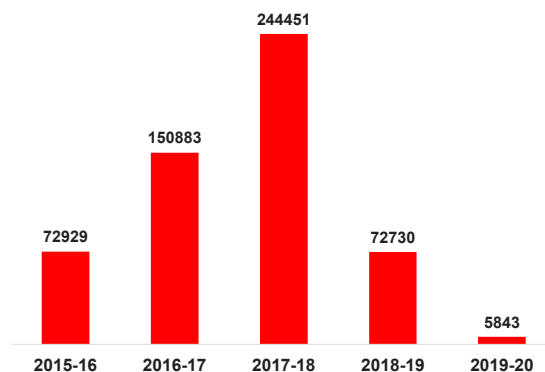

22

## PES Status

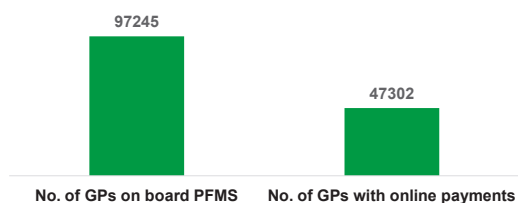

No. of Active GPs in PRIASoft

No. of Geo tagged assets  
(2015-16 to 2019-20) = 5,46,836

PFMS Onboarding

23

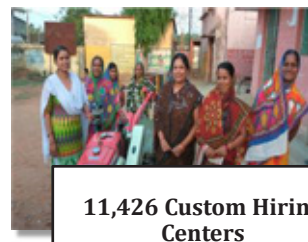

## DAY-NRLM Status (Sep'19)

6.38 crore members,  
58 lakh SHGs

Bank credit of 2.35 lakh  
crore since 2013-14

11,426 Custom Hiring  
Centers

63 lakh women farmers  
(MKSP + SRLM AAP)

63699 Enterprises under  
SVEP

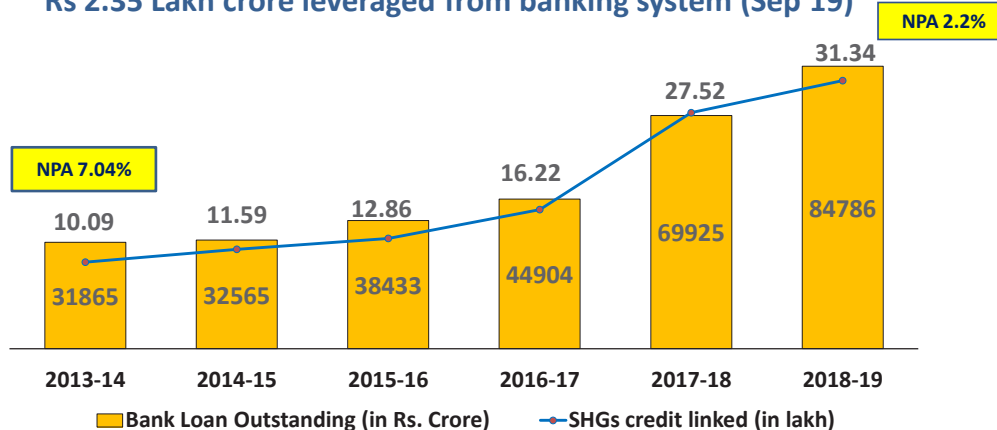

730 Vehicles under AGEY

## Financial Inclusion Interventions

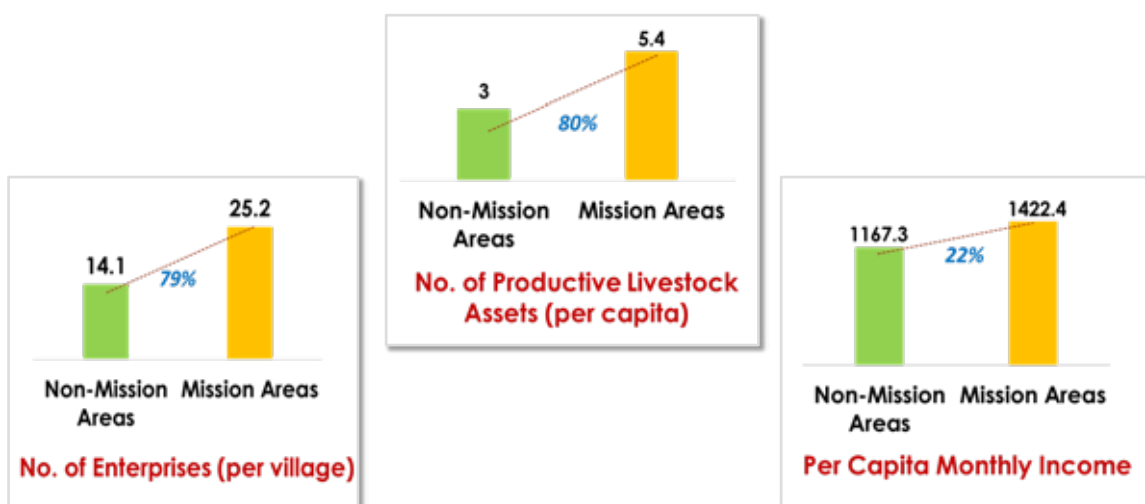

### SHG Bank Linkage over the years

Rs 2.35 Lakh crore leveraged from banking system (Sep'19)

25

## 3 Important Results DAY-NRLM – IRMA Study

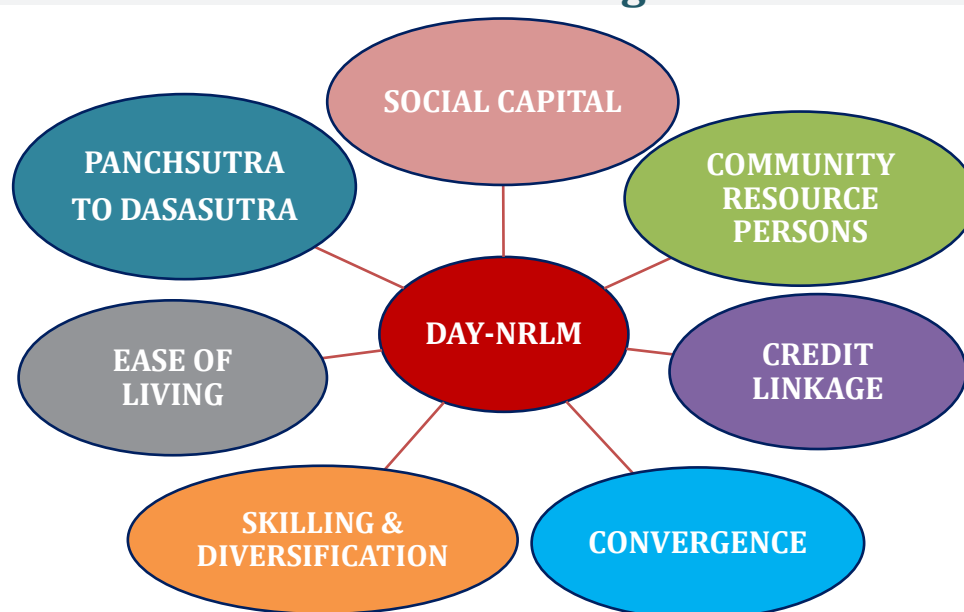

26

## DAY-NRLM: Outcomes in the Next 5 Years

Building Strong Institutions of the poor	Providing financial services to the poor	Scaling Farm Livelihoods	Renewed emphasis on non-farm enterprises
<ul style="list-style-type: none"> <li>• 9 crore women into 78 lakh SHGs</li> <li>• Establish 600 community managed training centers</li> <li>• Village Poverty Reduction Plans prepared by VOs into all GPDPs</li> </ul>	<ul style="list-style-type: none"> <li>• Rs. 3 lakh crore of bank credit to SHGs</li> <li>• 2 lakh women SHGs as BC Sakhi</li> <li>• 4 crore SHG members in life and accident insurance schemes</li> </ul>	<ul style="list-style-type: none"> <li>• Additional 30 lakh <i>mahila kisans</i> (MKs)</li> <li>• 12000 Producer Groups</li> <li>• 40 new large-scale FPOs</li> </ul>	<ul style="list-style-type: none"> <li>• SVEP support to 4.9 lakh enterprises</li> <li>• 19500 artisans supported under 75 non-farm clusters</li> <li>• 4000 SHG products listed on GeM</li> </ul>

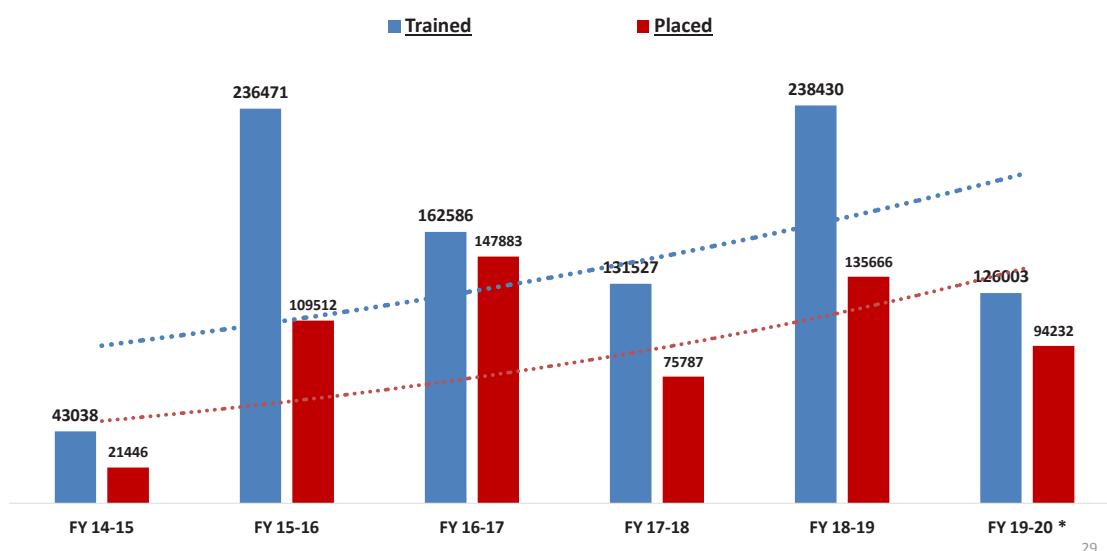

27

## Why is Livelihood Mission & Women SHGs Doing Well?

28

**DDU-GKY has trained and placed 9.34 Lakh, 5.84 Lakh respectively (Till Oct 2019).**

29

## DAY-NRLM: Skilling Rural Youth – Next 5 Years

- Mobilize 50 Lakh Rural Youth based on their aspiration with informed choice
- Engagement of CRPs for better implementation
- Train 43.77 Lakh Rural Youth
- Active engagement with 1000 Companies for assured placement
- CNN and SoP compliant RSETIs

2019-20	2020-21	2021-22	2022-23	2023-24
<ul style="list-style-type: none"> <li>7 Lakh candidates to be mobilized</li> <li>6.4 Lakh candidates to be trained</li> </ul>	<ul style="list-style-type: none"> <li>9 Lakh candidates to be mobilized</li> <li>7.8 Lakh candidates to be trained</li> </ul>	<ul style="list-style-type: none"> <li>12 Lakh candidates to be mobilized</li> <li>8.7 Lakh candidates to be trained</li> </ul>	<ul style="list-style-type: none"> <li>12 Lakh candidates to be mobilized</li> <li>9.8 Lakh candidates to be trained</li> </ul>	<ul style="list-style-type: none"> <li>10 Lakh candidates to be mobilized</li> <li>10.7 Lakh candidates to be trained</li> </ul>

30

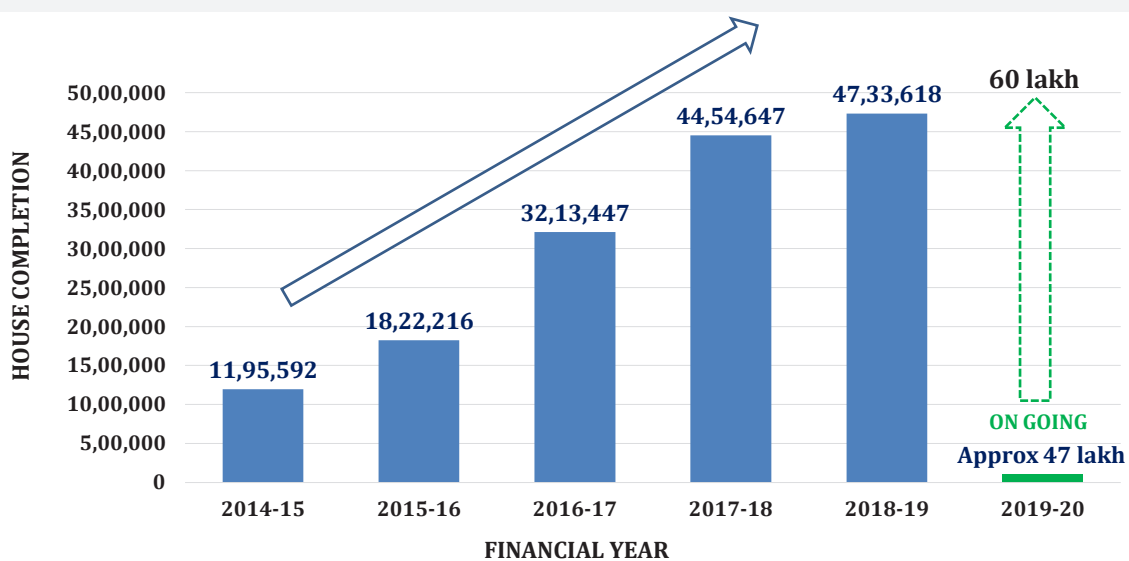

## PRADHAN MANTRI AWAAS YOJANA – GRAMIN (PMAY-G)

**1.54 crore Rural Homes completed in 5 years**

## YEAR WISE HOUSE COMPLETION

**1.54 crore houses constructed since April 2014**

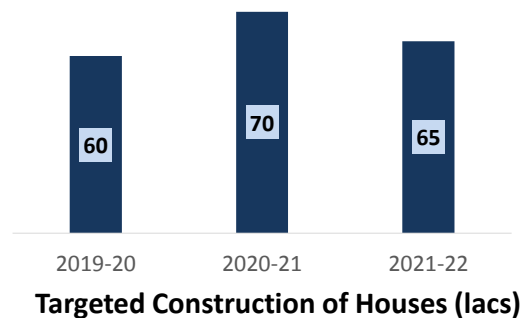

## Pradhan Mantri Awaas Yojana-Gramin (PMAY-G) *“Housing for All by 2022”*

- 2014-19 – 1.54 Cr. Rural Homes Completed.
- 2019-22 – 1.95 Cr. To be Completed.

Average number of days taken  
for completion of a house :

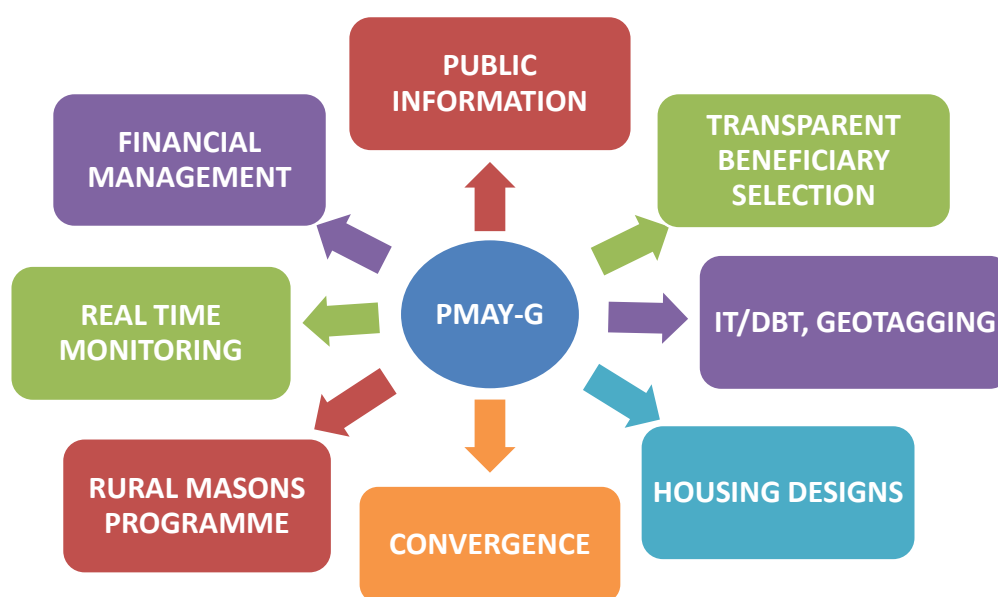

314 days in 2015-16 (20 sq. mt.)  
114 days in 2017-18 (25 sq. mt.)

**Funds required for FY  
2019-20 made available**

33

## Why is PMAY-Gramin doing well?

34

## PMAY-G - Achievements

### Identification of beneficiary households

- Total eligible households as per SECC 2011 data – 4.03 crore
- Identified households after verification by Gram Sabha and Appellate process - 2.53 crore

### Physical Progress (till 30<sup>th</sup> October, 2019)

- |  |                         |
|--|-------------------------|
| ➤ Target assigned to States / UTs (2016-17 to 2019-20) | = 1.50 crore houses     |
| ➤ Registration on MIS - AwaasSoft                      | = 1.50 crore households |
| ➤ Geo-tagging  | = 1.40 crore houses     |
| ➤ Sanction of houses to beneficiaries                  | = 1.33 crore houses     |
| ➤ Release of 1st installment                           | = 1.24 crore households |
| ➤ Release of 2nd installment                           | = 0.99 crore households |
| ➤ Houses completed                                     | = 0.86 crore houses     |

35

## MGNREGS as a Livelihood Resource

### Individual Assets

- Farm ponds, dug wells, etc.
- Vermi compost, NADEP Pits.
- Goatshed, Dairyshed, Poultry shed.
- 90/95 days work in PMAY-Gramin.
- Tree Patta Scheme plantation.
- Land Development/ Diversification.
- Animal Resource Shed with PMAY-G for the landless.
- Skills under LIFE - up the Skilling ladder.

### Community Assets

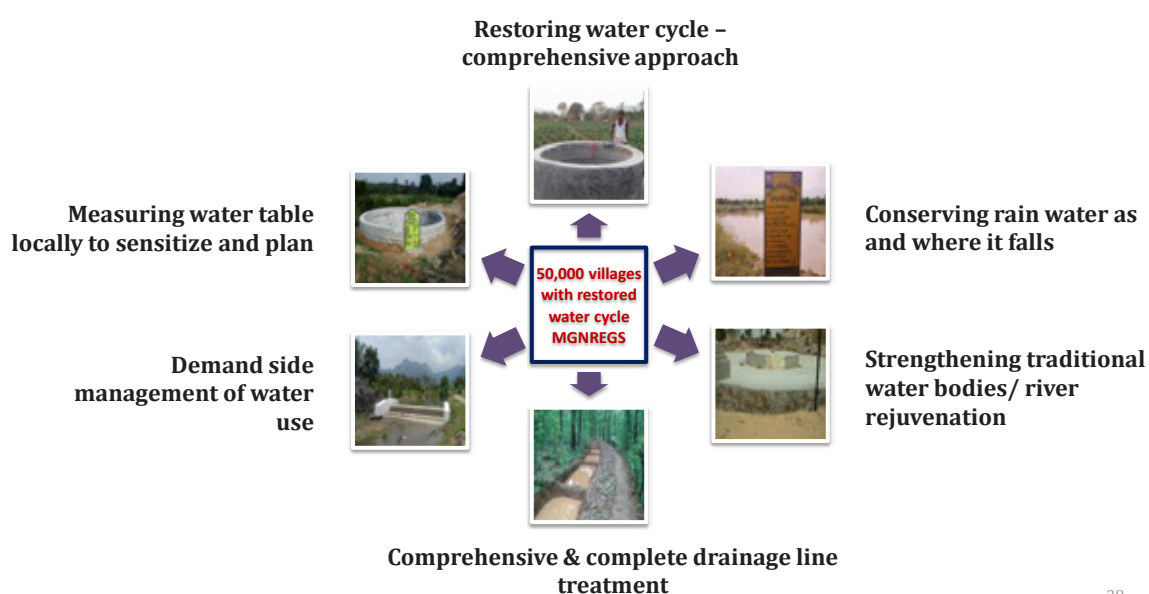

- Major water conservation measures.
- Grameen Haats for Producers.
- Workshed for Women SHGs.
- Solid Waste management.
- Village Roads, Parks, Drains.
- Aanganwadi buildings.
- Community Social Auditors/ Barefoot Technicians.

36

## Major Individual and Community Assets completed (2014-19)

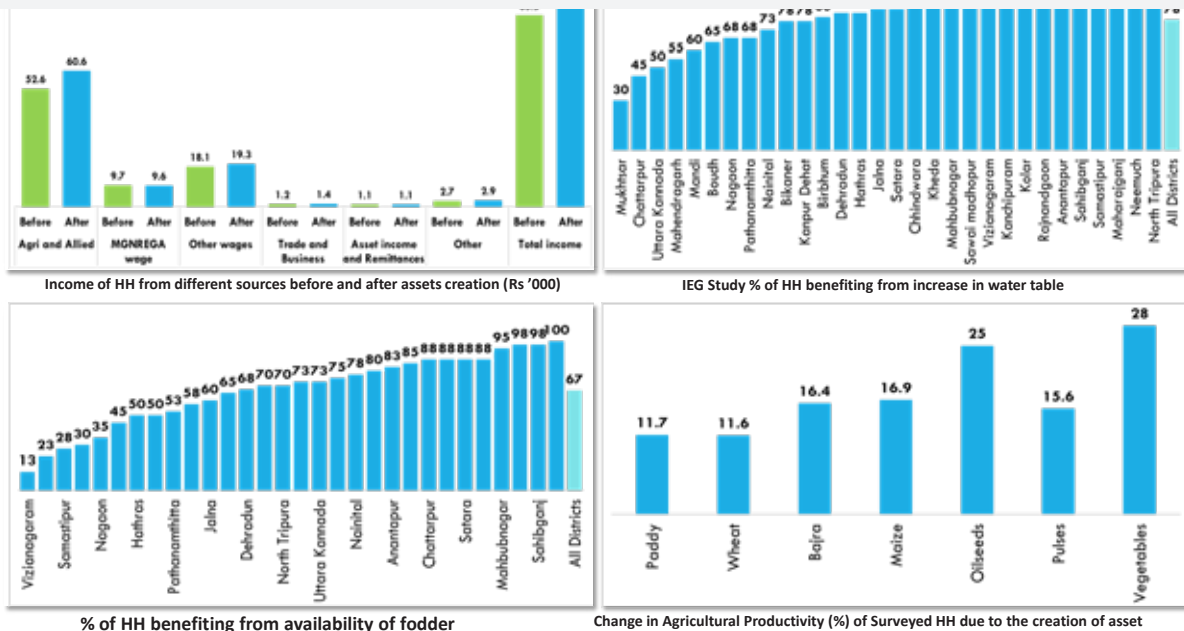

1.	Anganwadi Centre	42,716	8.	Renovation of Traditional Pond	6,78,059
2.	Farm Pond	18,17,701	9.	Check Dam	3,26,231
3.	Goat Shed	1,30,088	10.	Trench	2,69,682
4.	Cattle Shed	5,56,442	11.	Pond	1,95,545
5.	Vermi-NADEP	10,56,442	12.	Well	5,16,450
6.	Soak Pit	4,85,533	13.	Road (in Kms)	5,20,717
7.	Solid Liquid Waste Management	8,87,108	14.	PMAY-G Support	1,54,19,515

## Restoring Water Cycle – Community Led Initiatives MGNREGS spent > Rs. 1.55 lakh crore on NRM in 5 Years

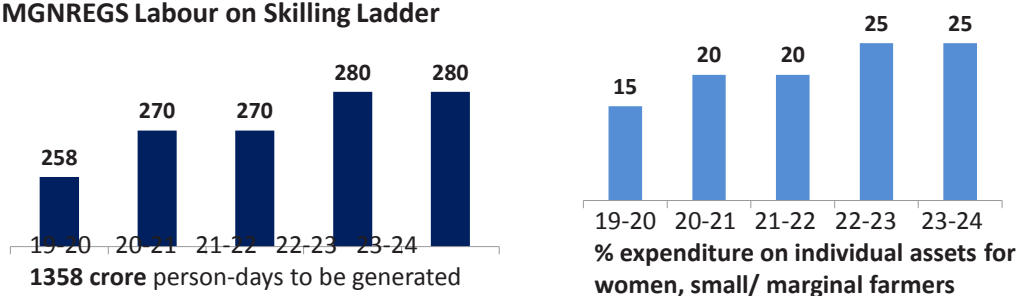

38

## IEG – MGNREGS Study 2018

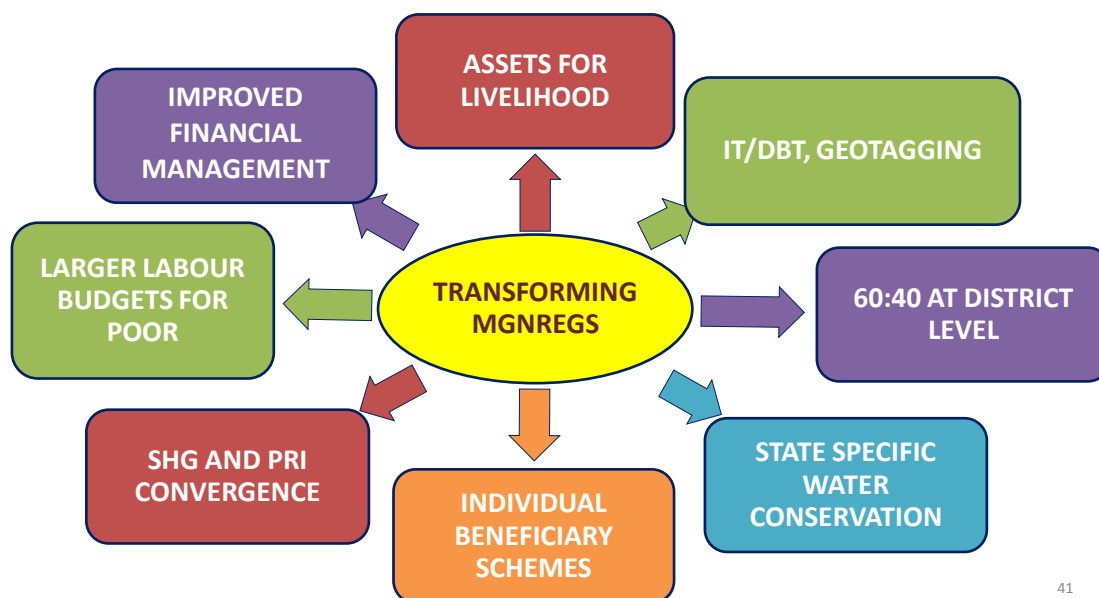

## MGNREGS : Next 5 Years

- At least 60% expenditure on Water Conservation works yearly
- Creation of community assets: AWC, Rural Haats/Infrastructure for collectives and SHGs
- Income generating Individual Beneficiary Schemes
- At least 60% expenditure on agriculture and allied activities yearly
- MGNREGS Labour on Skilling Ladder

40

## What transformed MGNREGS?

41

## PMGSY: Current Status

<b>PMGSY-I</b> Completion date-March 2019 1,78,184 habitations (Targets) <b>100% sanctions</b> <b>97% connectivity</b>	<b>100-249 (LWE)</b> Completion by March 2020 6,397 habitations sanctioned <b>100% sanctions</b> <b>72.5% connectivity</b>
<b>PMGSY-II</b> Completion by March 2020 50,000 kms up gradation <b>84% sanctioned</b> <b>61% completed</b>	<b>RCPLWE</b> Completion by March 2020 5,066 km sanctioned <b>100% sanctions of Phase 1</b> <b>21% completion</b>

**6,05,137 KM constructed till date**

42

## PMGSY-I → 500+ and 250+ connectivity

YEAR (s)	Road kilometers per day
2011 – 2014	79 km per day
2014 – 2016	100 km per day
2016 – 2019	130-135 km per day

Eligible & Feasible Habitations connected	
April 2014	56%
March 2019	96% - 97%

35052 km Green Technology Roads

43

## PMGSY : Next 5 Years

- Build roads of strategic importance in LWE areas [RCPLWE] : 10,000 kms
- Upgrade 1,25,000 km rural roads under PMGSY III, to improve connectivity of villages to markets, schools and hospitals
- Propagate use of new and green technology at least 15%

2019-20	2020-21	2021-22	2022-23	2023-24
<ul style="list-style-type: none"> <li>• Approval and Rollout PMGSY III</li> <li>• Complete 100% Sanction in PMGSY-II</li> </ul>	<ul style="list-style-type: none"> <li>• PMGSY-II 100% Completion</li> <li>• LWE 100% Completion</li> </ul>	<ul style="list-style-type: none"> <li>• PMGSY III: 100% sanctions</li> </ul>	<ul style="list-style-type: none"> <li>• RCPLWE Phase II: 100% Completion</li> </ul>	<ul style="list-style-type: none"> <li>• PMGSY III: 80% completion</li> </ul>

44

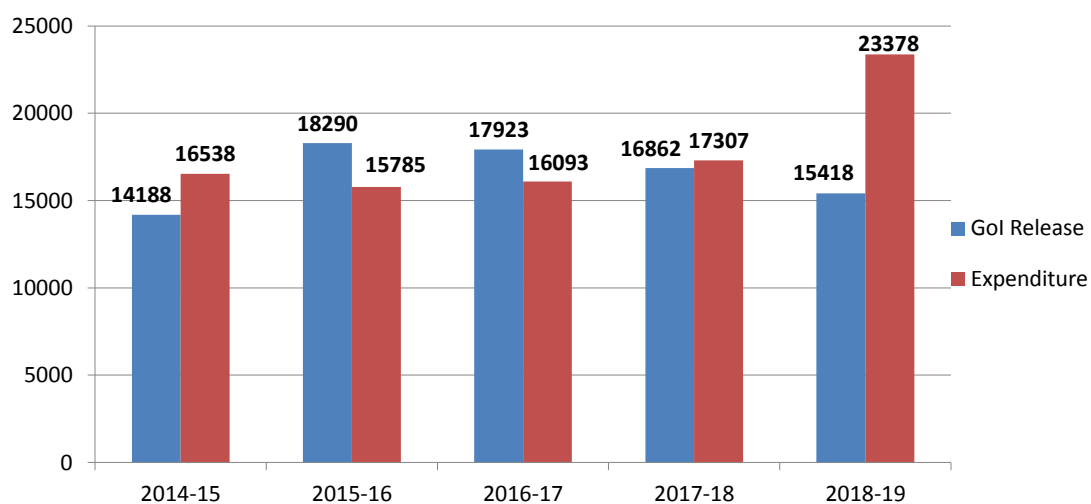

## Achievements during last 5 Years

Year	Habitation [in no]		Length [in km]	
	Target	Achievement	Target	Achievement
<b>2014-15</b>	4,688	11554	21,775	38043
<b>2015-16</b>	10,177	10207	33,649	35,150
<b>2016-17</b>	15,000	11970	48,812	47,446
<b>2017-18</b>	15,000	11,548	51,000	48,730
<b>2018-19</b>	15,000	10,484	57,700	49,043

45

## Trend of Releases from Gol and PMGSY Expenditure

(amount in Rs. crs.)

46

### PMGSY – III: Next 5 Years (2019-24)

- Cabinet approval in July, 2019.
- Guidelines issued in August, 2019.
- Total Target of 1,25,000 km.
- Phase I: 13 States taken on priority.
- Training completed for all states, PIU level training in 9 states.
- IT driven road planning using GIS platform.
  - 1000 trace maps generated
  - Identification of possible routes through trace maps
- **Identification of possible routes through GeoPMGSY app.**
  - **5.5+ lac** facilities geo-tagged photographs
  - GIS based algorithm to scientifically identify important routes

## Why PMGSY has done well

## Evaluation Studies of PMGSY

- 1 km of improved rural road gives 0.46 less days of illness  
(On way to good health? Rural Roads and morbidity in upland Odisha-2015 ,University of Heidelberg )
- PMGSY roads have provided new opportunities of employment in nearby urban areas
- Better education opportunities particularly for girls to continue beyond the elementary school level.
- Health facilities more accessible to people with more institutional births  
(Impact of PMGSY Roads on Accessibility in Rural roads, 2016, BITS Pilani)
- Increased cultivation choices and improvements in cropping patterns
- Significant savings in travel time and cost to reach the markets
- Increased awareness on not only consumer items but also on toilets and sanitation  
(Impact Assessment Study of Improved Rural Road Maintenance System under PMGSY, 2015, ILO)
- Increased accessibility through reduction in travel time
- Increase in the share of crops marketed
- Crop diversification leading to reduction of production/market risks  
(Impact Evaluation of PMGSY, 2019, World Bank)

49

## SAANSAD ADARSH GRAM YOJANA (SAGY)

- A unique approach in convergence to create model villages without allocating additional funds
- 2014-19 - First three phases of SAGY
  - 1,495 GPs identified by Hon'ble MPs
  - 69,789 activities planned under VDPs of 1,321 GPs
  - 41,925 (60%) activities completed under VDPs
- 2019-24: Each Hon'ble MP to identify 5 GPs
  - 84 GPs identified till 21 October 2019 under Phase-IV
  - Capacity building of State ToTs completed
  - Charge Officers would be trained in the coming months

50

## SHYAMA PRASAD MUKHERJI RURBAN MISSION (SPMRM)

### Physical Progress:

(in No)				
Milestone	Phase 1	Phase 2	Phase 3	Total
Cluster Identification	100	100	95	295
Integrated Cluster Action Plans (ICAPs) approved	100	94	93	287
Detailed Project Reports (DPRs) approved	84	73	67	224

### Financial Progress:

(Rs. in Crore)						
Milestone	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20
Budget Estimated (BE)	Rs.100.00	Rs. 300	Rs.300.00	Rs. 1000.00	Rs. 1200.00	Rs. 800.00
Revised Estimate (RE)	Rs.2.00	Rs.60.00	Rs.600.00	Rs.600.00	Rs. 451.03	-
Released Others:	Rs. 2.00	Rs.32.05	Rs. 599.45	Rs.553.26	Rs. 432.59	Rs. 154.78

- ❖ For real time monitoring of works and fund flow, a robust MIS called "RurbanSoft" has been developed and integrated with PFMS
- ❖ Framed Spatial Planning Guidelines for Framing Model Land Use Regulations, Development Controls and Service Level Benchmarks with Appropriate Enforcement Mechanisms for Rurban Clusters and shared with States/UTs
- ❖ Organized National level Workshop on experience sharing by elected representatives from SPMRM clusters
- ❖ To encourage planned development, land management and better project planning, Geo-Spatial plan for Rurban clusters are being made

## RURBAN – SAGY: Next 5 Years

- Develop 1000 new clusters around **thematic economic activities**
- Develop 1000 model villages under SAGY
- **Geo-spatial** planning for developing basic minimum infrastructure with pre-defined service benchmarks
- Cluster ownership & sustainable use of infrastructure created through **O&M by local governments or economic enterprises**
- Focus on **service level benchmarks**
- **Co-location & convergence** with all agri and micro enterprise activities to bring to scale farm/non-farm production.

2019-20	2020-21	2021-22	2022-23	2023-24
<ul style="list-style-type: none"> <li>Expedite progress in 295 existing SPMRM clusters</li> <li>200 GPs to be identified</li> </ul>	<ul style="list-style-type: none"> <li>SPMRM-II rolled out with first 300 clusters</li> <li>300 GPs to be identified</li> </ul>	<ul style="list-style-type: none"> <li>300 additional clusters</li> <li>300 GPs to be identified</li> </ul>	<ul style="list-style-type: none"> <li>400 additional clusters rolled out</li> <li>300 GPs to be identified</li> </ul>	<ul style="list-style-type: none"> <li>895 Clusters fully developed</li> <li>300 GPs to be identified</li> </ul>

52

## SOCIAL SECURITY IN RURAL AREAS

- Universal coverage of the old, widows and divyanga.
- 18-40 Contributory pension initiatives for unorganised workers and marginal and small farmers
- Placement based employment of Divyangjan under DDUGKY
- Skill opportunities for widows – DDUGKY & RSETI
- Homes for aged/divyanga/widows
- Self Help Groups of the elderly – a new initiative
- Make pension for 60+, widows & divyanga respectable- Centre plus States.

53

## National Social Assistance Programme (NSAP)

### Physical Progress:

(No. In crore)					
Milestone	2014-15	2015-16	2016-17	2017-18	2018-19
Beneficiaries Covered	3.05	2.72	2.84	2.89	2.89
Beneficiaries Digitized	2.03	2.60	2.70	3.18	3.22
Digital Transactions	-	-	1.72	15.00	21.27

### Financial Progress:

(Rs. In crore)					
Milestone	2014-15	2015-16	2016-17	2017-18	2018-19
Amount Allocated (BE/RE)	7241.00	9082.00	9500.00	8744.57	8429.69
Amount Released	7086.62	8616.40	8851.14	8696.16	8418.46

- ❖ To enhance transparency and elimination of inclusion exclusion errors. **Data of all the beneficiaries under NSAP has been digitized over NSAP-PPS.**
- ❖ With due consent 243 lakh beneficiaries have got their Aadhaar numbers enrolled with the scheme.
- ❖ Payment mechanism is being transformed towards **Aadhaar based payment system (with consent) to facilitate end-to-end digital transactions. This will lead to complete elimination of any possible inclusion errors.**
- ❖ In comparison to digital transactions through DBT in 2016-17 1.72 Crore, there has been a quantum jump of **21.27 crore in 2018-19.**

54

## Beneficiary Selection Criteria and Revised Pension Rates Based on Adoption of SECC Data

Criteria	Scheme	Age Group	Existing Pension Rate	Number of Beneficiaries (AI + 2 DEP)* (in crore)	Proposed Rates	Expected Annual Liability ( 12 months)
<ul style="list-style-type: none"><li>• All Beneficiaries at SECC Automatic Inclusion + Any Deprivation</li><li>• Widow pension admissible at 40+ and disability (40%) at age zero</li><li>• NFBS to continue as it is.</li><li>• Minimum rate Rs 1000 p.m.</li></ul>	NOAPS	60-79	200	4.85	800	<ul style="list-style-type: none"><li>➤ Total requirement of Funds Rs. 52,746 crore</li><li>➤ Centre Share: Rs. 27,814 crore</li><li>➤ State Share Rs. 24,235 crore</li><li>➤ Additional Funds for Centre: Rs. 18,614 crore</li></ul>

		80+	500		1500	
<ul style="list-style-type: none"><li>• Based on Hasmukh Adhia Committee Report</li><li>• *Current total number of beneficiaries : 3.09 crore</li></ul>						

55

55

## DISHA Monitoring Mechanism

- Minimum one meeting per quarter at District Level DISHA Committee.
- Follow up action on recommendations of the DISHA committee should be initiated within 30 days of the meeting.
- Member Secretary to ensure conduct of meetings as well as proceedings of meetings are uploaded on the website of the Ministry of Rural Development regularly.
- DISHA meetings reported by States in previous years:

Year	No. of meetings reported
2016-17	832
2017-18	814
2018-19	656
2019-20	56

56

# THANKS

57

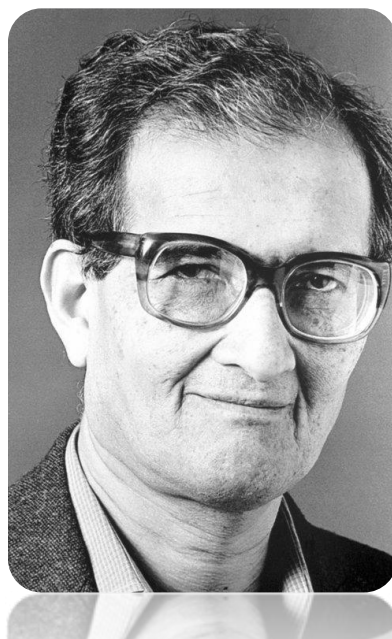

# SOCIAL ACCOUNTABILITY

## BEST PRACTICES ACROSS THE WORLD

13<sup>th</sup> NOVEMBER 2019, VIGYAN BHAVAN

“Silence is a  
powerful enemy of  
social justice.”

– Amartya Sen

## Ordinary people can make a difference ...

By asking the **right** questions at the **right** time in the **right** manner...

Backed by the power of **Information and knowledge!**

## WHY SOCIAL ACCOUNTABILITY? DEMAND SIDE

### To Address

Corruption

Service to abysmally low quality

No Services

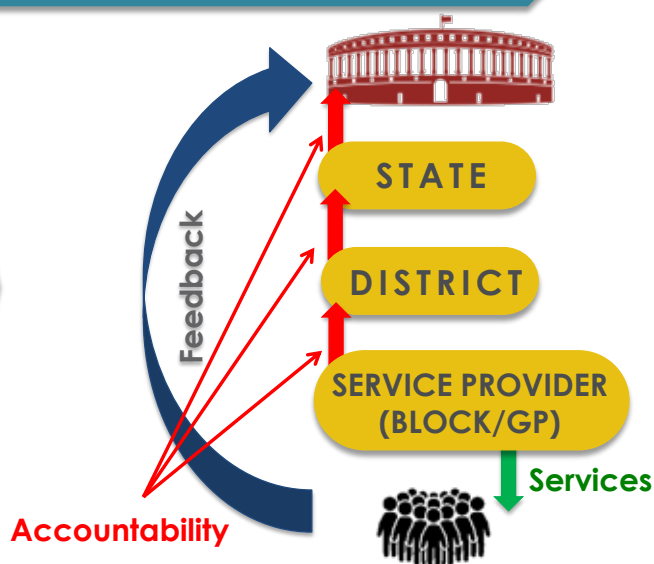

### Impacts everybody, but..

**Poor** tend to be more affected by it

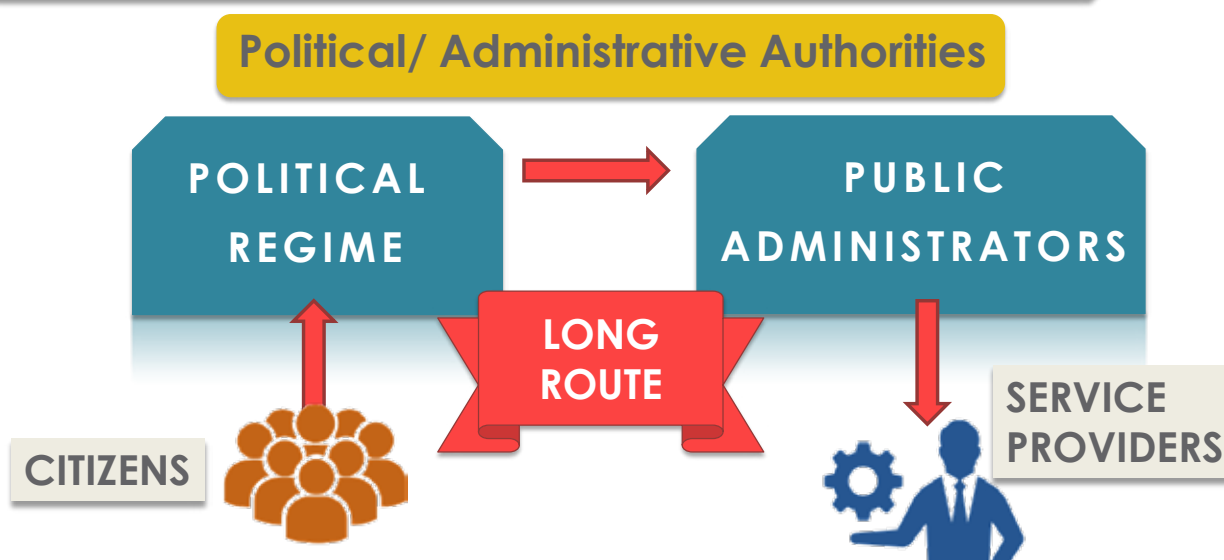

**Unable to compensate** by switching to better-quality **private** services.

## Traditional Methods of Accountability

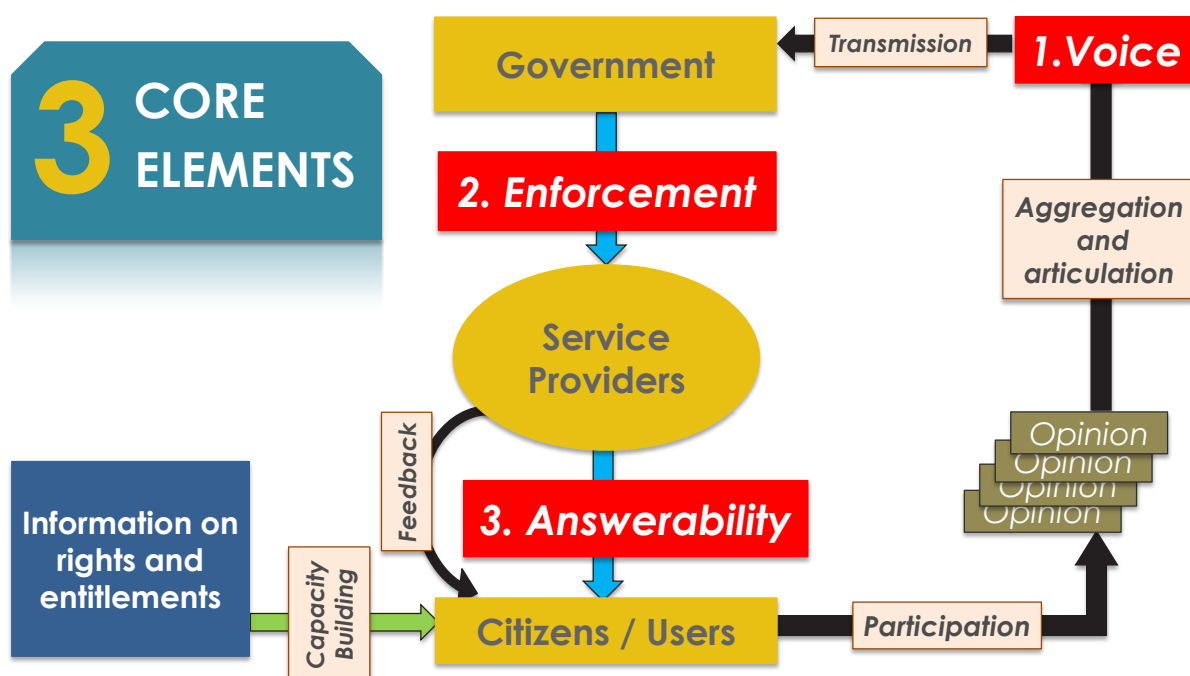

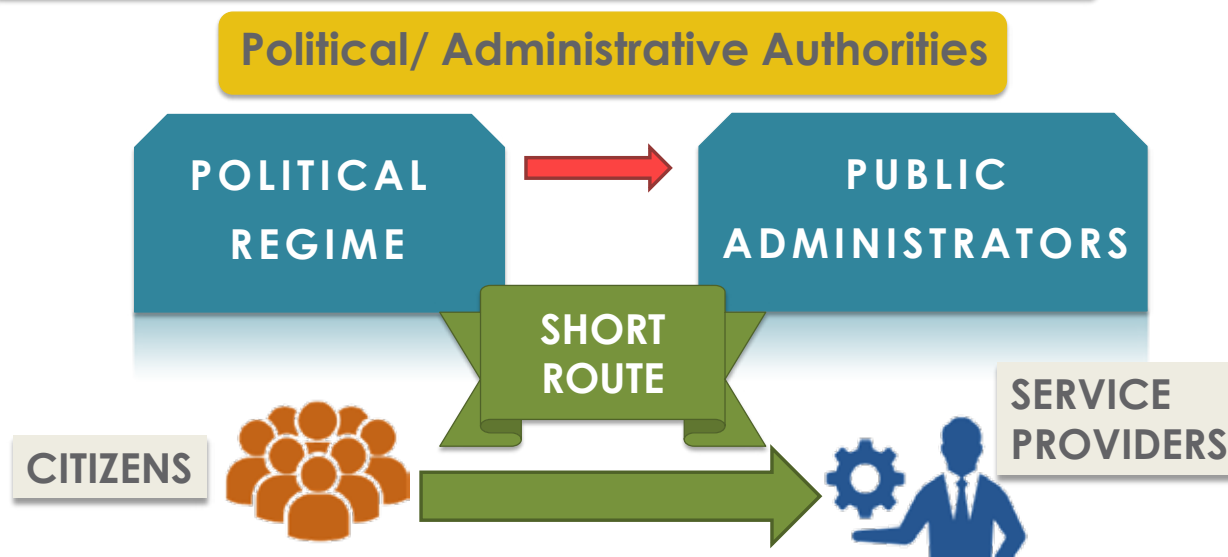

- Elections
- C&AG
- RTI
- Protests/ Demonstrations
- Advocacy campaigns
- Investigative journalism
- Public interest lawsuits

## Traditional Accountability

# Social Accountability

## Challenges

Elite Capture

Violence

High  
Factionalism

## Tools for Social Accountability

Community Score  
Card (CSC)

Citizen Report  
Card (CRC)

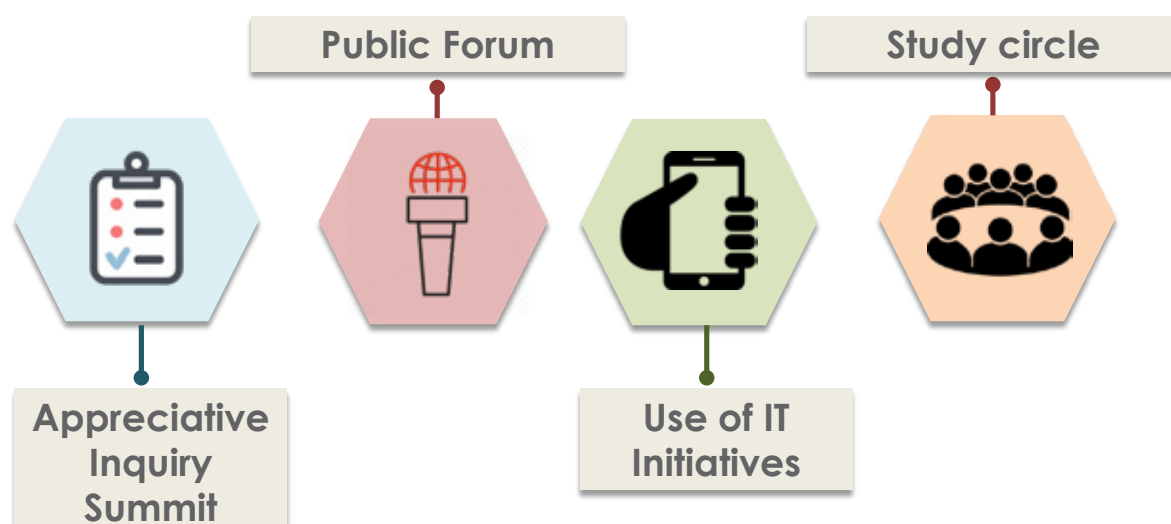

Participatory  
budgeting

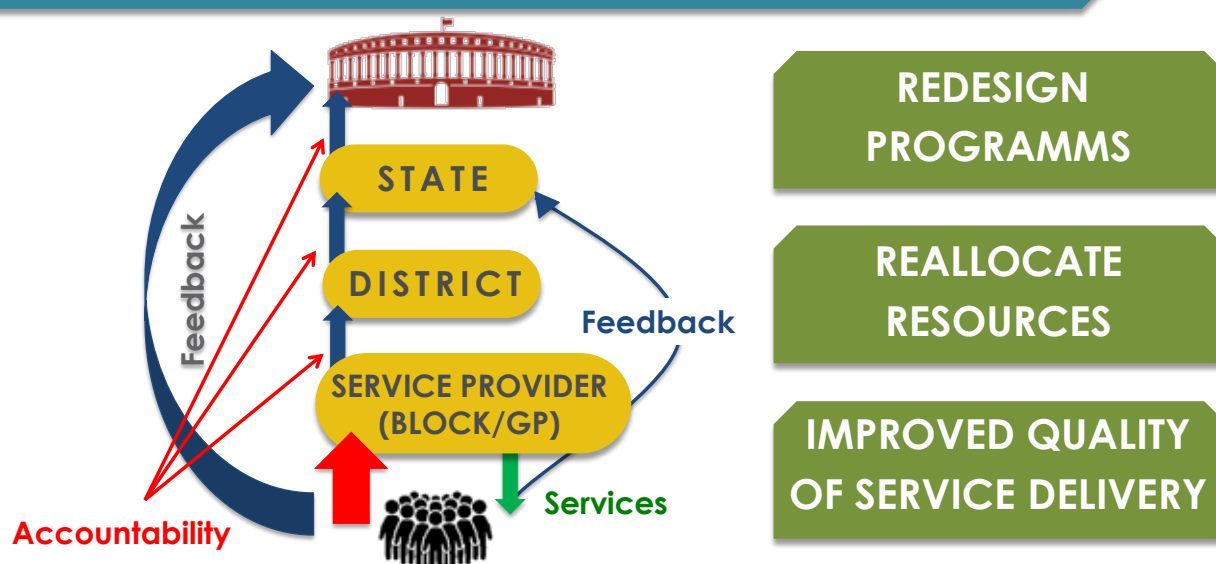

Social Audits

## Tools for Social Accountability

## Strengthening Downward Accountability

# BEST PRACTICES

## OFSTED's Inspection of Schools

ENGLAND

- Monitoring of schools by **a non-ministerial dept.**
- Reports submitted **directly in the Parliament**

- *Ranking of schools*
- *Public disclosure of the rankings*
- *Budget allocation - proportional to ranking*

## Citizen Monitoring of Projects

Philippines

- CSO **selected by Government** for monitoring
- **Monitoring team** consists of
  - CSO representatives,
  - beneficiaries
  - trained village personnel
- Monitoring **reports shared** with community

- *CSO led monitoring*
- *Findings of reports - prerequisite for payments*

## e-AGORA – Participatory Democracy

European Union

- **Distance training** programme
- Using **digital platform** for wider coverage
- Training provided in **11 countries** viz. France, Belgium, Portugal, Spain, Brazil & Chile
- **Linked civil servants** with Citizens & CSOs

- *e-based course on participatory planning and accountability*

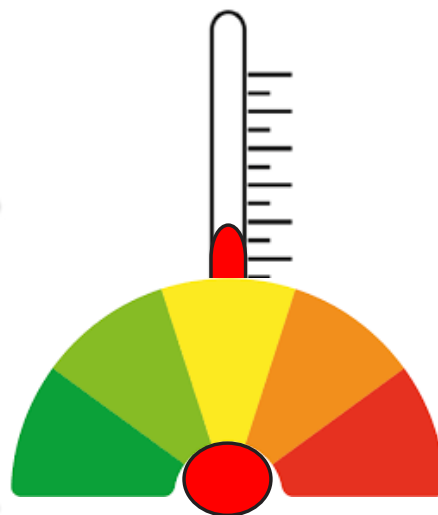

## Barometer Report

Zambia

- CSO mobilizes **peoples' participation** for monitoring of Govt. services
- A “**barometer**” **Report** is issued which includes
  - Quantitative assessment
  - Qualitative assessment
  - Summary of findings
  - Recommendations for action

- *CSO leadership*
- *Community Report Card*

## National Citizen Ombudsman Liaison Council

Japan

- **Independent CSO** based
- **Public Lawyers** gathered to seek information on **Govt. expenditure**
- National level transparency **ranking of local Government**

- *Lawyers lead the program*
- *Ranking of local Govt.*
- *Media coverage*

## Citizens' Report Card Survey

Bengaluru (India)

- Annual **survey by children** (12-14 aged), since 2000
- **Themes** like roads, polyethene's, etc.,
- Children **interview adults** on annual theme
- Report released in **Public function**

- *Involvement of Students*
- *Disclosure in Public Function*

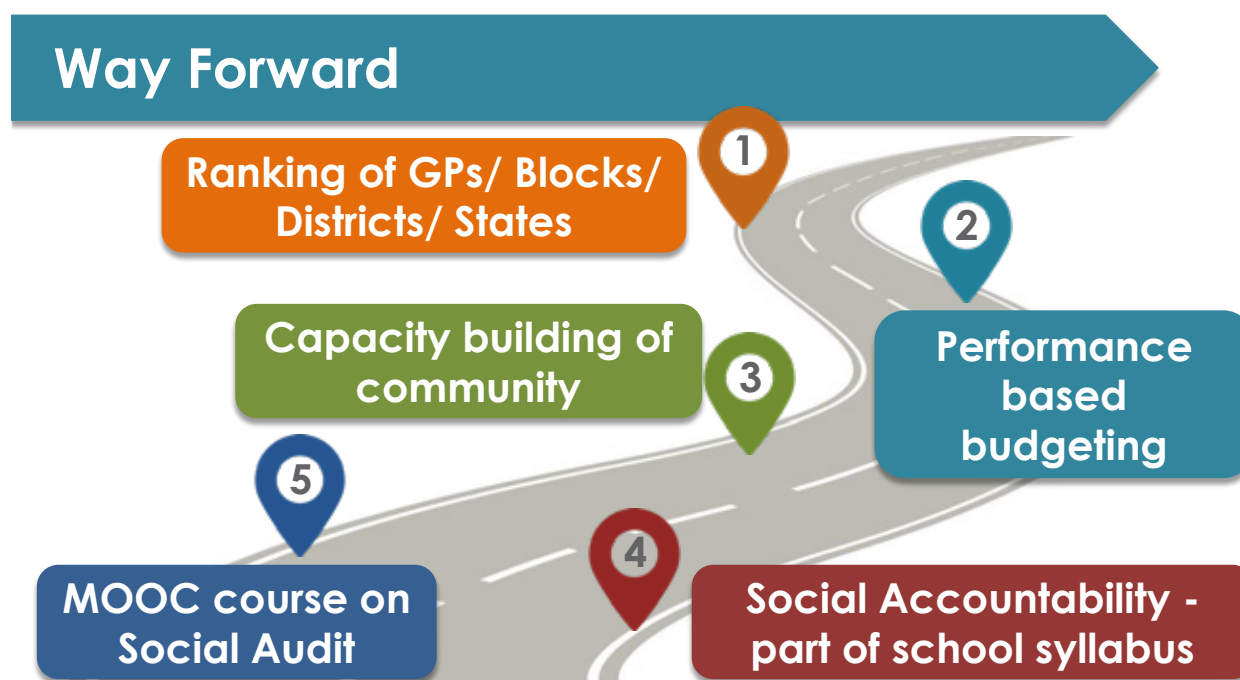

## Way Forward

- **Report to be segregated into –**
  - Procedural issues
  - Financial issues
  - Complaints

- **State SAU report to have –**
  - National level issues- **Policy**
  - State level issues- **Disciplinary**
  - District level issues- **Training**

Great things never come  
from comfort zones!

**Thank you!**

## National Seminar on Social Audit of RD Programmes

### PMAY-G Social Audit Guidelines

13-14th November, 2019

### Plan of presentation

1	PMAY-G Framework for Implementation and Social Audit	<a href="#">Go to slide</a>
2	Process followed in finalization of the Social Audit guidelines	<a href="#">Go to slide</a>
3	Key documents required for Social Audit	<a href="#">Go to slide</a>
4	Social Audit process flow	<a href="#">Go to slide</a>
5	Scope of Social Audit	<a href="#">Go to slide</a>
6	Governance Structure	<a href="#">Go to slide</a>
7	Funds management	<a href="#">Go to slide</a>
8	Training	<a href="#">Go to slide</a>

## PMAY-G and Social Audit

### Social Audit (SA) in PMAY-G

Section 9.6.3 of Framework for Implementation for Pradhan Mantri Awaas Yojana – Gramin, Section articulates:

“Social Audit Units (SAU), set up by the State/UT Government **under MGNREGA, to be roped in** to facilitate conduct of Social Audit of PMAY-G. Resource persons identified by the SAU at different levels may be involved with the Gram Sabha in conducting social audit. The resource persons can be drawn from **primary stakeholders, civil society organizations or individuals, having knowledge and experience in working for the rights of the people.** The quality monitors and Community Resource persons under Rural Development schemes shall be part of the Social Audit process.”

Pradhan Mantri Awaas Yojana (Gramin)

Slide No. 3

## The process followed in finalization of PMAY-G SA guidelines

*Consultative process adopted for finalization of Social Audit guidelines of PMAY-G, with the involvement of SAUs, State implementing officials etc.*

### The Process followed

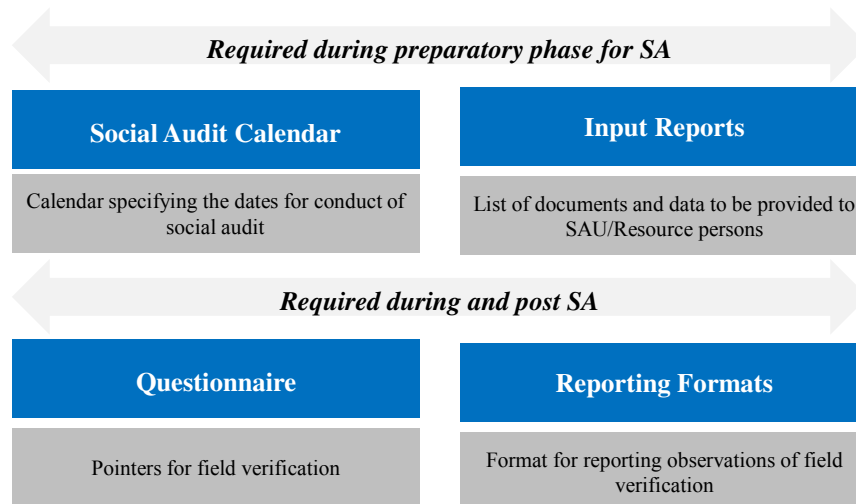

- 1 Draft guidelines developed by RH-MoRD
- 2 Write shop organized by NIRD&PR for discussion on draft guidelines and seeking inputs on the same
- 3 Revised guidelines shared by NIRD&PR, incorporating inputs from the write shop
- 4 Discussion with NIRD&PR on the revised guidelines
- 5 Internal discussion on the revised guidelines by RH- MoRD
- 6 Comments shared with NIRD&PR and draft revised accordingly
- 7 Shared the draft guidelines with States/UTs for their inputs
- 8 Guidelines revised basis inputs from the states
- 9 Finalization of guidelines and their release

Slide No. 9

## Governance Structure (3/3) | Social Audit Units

Composition	Role & Responsibilities
A <b>separate Program division</b> (PD) for PMAY-G within SAU at State level is required	Ensure that Social Audit of PMAY-G is conducted in every Gram Panchayat once in a year and accordingly prepare the annual calendar
At state level, SAU can engage one person each for these positions: (i) PMAY-G Coordinator, (ii) MIS Manager, (iii) Accounts Manager and (iv) Documentation Specialist, as required	Upload social audit calendar and report deviations from the calendar, if any, on AwaasSoft
VRPs can be drawn from primary stakeholders, civil society organizations, SHGs under NRLM and other organizations or individuals having knowledge and experience of working for the rights of people.	Facilitate development of required documents for conduct of SA
	Issue code of conduct for all SA resource persons
	Conduct meetings with implementation officials and keep track of the action taken

# NATIONAL SOCIAL ASSISTANCE PROGRAMME

---

## Social Audit

- A concept that has become popular and relevant in the context of good governance.
- An important tool to empower people
- Ensures their participation in implementation of a scheme
- Done by Gram Sabha at the lowest level in the presence of local officials.
- Publication of findings and reports in the public domain.
- Through its processes allows the civil society to identify and bridge the gap between the desired and actual impact of a programme under implementation

## Purpose

- Involvement of stakeholders in scrutinizing and evaluating the implementation at field level
- To implement the scheme in a more meaningful and effective manner
- Shortcomings, assessed during audit, could be eliminated
- Significant for all Government Schemes especially NSAP where beneficiaries belong to the most vulnerable category of society
- Schemes under NSAP provide earmarking of 0.5% of the funds
- MGNREGA, National Food Security Act, Rights of Persons with Disabilities Act have provision for SA

## Objectives

### It ensures:

- Awareness generation for all stake holders
- Pro-active disclosure of the information pertaining to the Scheme
- Beneficiary verification/validation based on eligibility criteria
- Providing platform for recording grievances and
- forwarding to appropriate authorities for their quick redressal
- Accountability and transparency,
- Monitoring of unethical practices and regular assessment of delivery mechanism

## Pilot Social Audits

- NIRD & PR conducted pilot in four States, viz.,
  - i. Tamil Nadu
  - ii. Odisha
  - iii. Maharashtra and
  - iv. Assam
- SA was done in 2 GPs in Maharashtra and one each in other States
- In Tamil Nadu and Maharashtra, it was also done in one urban ward each

## Outcome: Common issues

- Low awareness of the NSAP schemes
- Not clear what percentage of people are there in the BPL list
- Irregular payments
- Difficulty in withdrawing money
- Many beneficiaries not alive
- Many are untraceable
- No annual verification , poor transparency,
- Poor grievance redressal
- MIS has incomplete data
- Poor coverage

## Suggestions

- Establish and support **Social Audit Unit (SAU)**
  - provide funding
  - build MIS
- Strengthen PMU
  - through hiring social audit consultants
  - create a separate team to support social audit
  - Social Audit across all programmes
- MoRD will review findings and action taken reports
- Capacity building of resource persons to facilitate social audit

## MIS for Social Audit

- Beneficiary data should have photo and other details :
  - address, village, hamlet, ward number, BPL number, ration card, bank a/c, Postal a/c, verification status
- Data to be available in downloadable and printable format
- MIS to register
  - Social Audit findings
  - Grievances and
  - Action taken by implementing agencies
- Mobile application with data and ability to upload findings and grievances

## Recommendations

- Increase awareness
- Beneficiary lists to be made widely available  
**among ward members and SHG members**
- Update eligibility criteria
- Expand Coverage within the applicable limits
- Grievance redressal system to be set up and operationalised
- MIS – data of all beneficiaries to be reflected
- Door –step delivery , pro-active identification, annual verification
- Exemptions to people who do not have aadhar or face difficulties with aadhaar.

## Way forward - Scaling up Pilot Audits

- NIRD & PD entrusted with the task of piloting SA studies in 10 more states;  
MP, UP, WB, Jharkhand, Gujarat, Rajasthan,  
Karnataka, Telangana, Meghalaya and Mizoram.
- For regular follow up with States, PMU consisting of 4 consultants for SA to be established
- On the lines of other Schemes of the Department, SA for NSAP to be regularly conducted by States and
- expenditure incurred to be duly reflected in the UCs submitted by States.

# Thank You.

## ROLE OF SHGs in social audit

Ms. LEENA JOHRI, JOINT SECRETARY -MORD

## 2 The Mission

**Launched in 2011**

**Centre-piece of Government of India's rural poverty alleviation strategy**

**Largest institutional platform for social inclusion and women's economic and social empowerment**

**High Quality Professionals working for the poor**

**Promoting principles and culture of self help**

### 3 Key Components

Promotion of Sustainable institutions of the rural poor

Ensuring access to financial services

Diversified and Sustainable income sources

Social inclusion and Human development

### 5 Pillar 1 : Mobilization and Institution Building

3 tier architecture established in all States and Union Territories of the country

**29120** secondary level federations

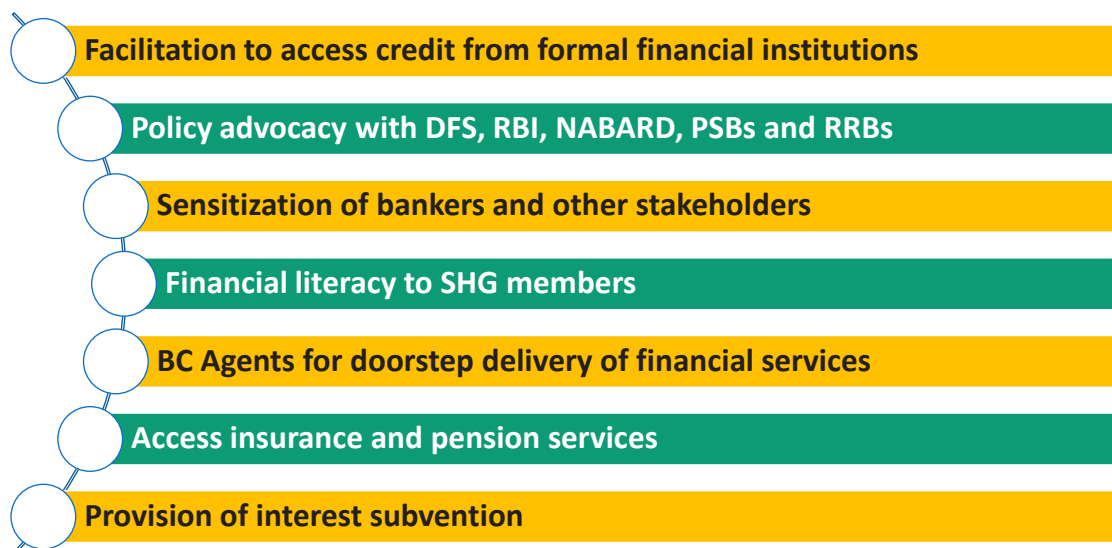

**325,647** primary level federations

**6.4 crore** women in **58 lakh** SHGs

These institutions

- Mediate livelihood and social issues affecting the poor
- Facilitate access of the poor to entitlements and public services

## 6 Pillar 2: Pro-Poor Financial Services

## 7 Pillar 2: Pro-Poor Financial Services

Rs. 2.35 lakh Crore

*Bank Credit accessed by SHGs since 2013-14*

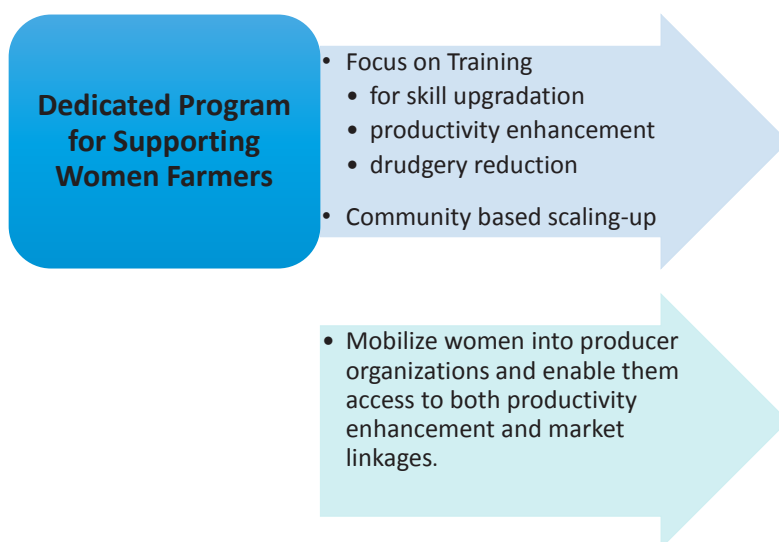

1.4 crore

*SHG Members covered under life and health insurance*

4000

*SHG Members providing last mile delivery of financial services as BCAs*

### Pillar 3: Livelihoods Interventions – Farm-based

**SVEP**

- Launched in 2015-16 to support rural entrepreneurs
- 63699 enterprises being supported

**DDUGKY**

- Implemented through Project Implementation Agencies (PIAs)
- Emphasis on Market-led placement linked skill training program
- 873,000 youth trained, 542,000 placed

**RSETI**

- Dedicated infrastructure in each district of the country to impart training and skill upgradation of rural youth
- Since inception, 32.2 lakh youth trained, 22.05 lakh settled

## Key Components - Social Inclusion and Social Development:

### Social Inclusion:

- Pilots on ensuring Social inclusion – AHT, PwD, Elderly & PTGs
- Special drive for inclusion of the most vulnerable HHs
- Vulnerability Reduction Plan & Vulnerability Reduction Fund (VRF)

### Food, Nutrition, Health and Sanitation (FNHW)

- 1000 Days window – Institutional delivery, Colostrum feeding, prenatal and antenatal care, exclusive breast feeding, complementary feeding
- Dietary Diversification
- Reducing Anaemia
- Use of Sanitary Toilets
- Hand washing practices
- Participation in Poshan Maah and Poshan Abhiyaan

## Key Components - Social Inclusion and Social Development: Gender:

- Sensitization and capacity building of Mission staff, CBOs and their staff
- Addressing Gender issues viz., domestic violence, Safety and security of women, girls education etc.
- Convergence with line departments

## Convergence with PRIs:

- Capacity building of CBOs
- Creating mechanisms for regular interaction between CBOs and PRIs
- Training CRPs on GPDP @ 2 per VOs
- Preparation of Village Poverty Reduction Plan and submission to Grama Sabha for inclusion in GPDP
- Participation in Grama Sabha
- Access to rights and entitlements

## 12 Why SHGs in Social Audit?

**SHG members are ideally placed to support in monitoring the activities implemented by PRIs and line departments**

- **Beneficiaries** - Poor rural women mobilized into SHGs are the target of most welfare schemes
- **Awareness** - SHGs and its federations are oriented on the contours of other welfare programmes, rights and entitlements
- **Huge Numbers** - DAY-NRLM has generated substantial social capital trained on several themes viz. Institution Building & Social Mobilization, Financial Inclusion, Farm and Non-Farm Livelihoods etc.
  - More than 2.5 lakh SHG members trained as CRPs

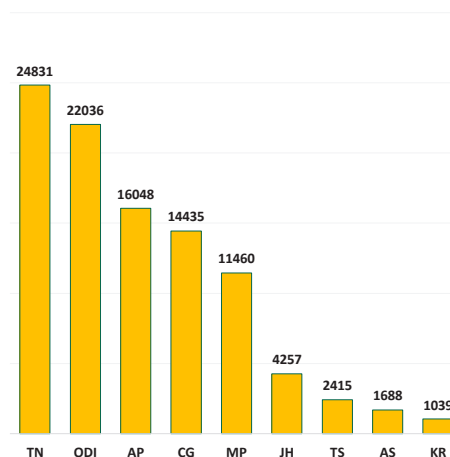

## Available Social Capital - 2.5 lakh CRPs and 56,000 Master trainers

### Types of CRPs and Master Trainers:

- Institution Building CRPs
- Senior CRPs
- Bookkeeping CRPs
- Registration CRPs
- Community Auditors
- Health CRPs
- Samata Sakhi's (Gender CRPs)
- Sethu Didi's (Convergence CRPs)
- Bank Mithras, Bank Sakhis and
- Business Correspondent Agents
- Livelihood CRPs
  - Krushi Sakhi's
  - Pashu Sakhi's
  - Udhya Sakhi's
  - Enterprises CRPs (ePRPs)
- Social Audit CRPs - MGNREGA

## 13 SHG members in Social Audit

- MoRD has developed a manual for training of Village Resource Persons (VRPs) for social audit of Govt schemes in collaboration with TISS and NIRD&PR
- 4- day residential training conducted at the block/cluster level
- Over 98000 SHG members trained as VRPs in 9 States.
- These VRPs are conducting social audit for MGNREGA
- Social Audit of other programmes such as PMGSY, PMAY-G, NSAP to be initiated.

SHG members trained as VRPs

Thank you for your  
attention!

# Social Audit of Fourteenth Finance Commission Grants

Government of India  
Ministry of Panchayati Raj

Dr. Sanjeeb K. Patjoshi

13<sup>th</sup> November 2019

## Panchayats: a snapshot

Total No. Of GPs in <b>FFC States</b>	:	2,46,020
Total No. of Gram Panchayats in <b>country</b>	:	2,53,047
No. of Block Panchayats	:	6,716
No. of District Panchayats	:	654
PRIs Elected members	:	30.45 lakh
No. of Elected Women Representatives	:	13.79 lakh (45%)

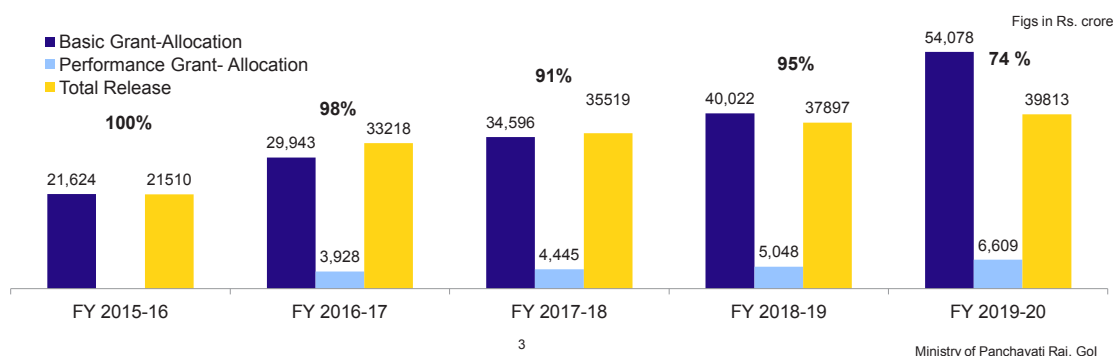

## Status of Allocation & Release of FFC to States

- **Untied Fund: Rs. 200292.17** crore allocated to the GPs for 2015-20
- Funds provided to 26 States' GPs (including V Schedule Areas) excluding VI Schedule Areas & 5 UTs
- Fund availability: Rs. 488 per year per capita (Rs. 3.66 lac – Rs. 73.20 lac)
- Basic Grant: 90%; Performance Grant: 10%
- **Total Release (2015-16 to 2019-20) : Rs. 1,67,957 Crore (83.86%)**
- **Penal Interest paid by States for Delay - Rs. 108.75 Crore**

## Salient features of FFC

### Basic Grant Criteria (90%)

- For basic services to duly constituted (elected) GPs only
- 15 days time limit to transfer funds to GPs by State & Interest payment by State for delay beyond 15 days

### Performance Grant criteria (10%)

- Audited annual accounts of GPs of two years preceding the year
- Increase in the own revenues over preceding year (ODF & child Immunization from FY 2018-19 onwards)

## FFC: 90% of allocation for Basic Services

## 10% allocation for

### Administrative & technical support

Hiring of services

Purchase of computers, accessories & AMC

One time internet connectivity & recurring charges

One time cost for purchase of essential furniture

Payment of street light/water supply charges

One time updation of accounts; cost of social audit

Data entry cost; hiring charges for vehicles in emergent cases

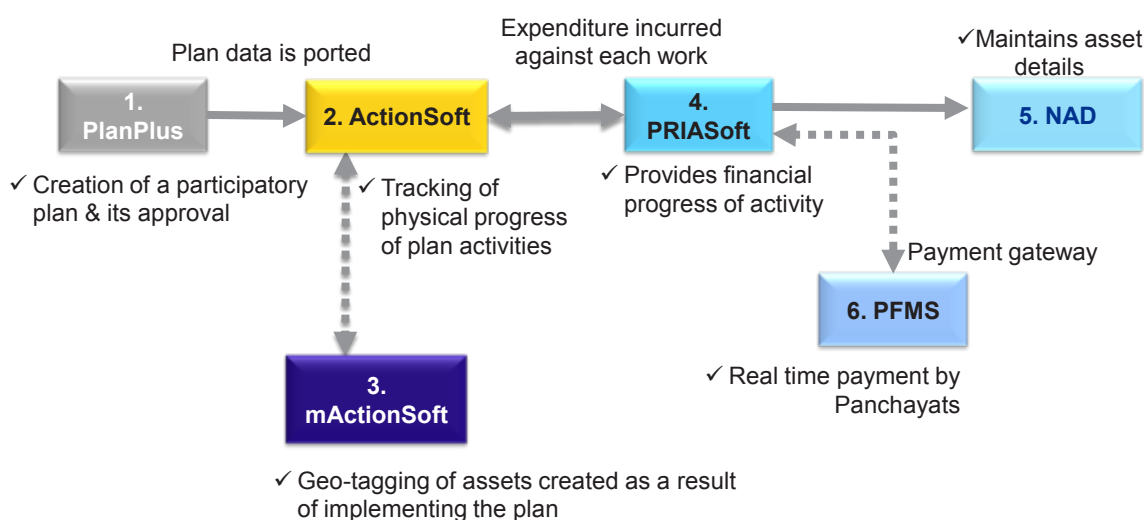

Capacity building of functionaries if funds are not under any CSS or State Sector scheme

Cost of preparation of technical plan

Electrification of GP including provision of solar lights

## e-FMS Architecture towards work based accounting

6

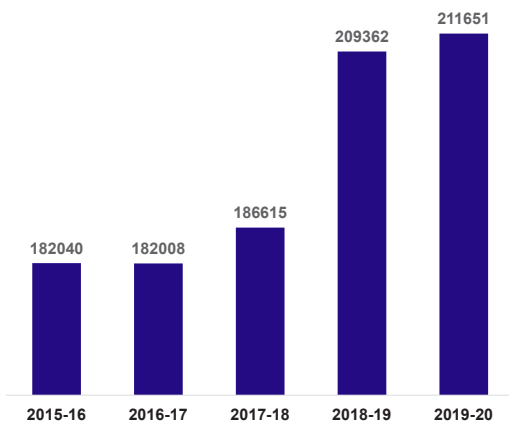

Ministry of Panchayati Raj, GoI

## PRIASoft Status – FFC

No. of Active GPs in PRIASoft

Top performing States: 2018-19

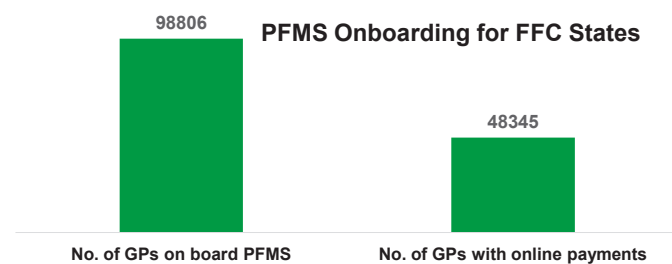

State	% of GPs with closed Account Books
Assam	100%
Chhattisgarh	100%
Tamil Nadu	100%
Tripura	100%
Uttarakhand	99%
Uttar Pradesh	99%
Maharashtra	99%

7

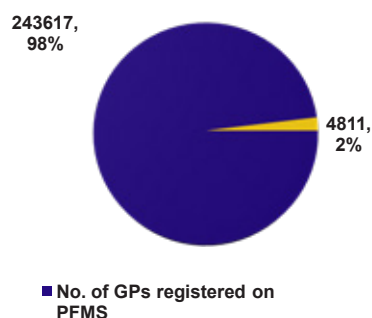

Ministry of Panchayati Raj, Gol

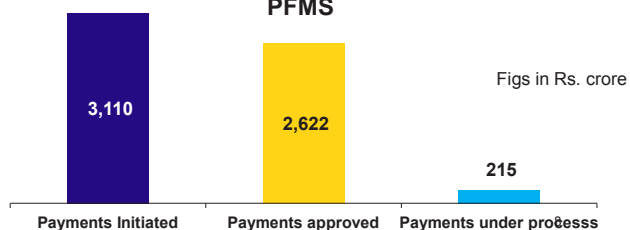

## PFMS Status – FFC

No. of GPs registered in PFMS – FFC States

Payment Status report through PRIASoft-PFMS

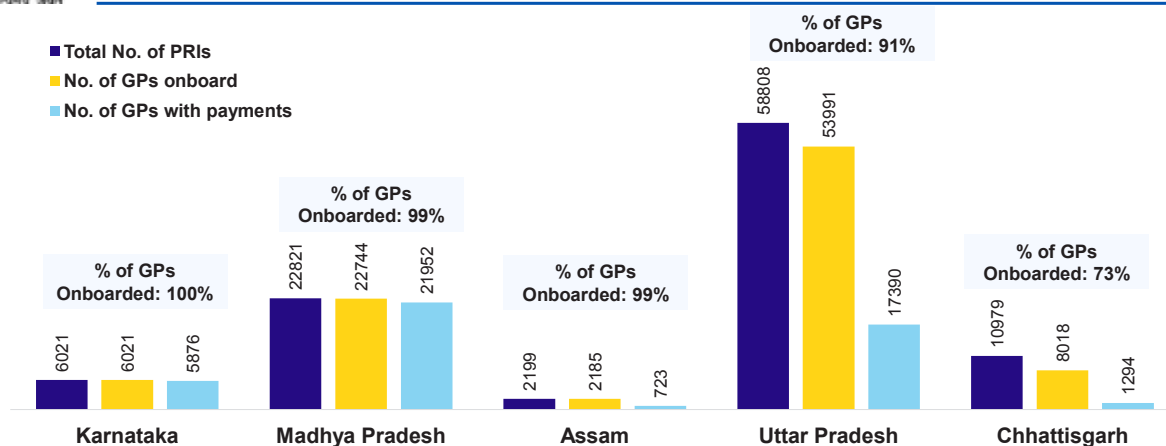

Figs in Rs. crore

Ministry of Panchayati Raj, Gol

## Top performing States: PRIASoft-PFMS

Other States where GPs have on-boarded: Goa, J&K, Jharkhand, Odisha, Punjab, Rajasthan, Tamil Nadu & Uttarakhand

9

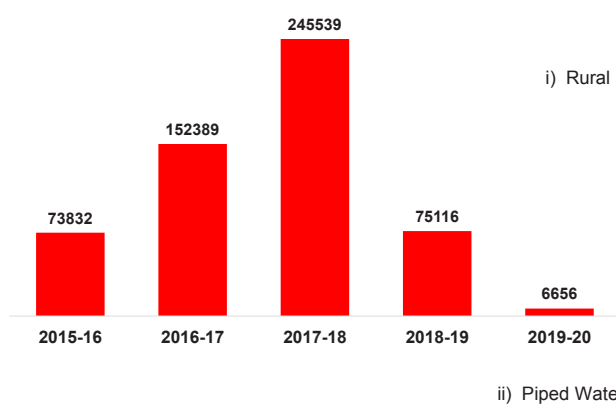

Ministry of Panchayati Raj, Gol

## Geo-tagging Status: FFC

No. of Geo tagged assets  
(2015-16 to 2019-20) = 5,53,532

10

Ministry of Panchayati Raj, Gol

## Need for Social Audit

- Establishment of a third party audit system for monitoring – as per FFC guidelines
- Social Audit to form an integral part of the Audit system
- FFC social audit in convergence with social audit of MGNREGS
- Expenditure towards social audit can be met from the 10% allocation towards Administrative & technical support component of FFC

**Madhya Pradesh (FY 18-19) & Jharkhand (FY 17-18) have undertaken Social Audit of FFC grants in 1500 GPs and 763 GPs respectively**

## Objectives of Social Audit

- Study on extent of FFC fund utilization towards development of assets for the basic services & its operation and maintenance
- Analyse whether FFC funds are utilized for mix of all essential basic services or concentrated to few
- Spot visits/ study of GPs to ascertain FFC funds are optimally utilized for provisioning of basic services
- Identifying reasons in scenarios where GP do not receive Performance Grant (PG)
  - **PG provided to GPs on complying to requirements:** (i) Submission of audited accounts, (ii) increase in Own Source Revenues (OSR), (iii) Open Defecation Free (ODF) status and Child Immunization Status

13

Ministry of Panchayati Raj, GoI

## Broad issues to be taken note of (1/2)

- Preparation and implementation of Gram Panchayat Development Plan (GPDP)
- Quality of works/Activities taken up with FFC Grants
- Geo-Tagging of the Photos of FFC Assets
- Use of proper accounting systems through PRIASoft/ State specific software applications and PFMS
- Proper utilization of 10 % allocation towards Technical & Administrative components of FFC works/activities

14

Ministry of Panchayati Raj, GoI

## Broad issues to be taken note of (2/2)

- Creation of Awareness / Public Display of FFC works/activities
- Effective Convergence of FFC with Other Central / State schemes
- Improvement in Own Resource Revenues (OSR) out of FFC assets
- Establishment and Effectiveness of Grievance Redressal Systems

15

Ministry of Panchayati Raj, Gol

## Activities which **cannot** be undertaken under FFC funds

### NO to

- Expenditure on activities already being funded from other schemes
- Felicitation / cultural functions / decorations / inaugurations/Entertainments
- Honorarium, TA / DA of Elected Representatives and salaries
- Honorarium of existing employees – permanent and contract
- Expenditure on doles / awards
- Purchase of Vehicles and Air Conditioners

16

Ministry of Panchayati Raj, Gol

# THANK YOU

# FUND RELEASE FY 2019-20 SOCIAL AUDIT UNITS

## SAU FUND RELEASE STATUS (First Tranche released)

1	Chhattisgarh	7	Sikkim
2	Himachal Pradesh	8	Telangana
3	Karnataka	9	Tripura
4	Meghalaya	10	Uttar Pradesh
5	Mizoram	11	West Bengal
6	Nagaland		

## SAU FUND RELEASE STATUS

(States with utilisation of less than 60%)

2	Rajasthan
3	Goa (No SAU)

## **COMMON OBSERVATIONS / ISSUES WITH FUND PROPOSALS**

- **MAINTENANCE OF MULTIPLE ACCOUNTS FOR MGNREGA FUNDS**
- **CREDIT OF FUNDS FROM MULTIPLE SOURCES**
- **FUNDS RELEASED BY CENTRE IS NOT CREDITED TO SAU WITHIN 15 DAYS**
- **INCOMPLETE DOCUMENTS RECEIVED FROM SAU**

## **COMMON OBSERVATIONS / ISSUES WITH FUND PROPOSALS**

- **MISMATCH IN UC & BANK STATEMENTS**
- **MISMATCH IN AUDIT REPORT & AUDIT UC ( 2<sup>ND</sup> Tranche)**
- **BANK RECONCILE STATEMENT NOT RECEIVED IN CASE OF MISMATCH**
- **PROPOSAL RECEIVED WITHOUT SPENDING 60% OF PREVIOUSLY RECEIVED FUNDS (AS REQUIRED BY IFD)**
- **REASON FOR DELAY IN SUBMITTING PROPOSALS NOT PROVIDED**

## **PROPOSED SOLUTIONS**

- **SEPARATE BANK ACCOUNT FOR SOCIAL AUDIT MGNREGA**
- **IN CASE OF MULTIPLE RECEIPTS , SEPARATE STATEMENT ON RECEIPTS & EXPENDITURE OF MGNREGA AND SEPARATE STATEMENT ON RECEIPTS & EXPENDITURE OF OTHER SOURCES**
- **SAU TO INTIMATE MoRD IF FUNDS ARE NOT CREDITED BY STATE TREASURY WITHIN 15 DAYS**
- **THE INFORMATION GIVEN IN UC SHOULD MATCH WITH BANK STATEMENT/AUDIT REPORT**

## **PROPOSED SOLUTIONS**

- **IN CASE OF MISMATCH BANK RECONCILIATION STATEMENT SHOULD BE GIVEN**
- **THE BANK RECONCILIATION STATEMENT SHOULD CONTAIN INFORMATION ON:**
  - **RECEIPT/ EXPENDITURE ON MGNREGA AND FROM OTHER SOURCES SEPARATELY**
  - **REASON FOR MISMATCH OF OPENING AND CLOSING BALANCE OF BANK STATEMENT AND UC**
  - **THE PROPOSAL SHOULD HAVE LATEST PROVISIONAL UC AND BANK STATEMENT**
- **PROPOSAL SHOULD BE SENT AFTER UTILISATION OF ATLEAST 60% OF FUNDS OF PREVIOUS SANCTION**

## DOCUMENTS REQUIRED FOR RELEASE OF 1st TRANCHE TO SAUs FOR FY 2019-20

  - **IN THIS CASE, 50% OF SECOND TRANCHE SHALL BE RELEASED AFTER RECEIPT OF REQUIRED DOCUMENTS**
  - **REMAINING 50% WILL BE RELEASED AFTER RECEIPT OF UPDATED PROVISIONAL UC OF CURRENT FY , AUDITED UC AND AUDIT REPORT OF PREVIOUS FY .**

**Thank You**

# **Independence of the SAU**

**'Sowmya Kidambi, Telangana SAU'**

- **Functions**
- **Functionaries**
- **Fund**

## **Functions of SAU**

- As defined in the Social Audit Standards issued by the MoRD in consultation with the C&AG
- No administrative or political interference in the process at the field level
- Teams who are well trained
- Ensure the social audit teams don't face intimidation
- Effective and time bound follow up
- Independent and effective GB that oversees the functioning of the SAU

## **Functionaries**

- Independent Selection / Extension of Director as per the Auditing Standards
- Independent Selection and appointment of Resource Persons
- Functionaries as per the requirement of the SAU
- Independent of the implementing agency

## **FUNDS**

- Sufficient funds to do the social audit
- Timely release of funds
- Clearly defined financial guidelines, requirements of the MoRD for fund release
- Standard protocol for proposals and compliance requirements
- Financial Rules approved by the GB to give independence to the Director to incur expenditure as required by the SAU on a day to day basis
- Statutory audit every year and AG audit once in 3 years

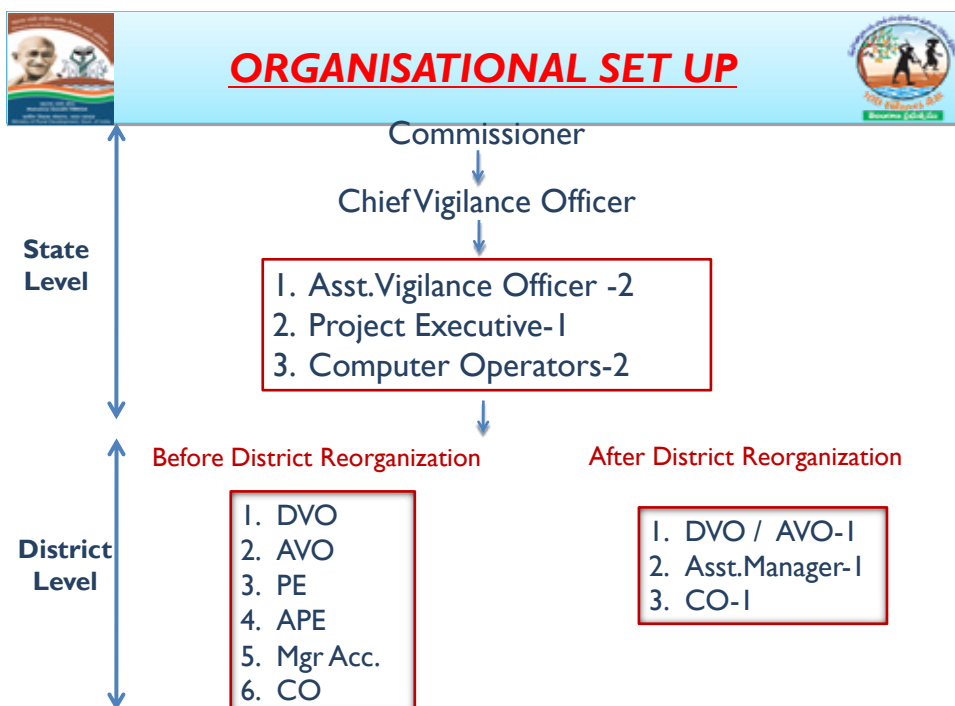

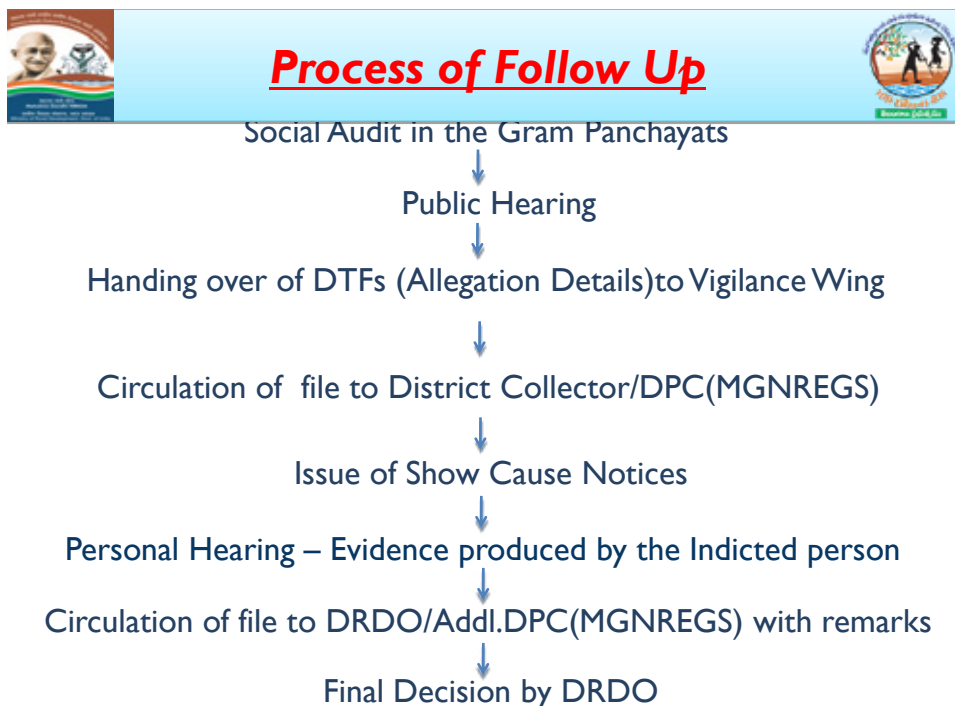

## Transparency & Accountability of SAU

Proactive Disclosure by the SAU-

- Annual Calendar for Social Audit
- Gram Sabha and Public Hearing - Agenda
- Social Audit Report – SAU accountable
- Follow – Up Reports – Government Accountable
- ✓ Grievances
- ✓ Financial Misappropriation
- ✓ Practical Means of Recovery
- Gram Panchayat wise – local language – scheme wise information – user friendly and simple –  
**From a management information system to a people centric system**

# SOCIAL AUDIT FOLLOW UP BY VIGILANCE WING OF MAHATMA GANDHI NREGS IN TELANGANA STATE

## **Rules Formulated**

- G.O.Ms.No.338/PR&RD(RC-III)Dept.Dt:6-9-2008
- G.O.Ms.No.98/PR&RD Dept,Dt:9-3-2010
- G.M.No.2525/RD.II/AI/2012, of PR&RD Dept., Dt:4-9-2012
- CRD, Circular No.14319/CRD/960/SPM(DM)/2012,Dt:8-1-2013

## **Time Frame**

- Show Cause Notice within 7 days
- Personal Hearing within 7 days
- Final orders within 30 days
- Appeal provisions – 30 days
- Revision Provision – 30 days

## DISCIPLINARY AUTHORITY:

- Disciplinary Authority for MGNREGS Staff– DRDO/ Addl. DPC
- Disciplinary Authority for Govt.Employees- concerned HOD
- Appellate Authority – FA ----- District Collector/DPC
- Appellate Authority – FTE ----- Secretary, SRDS
- MGNREGS Staff - SRDS Rules
- Govt.Employees - State Government CC&A Rules, 1991.
- Other than Employees – Revenue Recovery Act

## FOLLOW UP

- **Government Servants:**
  - In respect of Government Servants viz., MPDOs/AEs and others involved in misappropriation, Disciplinary Action will be initiated as per Departmental Proceedings duly communicating of the Draft Article of Charges to the respective departments.
- **MGNREGS Staff:**
  - Entering in HRMS Module

## **RECOVERY UNDER RR ACT**

- Tahsildar of the concerned mandal is the exercising authority vested with powers for recovery under the R.R.Act.
- The Demand Notices and all other Statutory Notices will be prepared by the Staff of District Vigilance Cells in the Districts and send to the concerned Tahsildars.
- The Programme Officer/MPDO will review the status on Revenue Recovery Act with Tahsildars of the concerned Mandals regularly.

## **NEED FOR SOFTWARE MODULE**

- To reduce Delay in Follow up
- To simplify the process
- To make Follow up More Transparent
- For Better monitoring

## **SOFTWARE MODULE**

**‘ SOCIAL AUDIT FOLLOW UP  
SHOULD BE MORE TRANSPARENT  
THAN THE SOCIAL AUDIT ’**

**Thank You**

## ❑ बेस्ट प्रेक्टिसेस :-

- नव प्रयासों की पुस्तिका 'अभिनव पहल' का प्रकाशन।

3

## ➤ सोशल आडिट में प्रतिभाग करना— निदेशालय स्तर से

- टीमों के प्रशिक्षण में सहभागिता।

4

➤ सोशल आडिट में सहभागिता :-

5

➤ पहल के परिणाम :-

- निदेशालय के विशेषज्ञों द्वारा जमीनी स्तर पर सोशल आडिट की प्रक्रिया के पर्यवेक्षण से प्रक्रिया में आ रही कमियों एवं समस्याओं का पता चला।
- नियंत्रक की भूमिका में निदेशालय को आगे की नीति एवं योजना बनाने में सहायक सिद्ध होगा।
- निदेशालय के इस प्रयास से सोशल आडिट कर रही टीमों एवं फ़ैसिलिटेटर्स को निष्ठापूर्वक काम करने की आवश्यकता महसूस हुई। Reward and Punishment के सिद्धान्त से उन्हें अनुशासन एवं नियंत्रण का आभास हुआ। उन्हें यह समझ में आया कि ऊपर से कोई देख रहा है और कभी भी आकस्मिक रूप से देखा जा सकता है।

6

- आम जनता एवं लाभार्थियों को यह समझ में आया कि वे अपनी बात, सीधे उच्च स्तर तक पहुँचा सकते हैं
- प्रशिक्षणार्थियों को भी यह विश्वास हुआ कि प्रशिक्षण की गुणवत्ता, उनके रहने और खाने की व्यवस्था को उच्च स्तर से देखा जा रहा है।
- सोशल आडिट निदेशालय के इस अभिनव प्रयास से आमजन से संवाद स्थापित किया गया। दोनों पक्षों की जवाबदेही तय हुई। जनमानस को बेझिझक अपनी बात रखने का मंच प्राप्त हुआ।

7

### ➤ जन-जागरूकता :-

- प्रत्येक जनपद के विकास भवन में जनसामान्य को सोशल आडिट के उद्देश्यों की सार्वजनिक जानकारी उपलब्ध कराने हेतु होर्डिंग की स्थापना।

8

## ➤ जन-जागरूकता :-

- सोशल आडिट ग्राम सभा की बैठक से पूर्व जनपदों द्वारा बैनर एवं स्लोगन आदि के माध्यम से रैली का आयोजन।

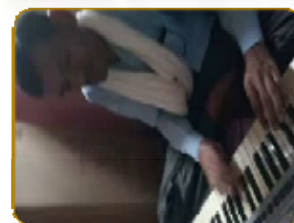

9

बाइक रैली से प्रचार प्रसार

बुंदेलखंड लोकनृत्य- दिवारी के माध्यम से प्रचार-प्रसार।

गीत के माध्यम से प्रचार प्रसार

10

➤ **जन-जागरूकता :-**

- ऑटो एवं माइक के माध्यम से भी पायलट रूप से प्रचार-प्रसार।

11

- समाचार पत्रों में प्रत्येक त्रैमास सोशल आडिट के उद्देश्यों एवं स्वरूप के विज्ञापन का प्रकाशन।

**राष्ट्रीय मानव अधिकार आयोग**

**राज्य मानव अधिकार आयोग**

**राज्य मानव अधिकार आयोगों के अध्यक्ष**

- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष
- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष
- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष

**राज्य मानव अधिकार आयोगों के सदस्य**

- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष
- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष
- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष

**राज्य मानव अधिकार आयोगों के अध्यक्ष**

- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष
- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष
- राष्ट्रीय मानव अधिकार आयोग के अध्यक्ष

[illegible]

- सोशल आडिट गतिविधियाँ : ट्वीटर, यू-ट्यूब एवं विभागीय वेबसाइट [www.socialauditup.in](http://www.socialauditup.in) पर जन-सामान्य हेतु उपलब्ध।

12

### ➤ इन्ट्री कान्फ्रेंस का आयोजन :-

- इन्ट्री कान्फ्रेंस द्वारा विकास खण्ड में सोशल आडिट की प्रक्रिया प्रारम्भ होने से पूर्व सोशल आडिट के बारे में सभी पणधारकों को जानकारी दिया जाना।

जनपद— मऊ

जनपद—हरदोई

जनपद— सहारनपुर

13

### ➤ टेस्ट चेक आडिट :-

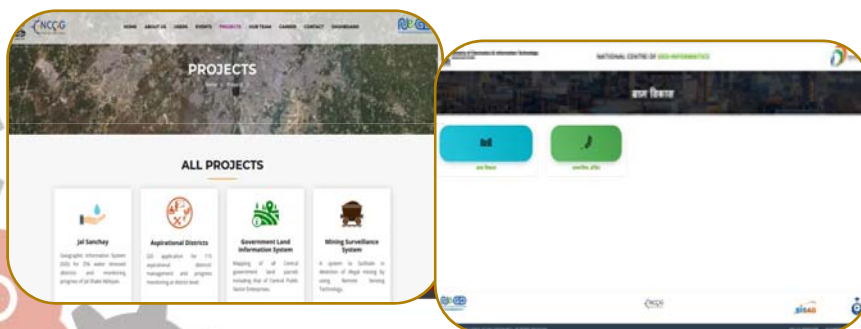

- सोशल आडिट निदेशालय में कार्यरत कन्सलटेन्ट्स के माध्यम से सोशल आडिट का टेस्ट चेक कराया गया।
- जनपद हरदोई में विकास खण्ड बेहन्दर की ग्राम पंचायत बेहसार एवं खरिका में सोशल आडिट टीम द्वारा सम्पादित सोशल आडिट में पाई गई कमियों के टेस्ट चेक में उल्लिखित वित्तीय अनियमितताएँ टेस्ट आडिट में सही पाई गई।

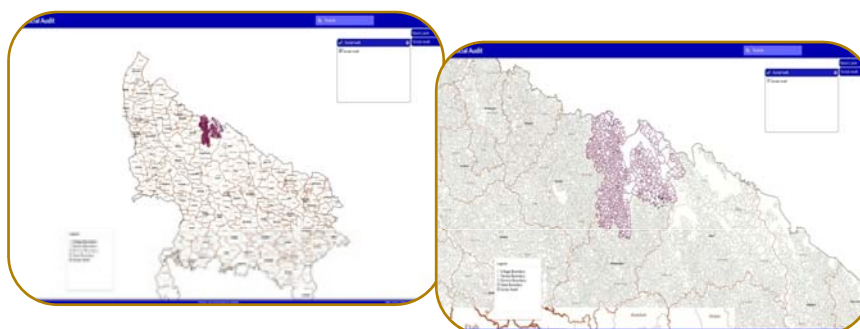

14

## ➤ GEO MAPPING :-

- सोशल आडिट से आच्छादित ग्राम पंचायतों को मैप पर प्रदर्शित किए जाने हेतु रिमोट सेन्सिंग एप्लीकेशन सेन्टर, उ0प्र0 के सहयोग से [GEO MAPPING](#) पायलट रूप में शुरू किया जा रहा है, जिससे सोशल आडिट का विवरण मैप पर दिनांकवार देखा जा सकेगा कि किस दिनांक में कहां-कहां सोशल आडिट की प्रक्रिया चल रही है।

15

## ➤ प्रधानों का प्रशिक्षण।

## ➤ सोशल आडिट का external assessment :-

- Third party assessment की प्रक्रिया प्रगति पर है। (IRMA)

16

# Steps to Strengthen Social Audit

## □ सोशल आडिट टीम का पैनेल :-

- प्रत्येक विकास खण्ड में प्रति 10 ग्राम पंचायतों पर एक 04 सदस्यीय सोशल आडिट टीम।
- अर्हता : हाईस्कूल उत्तीर्ण। हाईस्कूल उत्तीर्ण अभ्यर्थी उपलब्ध न होने पर चयन समिति द्वारा शैक्षिक अर्हता शिथिलनीय।
- आयु सीमा : न्यूनतम आयु 40 वर्ष तथा अधिकतम 65 वर्ष।
- अवधि: पैनेल में नामित टीम सदस्यों की अवधि एक वर्ष।
- प्राथमिकता : सामाजिक कार्यकर्ता के रूप कम से कम 3 वर्ष का अनुभव एवं ग्राम्य विकास विभाग द्वारा संचालित योजनाओं की जानकारी।

### □ ब्लाक संसाधन व्यक्ति :-

- अर्हता : इण्टरमीडिएट उत्तीर्ण ।
- आयु सीमा : न्यूनतम आयु 40 वर्ष तथा अधिकतम 65 वर्ष ।
- अवधि: पैनल में नामित ब्लाक संसाधन व्यक्तियों का कार्यकाल 01/02 वर्ष ।
- प्राथमिकता : सामाजिक कार्यकर्ता के रूप कम से कम 3 वर्ष का अनुभव एवं ग्राम्य विकास विभाग द्वारा संचालित योजनाओं की जानकारी ।
- कम्प्यूटर पर कार्य करने में दक्षता हो तथा मान्यता प्राप्त संस्थान से कम्प्यूटर में प्रशिक्षण का प्रमाण पत्र हो ।

19

### □ रिसोर्स पर्सन्स का प्रशिक्षण :-

- दीन दयाल उपाध्याय राज्य ग्राम्य विकास संस्थान, उ०प्र० के अधीन राज्य/जिला ग्राम्य विकास संस्थानों के माध्यम से आवासीय प्रशिक्षण ।

सोशल आडिट  
टीम

03 दिवसीय

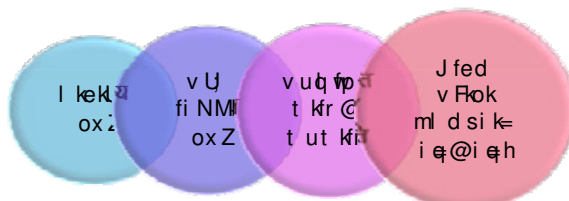

ब्लाक संसाधन  
व्यक्ति

06 दिवसीय

20

## □ सोशल आडिट टीमों का गठन :-

- प्रत्येक सोशल आडिट टीम में प्रतिनिधित्व।

- 04 सदस्यों की टीम में उक्त वर्गों की न्यूनतम 01 सदस्य महिला।
- महिला अभ्यर्थी के स्वयं सहायता समूह (SHG) के सदस्य होने पर उसे वरीयता।
- विकास खण्ड स्तर पर प्रत्येक श्रेणी के 02-02 सदस्यों की रिजर्व सूची।
- पैनल में शामिल व्यक्ति द्वारा अपनी ग्राम पंचायत का सोशल आडिट नहीं।

21

## □ सोशल आडिट टीम एवं बी०आर०पी०(BRP) का पैनल :-

- ब्लाक स्तरीय सोशल आडिट टीमों का पैनल : जनपदों द्वारा प्रति वर्ष जनपद के दैनिक समाचार पत्रों में विज्ञप्ति का प्रकाशन।
- सोशल आडिट टीमों का पैनल तैयार किए जाने हेतु चयन समिति—

जिला विकास अधिकारी	अध्यक्ष
जिलाधिकारी द्वारा नामित किसी कालेज/ प्रतिष्ठित शैक्षिक संस्था का प्रतिनिधि	सदस्य
जिला सोशल आडिट कोऑर्डिनेटर अथवा जिला विकास अधिकारी द्वारा नामित अन्य पदधारक	सदस्य सचिव

- ब्लाक संसाधन व्यक्तियों की चयन समिति—

जिलाधिकारी	अध्यक्ष
मण्डलायुक्त द्वारा नामित किसी महाविद्यालय/ विश्वविद्यालय/ किसी प्रतिष्ठित संस्था का एक प्रतिनिधि	सदस्य
जिला विकास अधिकारी	सदस्य सचिव

22

### □ सोशल आडिट की प्रक्रिया के विभिन्न चरण:-

- निदेशालय द्वारा सोशल आडिट कैलेंडर जारी करने के साथ ही सोशल आडिट प्रक्रिया प्रारम्भ।
- जिलाधिकारी स्तर से आदेश, पर्यवेक्षक नामित करना।
- अभिलेखों की उपलब्धता :- खण्ड विकास अधिकारी द्वारा ग्रामसभा की निर्धारित तिथि के 15 दिन पूर्व।

### □ इन्द्री कान्फ्रेंस का आयोजन:-

- इन्द्री कान्फ्रेंस द्वारा विकास खण्ड में सोशल आडिट की प्रक्रिया प्रारम्भ होने से पूर्व सोशल आडिट के बारे में सभी पणधारकों को जानकारी दिया जाना।

23

### □ ग्राम सभा की बैठक हेतु जन-जागरूकता:-

- रैली का आयोजन- ग्राम सभा की बैठक से पूर्व जनपदों द्वारा बैनर एवं स्लोगन आदि के माध्यम से रैली का आयोजन। जन-जागरूकता कार्यक्रम से आमजनमानस/ श्रमिकों में सोशल आडिट की प्रक्रिया, उद्देश्य आदि के प्रति जिज्ञासा बढ़ी है।
- माइक के माध्यम से प्रचार-प्रसार- माइक द्वारा ग्राम सभा बैठक की तिथि, समय एवं स्थान आदि की सूचना ग्राम पंचायत में भ्रमण कर समस्त ग्रामवासियों को उपलब्ध कराया जाना।

24

### □ सोशल आडिट प्रक्रिया 03 दिवसों में:-

- प्रथम दिवस- महात्मा गांधी नरेगा वेबसाइट से डाउनलोड की गई रिपोर्ट को मूल अभिलेखों से मिलान करना एवं डोर टू डोर वेरिफिकेशन।

# **MEGHALAYA COMMUNITY PARTICIPATION AND PUBLIC SERVICES SOCIAL AUDIT ACT, 2017**

Presentation by  
Sampath Kumar  
Commissioner & Secretary to Govt. of Meghalaya  
Community & Rural Development Department and  
Programme Implementation & Evaluation Department

## **CONTEXT**

- First State in the country to pass an exclusive legislation on Social Audit.
- Based on positive outcomes gained from the social audits conducted under MGNREGA.
- Sixth Schedule Area: Constitutional Safeguards for Tribal Areas

State PWD Road

CONTRAST

MGNREGA Village CC Road

### COMMUNITY PARTICIPATION & SOCIAL AUDIT

BadriWatregittim VEC,const.  
of CC Motorable on going.  
2019-20

## OBJECTIVES OF THE SOCIAL AUDIT LAW

1. Facilitate concurrent audit of schemes and programmes
2. Monitor effectiveness and efficiency in implementation
3. Increase transparency in programmes and institutions
4. Educate citizens, make them aware of rights
5. Enhance citizen ownership in development initiatives
6. Fact finding at field level
7. Seek feedback from people on implementation
8. Provide a platform for registering grievances and redressal within stipulated time frame

## SCOPE (SCHEDULE I, ACT)

1. Education (Sarva Shiksha Abhiyan, Midday Meal)
2. Health (Immunization, services of Sub Centre, Primary Health Centre, Community Health Centre)
3. Forest & Environment (Joint Forest Management Committee)
4. Power (Village Power Committees, services of MeECL)
5. Water & Sanitation (Quality and quantity of water supply, services of PHE Dept, Swacch Bharat Mission)
6. Employment & Skilling
7. Roads & Transport (Public Works Department, PMGSY)
8. Agriculture & Allied Departments
9. Community and Rural Development (MGNREGA, IAY/ PMAY-G, NSAP)
10. Security (local police, village defence parties)
11. Food & Civil Supplies (including ICDS, NFSA)

## KEY LESSONS

### I. LEARNING FROM DOING

- Need to conduct pilots in selected locations, before notification of guidelines and rules
- 18 villages selected- representative of Garo Hills, Khasi Hills and Jaintia Hills

## 2. COLLABORATION WITH CIVIL SOCIETY ORGANIZATIONS

- State Government invited CSO representatives from different States
- Invited their expertise and facilitation
- No fees / honorarium paid – voluntary support
- Developed formats, social audit protocol, templates, parameters of verification in collaboration with CSOs
- CSOs assisted in training and hand holding

## 3. SHIFT IN THE FOCUS OF SOCIAL AUDIT

- Traditionally, social audits focus on verification
- Meghalaya Social Audits showed that social audit process **must include four essential steps:**
  1. Sharing of information with communities proactively
  2. Verification of official records
  3. Registering of grievances
  4. Identification of eligible beneficiaries left out of the scheme

#### 4. SOCIAL AUDITS IN 6<sup>TH</sup> SCHEDULED AREAS

- Meghalaya (Meghalaya Community Participation and Public Services Social Audit Act, 2017)
- First state in the country – legislation for social audit
- Negotiated - Pilots before Rules
- Evolved social audit protocol:
  - **Verify**
  - **Share and disseminate information**
  - **Develop list of eligible beneficiaries**
  - **Facilitate filing of grievances**

#### SOCIAL AUDIT PROCESS

## SENSITIZATION TO GOVERNMENT OFFICIALS ON THEIR ROLE IN SOCIAL AUDITS

ACCESS TO OFFICIAL RECORDS AND TRAINING TO  
VOLUNTEERS TO UNDERSTAND RECORDS

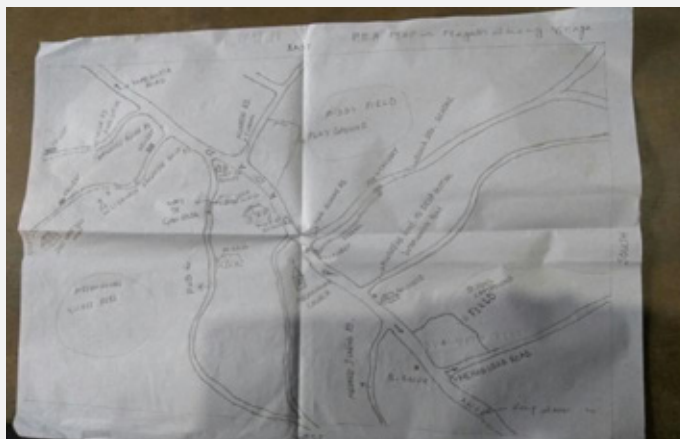

## ENTRY MEETING WITH HEADMAN

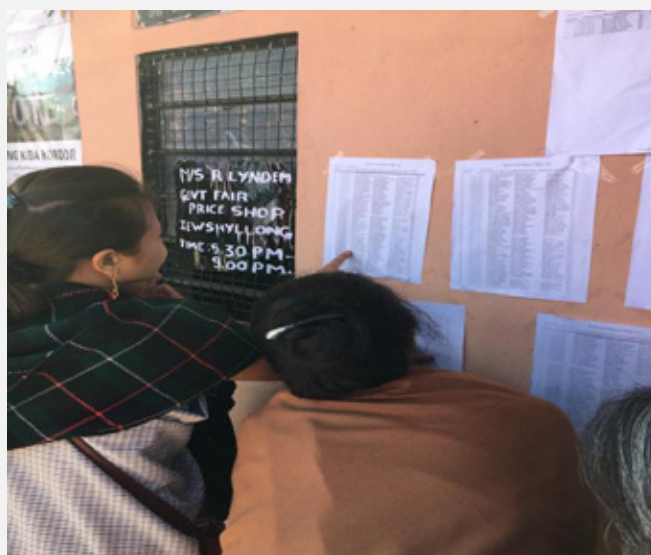

## PREPARATION OF ROUTE CHART

## SHARING OF INFORMATION

## VERIFICATION

## IDENTIFICATION OF ELIGIBLE BENEFICIARIES

## REGISTRATION OF GRIEVANCES

## DEPARTMENT DESKS AT THE PUBLIC HEARING

### INSTRUCTIONS ISSUED TO DEPARTMENTS FOR PUBLIC HEARING

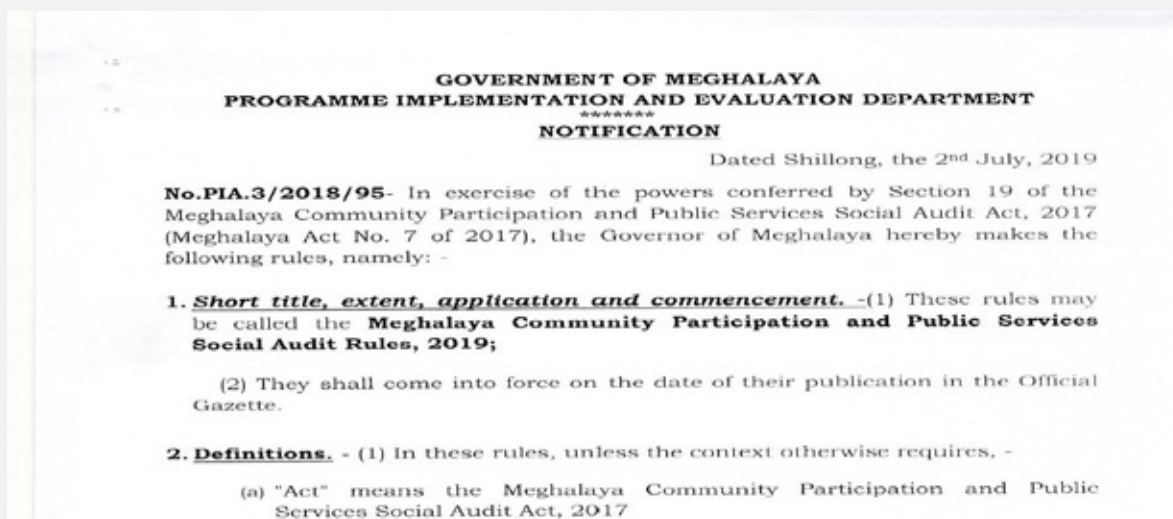

1. For all applications seeking individual/collective benefits, if the applicant qualifies, the applicant should either be awarded sanction on the day of the Public Hearing itself. In the case that sufficient resources aren't available to accord sanction to all those who have applied, a priority based waiting list should be created which should be announced in the Public Hearing
2. All written applications and grievances acknowledged by a written acknowledgement

## KEY IMPACTS

- 180 local youth trained in social audits
- 11 Departments trained in Social Audit
- Village Monitoring Committees of 15 schemes familiarized with mandate and roles
- Nearly 1100 applications received through Social Audit Public Hearings on 22<sup>nd</sup> and 23<sup>rd</sup> November
- All Social Audit Reports in public domain-  
[http://mssat.nic.in/index.php/mssat\\_controller/reports\\_mssat](http://mssat.nic.in/index.php/mssat_controller/reports_mssat)
- Protocol on social audit that includes platform for grievance redress and filing of applications- arrived at through the pilots
- State level policy decision taken to harmonize CM Pension and NSAP entitlement- based on Social Audit Findings. Audits in 18 villages benefitted 50,000 elderly pensioners across the State

## MEGHALAYA SOCIAL AUDIT LAW RULES NOTIFIED BY THE STATE CABINET

THANK YOU

## PRESENTATION ON SOCIAL AUDIT PROCESS, HEARING AND CONCURRENT AUDIT

Date: 13<sup>th</sup> Nov. 2019  
At National Workshop, Delhi

By,  
Social Audit Unit,  
Rural Development, Department,  
Govt. of Jharkhand

- ना काहूँ से दोस्ती, ना काहूँ से बैर
- हमारा पैसा, हमारा हिसाब
- मेरी कोशिश है कि ये सूरत बदलनी चाहिए

OUR VALUE, PRINCIPLE AND OBJECTIVE

## ABOUT JHARKHAND

- Districts : 24
- Blocks : 262
- GPs (Population 5000-6000): 4398
- Revenue Villages (Gram Sabhas): 32,777
- Total active job cards in MAHATMA GANDHI NREGS : 25.33 lakhs
- Active Workers : 32.67 lakhs
- Expenditure FY 18-19: 1521.33 lakhs

- Inputs from Interns and other state teams from TISS,DSS,CSR
- MAHATMA GANDHI NREGS cell openness to suggestions and inputs

## IMPACT

No. of Audit Planne d	SA Conduc ted	Reports Upload ed	Issues Identi fied	Misappropri ated Amount identified	Recovered Amount	No. of FIR Lodge d
FY 2017-18						
1776	1724	1517	40093	30,27,19,487	8,80,11,412	38
FY 2018-19						
2136	2072	1001	16652	11,38,05,000	2,34,30,000	4

- 30,000 VMCs has been formed
- 4100 Labour Forums with 65,600 members constituted
- 18 lakh People participated in Process till date

## CHALLENGES

- Availability of Documents to Social audit teams has improved considerably but still remains an issue
- Timely ACTION on findings
- Regular Capacity building of BRP/VRPs
- Collusion of Social audit teams with middleman
- Capacity building of Jury Members
- Health & Social Security Related issues of BRPs and VRPs
- MIS uploading :Issues and Action
- Growing Resistance from trade unions of functionaries

## WAY AHEAD

- To establish appreciation of good and innovative work in public hearings.
  - Palkot North Panchayat, District - Gumla declared as Zero-Issue Panchayat
  - Morning **Shram daan** and cleanness drive by teams along with villagers
  - Evening Chaupaal with Youth and women during rounds
  - Cultural teams for environment building before Social audits
  - TAB-Based Audits
- To take out the fear syndrome to the extent possible without any compromise and establish the Social Audit process as

## FESTIVAL of DEMOCRACY

***“I am willing to spend anything, even all my fortune to have a person near me, who can criticize me regularly to keep my ethics in place and integrity intact.”***

# National seminar on Social Audit

**Society for Social Audit Accountability and Transparency  
Department of Rural Development  
Government of Andhra Pradesh**

## Greetings

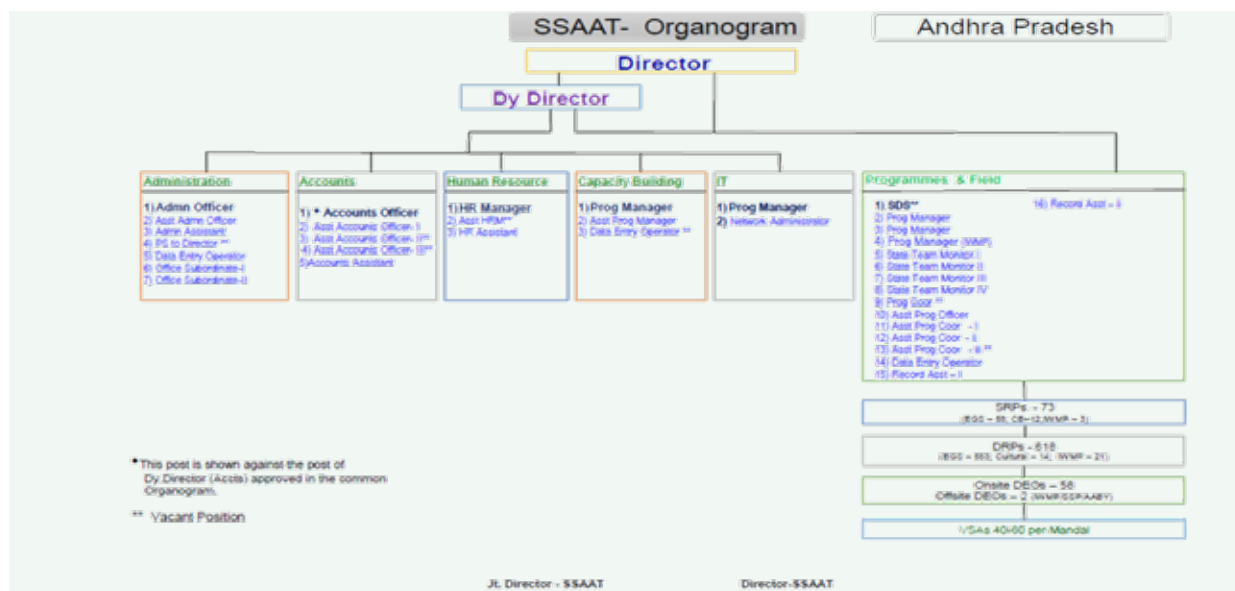

- Greetings to all SAUs and Participants
- SAU-Andhra Pradesh is grateful to MoRD Officials for the great support extended for smooth functioning of Social Audits in Andhra Pradesh
- We sincerely Thank DG, NIRDPR & Centre for Social Audit for their support for successful completion of SASA Certificate Course & SHG-VRP Trainings
- We sincerely Thank our Principal Secretary, Commissioner for guiding & supporting for effective implementation of Social Audits
- We also extend our sincere thanks to all the Public Representatives and all the primary stockholders for their incredible cooperation for smooth functioning of Social Audits

- Introduction
- Human Resources Management
- Financial Management
- Quality Assurance and Improvement

## Introduction

- SSAAT was registered in 2009 under Andhra Pradesh Societies Registration Act, 2001 for facilitating and carrying out Social Audits of welfare schemes of the Government of Andhra Pradesh.
- Primarily the Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS)
- Awarded by MoRD in Accountability & Transparency for the last 3 consecutive years

## Organogram

## Our Team

Details	Trained	Working
STM/APCs (SRPs as per MoRD)	6	6
State Resource Persons (DRPs as per MoRD)	65	62
District Resource Persons (BRPs as per MoRD)	504	421
<b>Total</b>	<b>575</b>	<b>492</b>

- In addition to the SAU field functionaries, VRPs – Village Resource Persons are being engaged for the SA.
- Selection Criteria of VRPs – Ensuring that VRPs should be from wage seekers family & also giving priority to the downtrodden communities
- Office Staff Sanctioned – 31 Working - 25

## Certificate Course on Social Audit & Social Accountability

- The Resource persons of APSSAAT have undergone 30 days Certificate Course on Social Audit & Social Accountability, Organized by MoRD, TISS & NIRDPR
- Total resource persons trained 575; Men 537 & Women 38
- SRPs – 6 DRPs – 65 BRPs - 504

## SHG – VRP Trainings

- To create a community cadre of Village Resource Persons, 16,048 SHG women were trained, in 445 batches across 66 Centres
- The trained VRPs are now participating actively in social audits

## Human Resources Management

- Recruitment
- Randomization
- Leave Management
- Performance Management
- Welfare activities

## Recruitment Process

- Resource Persons were initially drawn from Civil Society Organizations and Worker's unions with a minimum of 5 - 10 years of grassroots experience working on rights based issues
- Identifying Village Social Auditors from NREGS Beneficiaries and hand hold Training (Class room & Field) for 12-15 days is given during the process of Social Audit
- Presently, Trained VSA's are being inducted as DRP's , SRP's, APCs, STMs duly following the selection process
- No recommendations from any quarter entertained
- One month probation- participate in three Social Audits without being paid

## Recruitment Process

### Recruitment Rules were framed in 2012

- **Online Notification:** Online notification in website for 21 days
- **Communication to VSAs:** Communicate all VSAs by sending messages to their mobile numbers
- **Shortlisting of Applications:** Consisting of 2 to 3 office staff from the different sections of APSSAAT will scrutinize the applications received through website
- **Written Test:** The shortlisted candidates will be called for written test
- **Skill Test:** Those who qualified in the written test will be called for skill test
- **Interview:** Final interview will be conducted with a set of panel members from different Govt. Sectors
- **Appointment and Contract:** Finalized candidates will be awarded with an appointment order by issuing one year contract after Probation Period

## Randomization

- To maintain transparency, all the filed level FTEs BRPs/DRPs/SRPs of SSAAT were randomized for every 6 months.
- No individual is placed to work in their native Block to avoid the collusions with EGS staff.

## Leave Rules

### Leave Rules were framed in 2012

- **Casual Leave:** 30 casual leaves per annual contract period.
- **Paternity Leave:** 15 days of Paternity leave for Two children.
- **Maternity Leave:** 180 days of maternity leave for two children.
- **Miscarriage leave:** 6 weeks leave for miscarriage or medical termination of pregnancy for maximum of Two times
- **Medical Leave:** 30 days during the Contract period
- **Special Leave for Injury/ accident while on Duty:** For a Maximum period of 90 days

### Abstract on payments made for Paternity, Maternity and Special Medical leaves

Type of Leaves/ Benefits	2017-18	2018-19	2019 to till date
Paternity Leave	24	61	35
Maternity Leave	1	1	3
Special/Medical Leave	12	47	22
Mis Carriage	1	0	0
<b>Grand Total</b>	<b>38</b>	<b>109</b>	<b>60</b>

## Performance Assessment

- Periodical Performance Assessment will be captured in a Prescribed proforma in HRMS for all levels of Employees on Vertical and Horizontal.
- Performance Assessment will be done in two phases in a year.
- Basing on the grade secured by the FTE contract will be renewed as per the given format.

SI. No	Grade	SRP	DRP
1	A Grade	Considered to issue of fresh Contract	Considered to issue of fresh Contract

Type of Payment	2017-18	2018-19	2019 to till date	Total Amount
Medical Reimbursement	For 5 FTEs (Rs. 70,986)	For 5 FTEs Rs. 1,03,463)	For 14 FTEs (Rs. 1,54,221)	Rs. 3,28,670
Payment of Exgratia to the Diseased Employees	2 ( 4 Lakhs)	2 ( 4 Lakhs)	NIL	Rs. 8 Lakhs

## Transformation of a Wage seeker to a State Team Member

Mr. K. Satyanarayana once a wage seeker Job Card No. 9010036 worked for 44 days from 2006 to 2008, and was identified as VSA in May, 2008 as DRP in Oct, 2008 as SRP Jan, 2010 as APC Sep, 2013 as STM in April, 2017

Before

Now as State Team Monitor

Mr. A. Lokeshwara Reddy once a wage seeker Job Card No. 804007 worked 39 days in 2007 & 2008 joined as VSA in Aug, 2008, as DRP in Dec, 2008, as SRP in Jan 2010 and as APC in 2015

As VSA

As APC

## Financial Management

### Legal Framework :- Financial Guidelines, TA Rules & Memo No.9

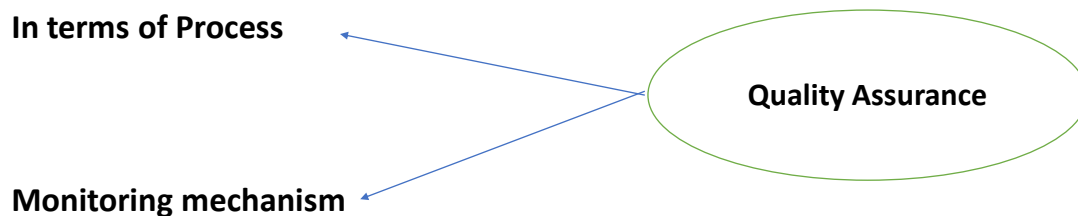

- **Financial Decisions:** For all kinds of new Financial decisions, the proposals have to be circulated to the Chair Person of SSAAT for Approval
- One Govt official in the cadre of Accounts Officer is deputed for monitoring and disbursement of payments
- All payments are being jointly released by Director and Accounts Officer by Electronic Fund Transfer System (EFMS)

## Social Audit Field Expenditure

### Legal framework:- Memo No.9

- **Block Social Audit Expenditure:-** The SAU is releasing advances in the name of MPDO/BDOs up to a ceiling limit of Rs.2,27,000/- (up to 12days)  
Rs.2,84,000/- (beyond 12 days) towards conducting of Social Audits
- **Salaries and TA Bills:-** Every month salaries shall be paid through online transfer to the office staff/STMs/SRP/DRP/TRP (field staff) only after obtaining attendance particulars
- **Resource Fee Advance:** For all the staff members one month Resource Fee may be Paid as advance only on Medical Grounds recoverable in (4) monthly instalments and shall be completed before the end of contract period
- SAU is able to manage within 0.5% only (e-office, Scanning of all Reports and uploading within 15days etc.,)

## Quality Assurance and Improvement

To improve SAU efficiency both the horizontal and vertical staff coordinate and plan the activities related to processes, procedures and standards.  
An unique system is adopted across the state of Andhra Pradesh

### Quality Assurance in terms of Process

- Non allocation of native Gram Panchayats to VSAs  
Blocks to DRPs/SRPs, Districts to SRPs/STMs
- Randomization of all DRPs/SRPs every 6 months
- Allotment of Gram Panchayats/Block by Lottery
- Surprise visits by the SRP during the process  
Cross checking the Wage seekers with Consolidated MIS report  
Cross verification of Measurement Sheets with works after DRPs verification
- Participation of Wage seekers/Beneficiaries/VSAs in Worksite verification
- Capturing Photographs in NoteCam app with location and time/date
- Mandatory participation of SRPs in all Gram Sabhas
- Independent Observers in Gram Sabhas

## Non Negotiables in Social Audit Process

- Strict Code of Conduct for the Social Auditors
- Non-acceptance of Hospitality from Implementing staff or local politicians
- No room for Political bias or intervention
- Stay in the localities of the poor/Govt. Buildings only
- No drinking alcohol or vices during audit
- Absolute good conduct towards women, colleagues and villagers
- No press meets or press releases by social auditors

## Quality Assurance in terms of Monitoring

- 3 tier Monitoring (Block/District/State)
- All District/State Team Members are in regular Field visits Min 15-20 days
- All Gram Sabhas & Public Hearings are attended by State Team Members and submit an Observation report on the Quality of the Process of Social Audit & the Performance of DRPs etc.,
- Test Audits (5%) based on Observations in Public Hearings & feedback/Complaints from the wage seekers/Implementing Agencies/Public Representatives/Press etc.,
- Check lists and Reporting formats
- Surprise visits by STMs/PMs/Deputy Director/Director
- Periodical Review by the Principal Secretary & Commissioner

## Categorization of works

[illegible]

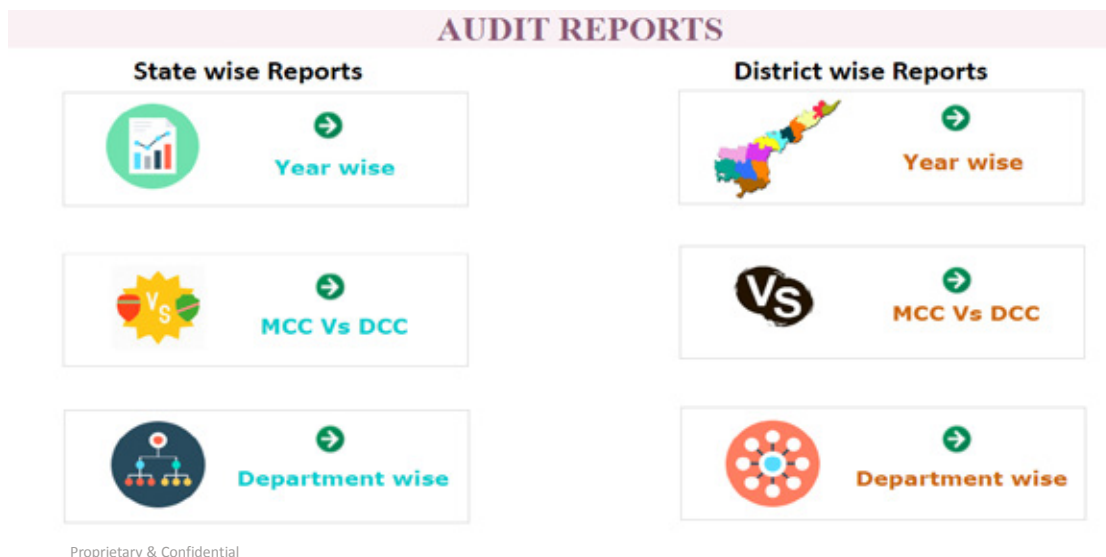

Proprietary & Confidential

## Categorization of Observations/issues

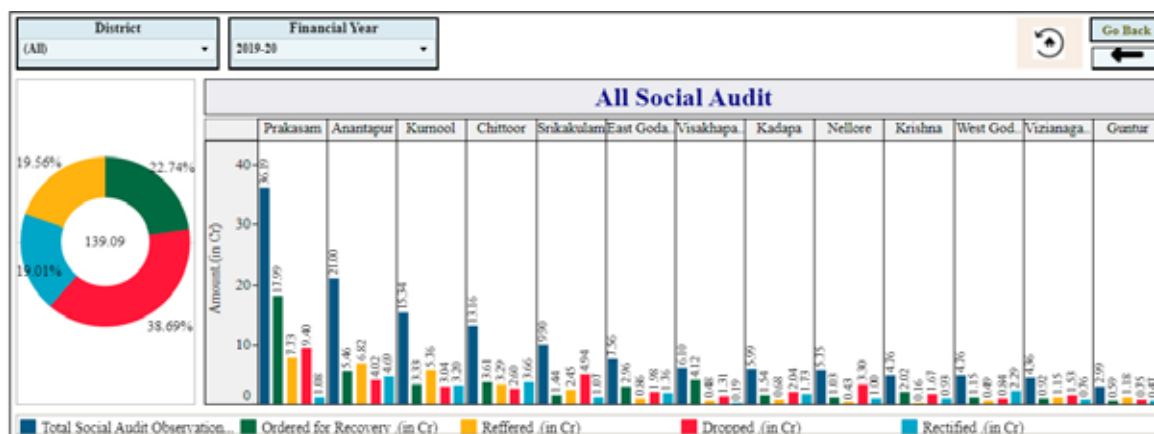

[illegible]

Proprietary & Confidential

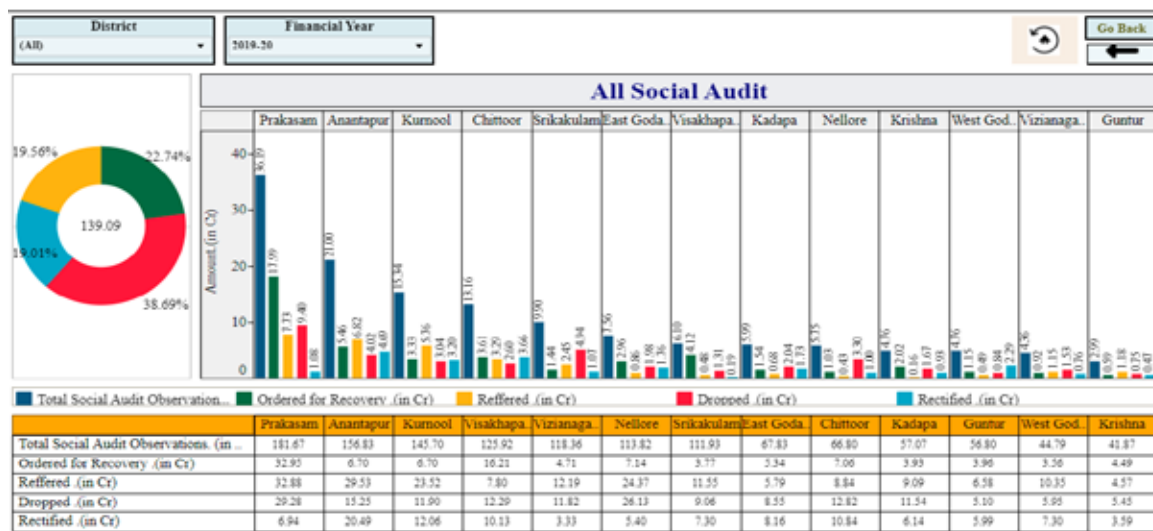

## Analytical Reports

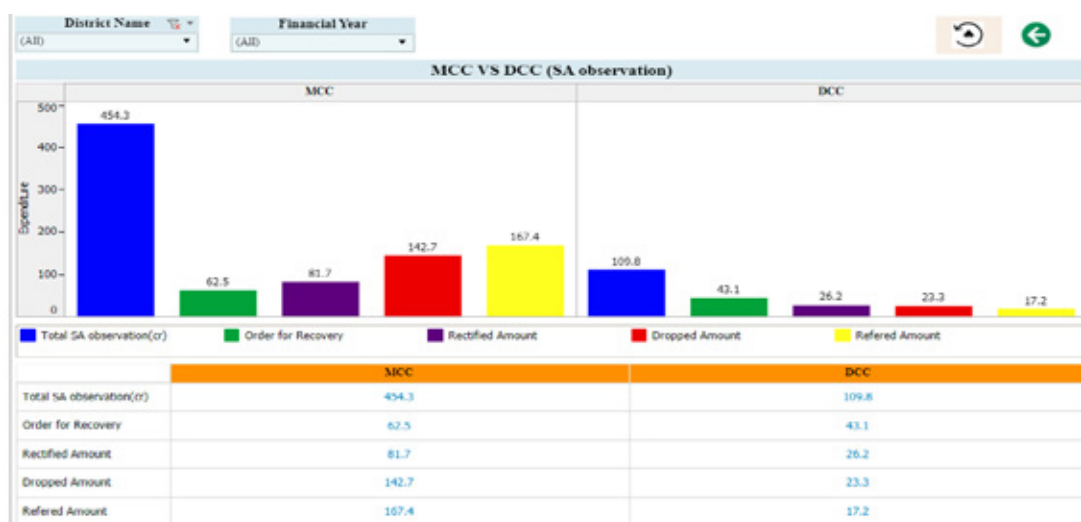

## District wise SA Observations

## Year wise SA Observations

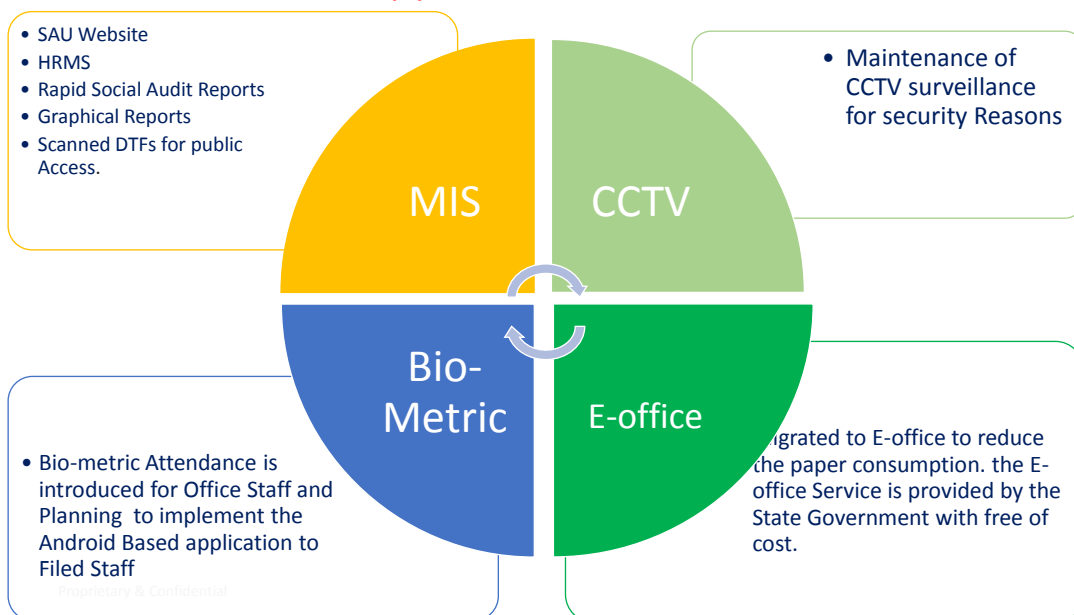

## MCC vs DCC (Convergence Depts)

## Best Practices:

- Identifying VSAs and Resource Persons from the beneficiaries and beneficiaries families.
- Verification of 100% wage seekers & Assets (worksites)
- Technical Verification in the presence of the beneficiaries/wage seekers, VSAs
- Graphical & Analytical Reports for effective monitoring
- Annual Reports
- Monthly Review Meetings at District level: Review Meetings with the District Collector & District Vigilance Officers
- Monthly Review Meetings with State Vigilance wing & District Vigilance Officers: Segregation of deviations and immediate follow up action
- **Vigilance Cell** at State & District Level for follow up of Actions
- **Weekly Video Conference** to Monitor & support the Social Audit process

## Maintenance of IT Applications

## Best Practices- Awareness

- As part of Social Audit, the SA team creating awareness among the people in the community on EGS, Social Security Pensions, and Govt welfare programs
- Mode of Awareness: Placards, Mass Rallies, Wall Paintings, Folk songs, social mapping etc.

## Best Practices & Achievements

- **100% of coverage of Social Audits** in all 12,933 Gram Panchayats, 661 Blocks, 13 Districts in 2017-18 & 2018-19
- **Job Cards Verification** of all Wage seekers (Door to Door )  
2017-18 - 92.6 %  
2018-19 - 90.9 %  
2019-20 - 94.5 % ( As on 24/10/19)
- **Asset Verification** (Work site verification with measurements)  
2017-18 - 99 %  
2018-19 - 80.52 %  
2019-20 - 94.5 %
- **District & State Level Hearings** on Social Audit Observations for reviewing the Decisions & Follow up Action

**Thank you**  
**Team APSSAAT**

# Social Audit MIS Reports

13 November 2019

## Overview

- History and Current Status
- Extracts from Auditing Standards
- Available Reports
- Issue Classification
- Process Workflow

## History and Current Status

- Sep 2017 – MoRD organised a workshop in Delhi attended by resource persons from SAUs, NIRDPR and NIC which prepared the design
- Early 2018 – System was available for data uploading. Some states entered data relating to audits done in 2017-18 but not all.
- Audits facilitated in 2018-19 & 2019-20
  - Resource persons from 22 SAUs have entered their social audit findings in the MIS
  - Implementing officials from 15 states are responding to the findings in the MIS

## Extracts from Auditing Standards

- 3710 – “SA reports should be in a standard format”
- 3820 – “The State Govt. is to establish IT systems to facilitate uploading of social audit reports and key indicators identifying deviations. Availability of entire social audit data in the public domain will help in ensuring transparency and accountability of the follow-up process itself”
- 3900 – “.... should allow aggregation of data at state and district level”
- 3800 – “A follow-up mechanism should be established to monitor and ensure that action has been taken on the findings of the SA”

## R 9.2.4 Frequency of reported issues

### R 9.2.4 Frequency of Reported Issues

- **Queryable Interface**

- State Name, District, Block, Panchayat
- Financial Year, Issue Type, Issue Category, Issue Sub Category

The screenshot shows a web interface for querying reported issues. It features a form with several dropdown menus and two buttons. The dropdowns are for State Name (CHHATTISGARH), District (Select District), Block (Select Block), Panchayat (Select Panchayat), Financial Year (2018-2019), Issue Type (Financial Misappropriation), Issue Category (Select Issue Category), and Issue Sub Category (Select Issue Sub Category). The buttons are 'Get Report' (blue) and 'Refresh' (orange). Below the form is a table with columns: SR#, Issue Type, Issue Category, Issue Subcategory, and Number of Issues filed. The table is currently empty, and there is a search bar on the right.

SR#	Issue Type	Issue Category	Issue Subcategory	Number of Issues filed
-----	------------	----------------	-------------------	------------------------

Are Job Cards with people?

Is there a process to register work demand and give receipts?

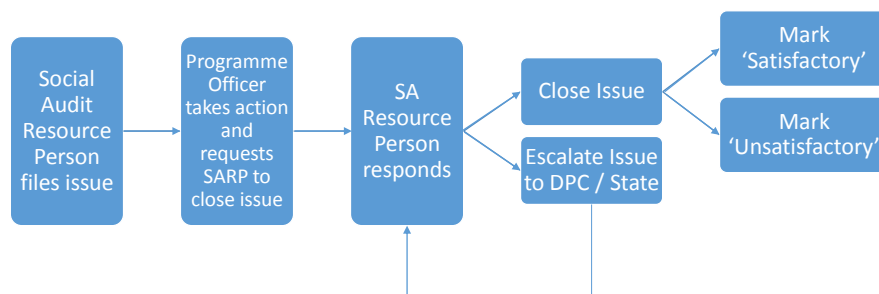

Is there a demand for work that is not met?

## R 9.3.1 Social Audit Action Taken Report

## Social Audit Issue and Response Workflow

### Issue Response and Workflow example

- **Block Resource Person** files issue – Mate (Lakshmi) has added names of 2 persons (Ramu and Somu) in the muster roll who did not work. 2000 Rs was the financial misappropriation amount
- **Decision Taken** at the Block level Public Hearing is as follows:
  - 1) Both Ramu and Somu should return the money, and
  - 2) Lakshmi should not be mate for one year
- **Action taken** reported by PO is as follows:
  - 1) On 1/5/17 : Ramu and Somu have paid back 2000 Rs
  - 2) On 20/5/17: A new mate has been appointed
- **Programme Officer forwards the issue** to BRP with *request to close* since action has been completed
- BRP reviews the action taken (by looking at the supporting documents uploaded) and closes the issue and then marks Action Taken as '*satisfactory*'

**NATIONAL SEMINAR ON SOCIAL AUDIT OF RURAL DEVELOPMENT  
PROGRAMMES**

**13<sup>th</sup> -14<sup>th</sup> November 2019, Vigyan Bhavan, New Delhi.**

**GROUP :1**  
**Strengthening SAUs, roll-out of social audit to other programmes**

<b>S r. N o.</b>	<b>Area/Subject</b>	<b>Recommendations with modalities</b>	<b>Responsible agency</b>	<b>Completion Date</b>
A				
1	The SAU should be independent. What does this mean?	<p>1. SAU is an independent body directly under the control/ supervision of Governing Body.</p> <p>2. Powers and decision for (i) Sanction of Posts in SAU, (ii) Approval of Annual Budget, (iii) Delegation of financial power to the Director and should be the first signatory to the account (iv)</p>	<p>1. State government to notify the rules accordingly.</p> <p>2. GB to</p>	<p>31<sup>st</sup> March 2020.</p> <p>Action taken to be submitted to MoRD before release of</p>

		approval of social audit calendar, (v) approval of expenditure of SAU incurred, (vi) TA/DA, (vii) leave of SAU Resource Persons. 3. Independent means – no administrative, interference at any level of functioning from selection of VRPs to functioning on EC.	pass the Rules.	1 <sup>st</sup> Tranche to the state.
2	The Auditing standards, AMC specify that implementation officials should not be involved in the selection of resource persons, should not supervise resource persons, should not be part of GB/EC. However, this is not happening in many SAUs today. Does the involvement of	At State Level the existing instruction of the MoRD may be followed. At the District Level the DPC/DC as the Chairman should be replaced by the Director, SAU. (Amend the AMC and Ministry Notification) Selection Process should be as per the decision of the GB.	SAU & State Government	31.03.2020

	implementation officials weaken the social audit unit? If yes, how? How can this be avoided? .			
3	How should the GB/EC be structured? How to ensure that the GB/EC meets often?	As per the MoRD previous instructions and as per the Auditing Standards, ie, Chief Secretary, CSO representatives, member from the Finance Department, PAG.  GB to meet at least twice a year  EC to meet quarterly  Inactive GB members to be dropped  Role of the GB :  New positions, qualification, selection process  New / Alternative funding sources to be identified  Innovations regarding conduct of Social	SAU	31.03.2020

		Audit and new areas of audit		
4	In many states, the Chief Secretary is the chairperson of the GB? As the CS is a very busy person, s/he is not able to give time for GB meetings and hence the meetings do not happen in many places? Is it a good idea to have the CS heading the GB? Ideally, who should head it?.	GB should be chaired by CS/ACS/Development Commissioners/Retd IAS/Lokayukta/RTI Commissioner /PAG	SAU & State Government	31.03.2020
5	Some states have an Executive Committee that makes decisions relating to implementation of the plan approved by the Governing Body. Is this a good idea or is it better for	Wherever there is an EC it should be for operational purposes and subset of the GB with no members of the Implementing Agency/Agencies.	SAU	31.03.2020

	just the Governing Body to meet 4 times in a year?			
6	What powers should the GB/EC have? Should it have the power to sanction new positions for the SAU?	GB as per the Auditing Standards EC to execute orders of the GB	SAU & State Government	31.03.2020
7	How to ensure that the SAU has adequate personnel?	<p>Director will make an assessment and place the requirement before the GB for sanction.</p> <p>SAU should have a core staff which is relatively more permanent with 3-5 years contract especially at the level of the State level/SRP/DRP</p> <p>Requisite number of the BRP/VRP may be empanelled/recruited on contract as per need.</p> <p>Honorarium of all the SAU staff should be revised. (The SAU RPs at different level SRP, DRP, BRP, VRP) are to be equated</p>	SAU & MoRD	31.03.2020

		posts in State/Central Government and their minimum basic shall be fixed as consolidated pay without allowance has to have proper status in interaction.		
8	How to select a Director who will be independent?	Selection Panel as per MoRD instructions i.e C.S, Implementing Agency, CSOs. Government servant who is still in service preferably should not be appointed as Director.	SAU & State Government	31.03.2020
9	What powers should the Director have? Who should s/he report to for operational decisions?	As approved and delegated by the GB (Administrative and Financial Powers to ensure day to day functions). Director reports to the chairperson of the GB.	SAU & State Government	31.03.2020
10	How to create a supportive climate for social audit in the state?	Sensitization Meetings with stakeholders at all levels (Joint Meetings) Notifying SA standards and all process related matters	MoRD, SAU	31.03.2020

		Protocols for Jansunwai rulings Standardize Process for ATR and follow up through periodic reviews at district/division levels		
1 1	What infrastructure is required? For the state office? Should SAU have district and block offices?	Needed, provided fund is available. Office at state, division/district level. SAU Director to decide on field necessities.	SAU	31.03.2020
1 2	What support is required from implementation agencies? (Giving records on time, attending gram sabha and public hearing, taking prompt action on findings and informing SAU etc.)	GB/State Government should notify.	State Government/SAU	31.03.2020
1 3	What support is required from state government? (Notification of rules for giving records on time and	State Government to issue instructions/rules for penalty to defaulters. Security arrangement will be assessed and	State Government	31.03.2020

	penalties for not doing so, specification of penalties for different irregularities, funds for maintenance and administrative expenses, regular review of findings and action taken reports etc.)	arranged by the State Government at the request of the SAU.		
1 4	What support is required from MoRD?	<p>MTR should include more specific questions regarding state responsibility in strengthening SAU and in SA Process.</p> <p>Joint Exposure Visits for both the SAU and the Implementing Agency.</p> <p>Single Window System for SAU at the MoRD level. SA Cell at the MoRD is necessary for all schemes to deal with process, funds and MIS.</p> <p>Training on MIS, Geo Tagging and Mapping, SECURE to SAU</p>	MoRD & SAU	31.03.2020

		Release of fund to SAUs Fund may be increased to 1 %.		
1 5	How to collaborate with CSOs, PAG, Local Fund Audit, Ombudsmen and other stakeholders?	Penal interest on State Government for delay in releasing fund sanctioned by MoRD to SAU to be enforced.	SAU , State Governme nt	
1 6	How should the social audit of other programmes be rolled out? 1) Capacity Building requirements 2) Personnel Requirements 3) Funding requirements 4) Timeline and scale 5) Roll-out process	Local NGOs/CBOs/SHGs may be engaged during social audits.  1) Capacity Building requirements can be met through NIRD/SIRD/SAU. 2) Personnel Requirements – Ministry should issue guidelines for dedicated staff/GB will take a decision on number of personnel. 3), 4 & 5) Funding requirements : Ministry should release the fund the first tranche within April 2020 provided that the SAU has been strengthened in all aspects by then	MoRD, NIRD,SA U	

	details	(independence, personnel, rules)		
<b>1</b>	<b>Quality Control</b>			
<b>7</b>				
i.	What should the code of conduct be?	Every SAU should have a written code of conduct /part of the HR Policy. Should have some non-negotiable regarding process, ethics and behaviour.	SAU	31.03.2020
ii.	How to ensure that there are no violations of code of conduct among the resource persons?	Discharge from service as and when their performance is not satisfactory. On field and timely monitoring, test audits and special audits and grievance redressal body.	SAU	
iii	How to ensure that there is no collusion?		SAU	
iv	Test Audits – How many or what % of GPs to be covered? Who should do this, what action to be taken based on test audits?	0.5% - 5% may be test check by State Level SAU staff.	SAU	

v.	How should the evaluation of social audit reports be done?	Through MIS Surprise Visit by State Officials of the SAU Comparative Study of the social audit reports conducted in random selected GPs like low performing GPs, High performing GPs, social audit GPs, non social audit GPs and conducting the test audits by the SAU and the MoRD and NIRD	SAU	
vi	What are some internal monitoring processes / tools? .	MIS Field Visits Monitoring of conduct of social audits, preparation and submission of reports, uploading of reports. Workshop with SAU and the Stakeholders/public representatives.	SAU	
18	SAU should be fully transparent and accountable. It should do	Website of the SAU should be more user friendly.	SAU	

	the following mandatorily. What support and resources does it require to fulfill these?			
i.	Independent Website should be created	Every SAU should have independent website	SAU	31.03.2020
ii.	Compliance with Section 4 of RTI – GB/EC meeting minutes, annual reports, audited financial statements, audit calendar, social audit reports, annual plan, annual budget, details related to procurement & hiring should all be publicly available	All information relating to the activities of the SAU should be hosted in the website and up dated from time to time.	SAU	
iii.	Reporting requirements – SAU should send periodic reports to PAG, state	MoRD may come up with standard formats for reporting. Every SAU should prepare annual reports	MoRD, SAU	31.03.2020

	government, MoRD, SEGC. It should prepare an annual report & summary reports detailing commonly seen irregularities and recommendations.	regularly. Copy of the Annual Report be forwarded to MoRD, PAG, Implementing Agency/State Government once placed in the State Assembly.		
iv .	It should have transparent procurement & hiring policies	Every SAU should follow the State Government Procurement Policy/decided by the GB	SAU	31.03.2020
v.	It should have a grievance redressal mechanism	Every SAU should establish grievance redressal mechanism	SAU	31.03.2020
vi .	It should have a mechanism to receive and process complaints against SAU personnel.	Every SAU should have a mechanism to receive and process complaints against SAU personnel	SAU	31.03.2020
vi i.	It should get periodic external evaluation done.	Yes by the MoRD officials or reputed institutions like NIRD/SIRD/IRMA/TISS/Local Academic	MoRD SAU	

		Institution.		
18	The MGNREG Audit of Scheme Rules says that SEGC should monitor the findings and action taken report and submit a report to the state legislature. But this is not happening in many states. Why? Is the SEGC not active or does the SAU not preparing an annual report? How to ensure that this happens?	Ministry should issue instruction to State Government that SEGC meeting should be held at least once in a year for review of the Annual Report,etc.	MoRD , State Governme nt.	31.03.2020

# HUMAN RESOURCE MANAGEMENT

## Recruitment, Selection & Extension of Services

### Issue - Categorization of Manpower

- Suggestion – Clear categorization into Field Roles, Managerial Roles, Back-end/ Support Roles
- Suggestive Number of Persons Level wise –
  - *VRP - 3 to 10 per Panchayat*
  - *BRP - 1 BRP per 10 - 15 GP*
  - *DRP – 1 DRP per 3 to 5 Block*
  - *Its desirable to have a director who has has relevant experience with rural development / Social audit/ Peoples mobilization skills*
- SRP /SA Experts - Function – HR & Admin, MIS, Process & Monitoring, Capacity Building, Documentation, Social Development,
- Finance Manager – Senior Officer belonging to Govt. Officer (State Service)

## Recruitment, Selection & Extension of Services

### Issue – Tenure

- Suggestion – 3 Yrs. Initial contract of FTE extendable each year based on Performance and Availability of Funds
- Annual Empanelment renewable every year based on Assessment of Empanelled Resource persons on State-specific or scheme specific criteria

## Remuneration and Benefits of Resource persons

- Pay Fixation across all positions in the SAU should be done keeping in mind minimum wages for the Empanelled Staff and for FTEs state precedents should be explored and decisions regarding the same should rest with the respective Governing Bodies of the SAU
- Suggestion of Revision of Payments as per-
  - *Incentive based on Annual Performance assessment at all Levels*
  - *Annual Increment based on the price rise Index.*

## Remuneration and Benefits of Resource persons

- Welfare Measures for Fixed Tenure Employees as well Empanelled Resource persons (with limited criteria of eligibility):
  1. Social security like Provident Fund, Employees Pension Fund, ESIC, Widow Pension , Old-Age pension (the latter two can be routed through private providers if investment cannot be made by the Employer Organisation)
  2. Health Insurance and Medical Benefits
  3. Death and Disability benefit
  4. Maternity Benefits
  5. Gratuity
  6. Educational Assistance for Children
- In case organization is not in a position to invest in the above benefits, organizational effort can be made towards integration with already existing programs in integration with the respective Labor Welfare Fund Act in the State

## HR Processes

- Organogram to be mandatory proactive disclosure
- Names, Designations, Email ID to be proactive disclosure on Website
- HR Process Manual and Employee Handbook to be drafted and published on website mandatorily. Revision of both to be done annually
- Job Descriptions of all Resource Persons and other officials at all levels should be proactive disclosure
- Work Responsibilities of all Auditee Institutions and concerned office-bearers should also be published and notified.
- Stipendary Internship should be included in the Audit Process

## HR Processes

- **Inter-state exchange of Social Audit Teams and sharing of Best Practices on regular basis**
- International Exchange of Best Practices and Reporting thereof
- Bi-annual Report of Liaisoning and Coordination with Educational Institutions on Inclusion of Social Audit Literature/ Courses in their Syllabus
- Centrally designed module of HRM Software to be designed by NIC with the help of a Task Force with representation for States who can volunteer
- Annual Skill Inventory to be submitted by each State. Paper presentation on particulars of the Inventory can be prepared
- Employee Engagement measures viz. Annual Events, Felicitations to be included in List of Admissible Expenditure.

## Capacity Building

- Refresher Training for BRP & DRP twice in a year
  - a. Technical
  - b. Evidence Collection
  - c. Report Writing
  - d. MIS
  - e. Program/New Circulars
  - f. Motivational
  - g. MOOC (Massive open online course)course on Social Audit
  - h. App-based learning on Social audit

## Capacity Building

- Exchange visits – It will help us to improve the Inter Skills
  - a. Inter-district
  - b. Zonal Level
  - c. State Level (Annual exchange programme)
  - d. Country Level
- MoRD to continue support one-month Training TISS Certification but need to focus on Field Practicum, evidence collection, Report Writing, Technical Skills and MIS
- Training on Para/Report preparation like C&AG by AG team. (Responsibility – MoRD / NIRD)

# FINANCIAL MANAGEMENT

## Financial Independence from Implementing Agency

- Financial independence of SAU can be ensured only if the GB frames financial rules empowering the Director to be able to do day-to-day financial transactions
- Robust Accounting System-Framing of Financial Rules
- Services of Senior Accounts Officer from State Treasuries & Accounts Department (Possibility to be explored)
- Monitoring Mechanisms- AG Audit , CA Audit
- Trainings on Accounting Procedures and develop an Accounts Manual

## Accounts Management

- One AO on deputation from Govt.
- Minimum 3 Account Assistants, at least one Account Assistant with Knowledge of Tally
- Trainings on Accounting Procedures (emphasis on MoRD and State accounting procedures)

## Mode , Time of Release and Sufficiency of Funds

- Transfer of Funds directly into Director, SAU's Account or release with the MGNREGS funds to State Dept. by clearly indicating the funds for Social audit.
- Release of 1<sup>st</sup> Tranche in the month of April/First week of May after submission of Provisional UC and 2<sup>nd</sup> in the month of October after submission of audited UC.
- Increase of 0.5% to 1%, to all **states**

## Problems Faced by SAUs in submission of UC, Providing Clarification for release of next instalment

- Clear instructions on documents to be submitted along with the UC
- One nodal officer/contact person in MGNREGA/IFD wing of MoRD for financial coordination with SAUs
- **Inadmissible expenditure**
- Among the 7-9 items, should permit certain items indicating limits

## Audit of Multiple Schemes and submission of UC

- A wing of Social Audit should be established in MoRD (MoRD to decide the positioning), all the funds related to Social Audit should be released through the wing to the SAUs.
- In a single order of release, the funds for each Scheme may be specified .
- Single UC indicating the Fund utilization for audit of all schemes will be submitted

## Funds required for Audit of Multiple Schemes

- Can be decided through pilot audits- Depending on the scale of audit
- A minimum of 1 % is to be earmarked for social audit. As annual hike in all parameters of expenditure such as honorarium/resource fee, TA/DA etc., is a must.

## Facilitate Audits in Cost-Effective Manner

- Annual Action Plan for GPs, duly taking account all the schemes to be audited in that GP.
- Same team will audit all the Schemes in a single visit, Gram Sabha will be common.
- Payments through EFMS.
- Plan HR requirements for auditing multiple schemes simultaneously
- Head wise expenditure for field level SA at Gram Panchayat may be indicated (Minimum and Maximum limits may be indicated)
- Tab based social audits can be explored

# Concurrent Audit

## VMC

- 07-09 members,
- One VMC in one GP.
- GPs having more than 05 wards may have more than one VMC
- 05 MGNREGA labours compulsorily out of which 03 should be women (at least one woman should be from SC/ST category and one from deprived family as per SECC)
- SHG/VO members can also be identified as VMC provided they are not part of implementing agency in anyway.
- Other members can be taken from villagers/senior citizens/retired persons etc.
- To be selected in social audit gramsabha

## VMC –Capacity building, Payment

- 01 Or 02 days orientation by SAU (by VRP/BRPs)
- As per training module designed by NIRD&PR
- Max. 04 days in a month payment as per unskilled MGNREA labour rate. Block Office will pay to VMC (As per AMC once a week and 4 times in a month)

## Role of SAU in Concurrent Audit

- SAU will identify VRPs & train them
- SAU will present list of VRPs to Gram Sabha to assist in identification and training of VMC
- VRPs will find out on going works from the list of works made available to them. VRPs with the help of Block team will conduct concurrent audit during next working days visiting the worksites with VMC members. Issues raised during SA may also be discussed and see whether issues have been rectified or not.

## IEC

- Through conventional methods
- Rally
- Wall Painting in Public places
- Group Discussion
- Poster
- Banners
- Desk board at GP office

## Fund for IEC

- Apart from .0.5 Percent extra fund needed for IEC especially for States whose 0.5 % is not sufficient

THANK YOU

## GROUP 3

- SA Processes
- MIS

Jharkhand, Sikkim, Bihar, Haryana, Uttar Pradesh Assam, Manipur

## PRE-REQUISITES

**Documents for Social Audit** - State should issue rules saying that documents for social audit should be submitted within 15 days of start of audit and specify penalties for not doing so (State, 1<sup>st</sup> April 2020)

**Advisory on Action** – State government should prepare advisory on what action needs to be taken for different irregularities (State, 1<sup>st</sup> December 2020)

**Public Hearings and ATR** – State should facilitate hearings at multiple levels and specify the composition of jury members

**ATR Review Committee** – State should specify the protocol and committee for review the action taken reports (State, 30<sup>th</sup> March 2020)

**Attendance** by Implementation officials and DPC representative in the Gram Sabha should be mandated by the state government (State)

## PLANNING

- Audit need to be conducted once in year (**Centre, 31<sup>st</sup> March 2020**)

### VRPs

- should be empanelled and should not be nominated by implementing agency (**State**)
- Payment to VRPs and recording of their attendance should not be done by implementing agency
- Size of team and number of days should not be the same for all panchayats; it should be based on expenditure, number of workers, number of hamlets etc and not be the same GPs
- **Safe Environment:** Entry Point Meeting, Prior Information to Police

## IEC

### Awareness for GS meeting (**State**)

- Pamphlets, poster, wall painting
- Advertisement in local news paper
- FM radio, Auto Advert., TV adv.
- Mass sms, social media, whatsapp group

## SOCIAL AUDIT FIELD WORK

- It's preferable that the entire Social Audit Team stay within Panchayat
- SA team shall verify wages paid and works done during the audit period
- Grievances, Work applications, Job Card Applications will be collected by the Social Audit Team and receipts will be given by the SAU team.
- Social Audit Team shall look at whether the most vulnerable and poor people in the village have benefitted from the scheme
- SA Team may collect information about critical works that need to be taken in the GP and present it in the gram sabha

## GRAM SABHA

- Video recording to be done preferably by the VRP with equipment and training to be provided by SAU
- VMCs may be selected during social audit gram sabha
- SAU may support the VMC members through capacity building and guidance

### **Report:**

Hard copy of report will be shared with GPs, BDO

Gram Sabha reports should be available in the public domain

- 10 to 15 points abstract and analytical report to DPC and State

## MIS

- Refresher training course for resource persons at quarterly basis.
- Detailed manual on use of MIS with **add/change modules** should be shared
- Any changes or updation should be informed before implementation.
- Offline data entry should be provided for SA MIS entries, to reduce wastage of time and resources due to frequent server errors.
- Specific error message should be displayed for specific issue while data entry in MIS.

## MIS-CONTI..

- Under VRP registration number of days worked should be added in MIS.
- Quick resolution of bugs/issues shared on whatsapp group/email/letters
- For every issue option for uploading, supporting document needs to be added in MIS.
- Mobile based application is required for data entry for reporting at the field/site.
- Data entered at BRP level should be validated at DRP level before freezing.

## MIS-CONTI..

- SECC list to be provided in MIS
- Checking Processes: This should be incorporated as a parameter for social audit and should be part of questionnaire ,this has to be incorporated in GP check list IN Social audit MIS

**Thank you**

## Group 4 Follow-up Action

**Tamil Nadu, Chhattisgarh, Odisha, Kerala, Punjab,  
Mizoram, J&K**

**National Seminar on Social Audit of Rural Development  
Programmes**

Sr. No	Area/Subject	Recommendations & modalities	Responsible Agency	Completion Date
1	Jan Sunwai: a. Conduct b. Structure c. Time-line	a. Jan Sunwai to be conducted by a panel, comprising of representatives of govt., PRI representatives & Civil Society, etc. b. Regular conduct of public hearing at GP/ Block/ District/ State level	At Block & District level, a panel constituted by the DPC in consultation with the SAU; panel at Block & District level will be different.	<u>Block level</u> - Once in a month <u>District level</u> - once in 6 month <u>State Level</u> - once a year

Sr. No	Area/Subject	Recommendations & modalities	Responsible Agency	Completion Date
2	Non submission of documents for social audit	<p>a. SAU should make a separate report of GPs which could not be audited because of non-submission of necessary documents. Specific recommendations on the conduct of the officials shall be submitted.</p> <p>b. SAU shall communicate this report to the BDO and DPC.</p> <p>c. The SAU personnel to submit a receipt when original documents are produced.</p>	<p><u>Reporting and submission of receipt</u> - SAU</p> <p><u>Follow-up action</u>- BDO/ DPC/ Competent Authority of Line Departments</p>	<p><u>Submission of receipt</u>- immediate</p> <p><u>Reporting</u>- Within 3 Days from the scheduled date of Social Audit</p> <p><u>Follow-up (BDO/ DPC/ Line Department)</u> – Within 7 Days of submission of report by SAU</p>

Sr. No	Area/Subject	Recommendations & modalities	Responsible Agency	Completion Date
3	Block/ District/ State level hearing	a. Schedule of public hearing at each level should be part of the annual calendar	SAU in consultation with BDO/ DPC	During the first
4	Vigilance Cells	<p>a. An advisory should be issued with inputs from Andhra Pradesh and Telangana.</p> <p>b. Vigilance Cells should be included in PRC and MTR meetings.</p>	<p><u>MoRD</u> to share an advisory on constituting Vigilance Cells for the States</p> <p><u>State Govt.</u> – Issue detailed guidelines</p>	<p><u>MoRD</u>- 1 months</p> <p><u>State Govt.</u> – 3 months</p>
5	Periodic Review by Senior Officials	<p>Annual review by Chief Secretary.</p> <p>Review in MTR and PRC meetings</p>	<p>ACS/ Pr. Secretary</p> <p>MoRD</p>	Quarterly

Sr. No	Area/Subject	Recommendations & modalities	Responsible Agency	Completion Date
6	Grievance Redress	<p>a. While conducting SA, the SAU shall also create awareness and redress information related grievances on the field itself.</p> <p>b. All grievance to be consolidated and submitted at the appropriate level.</p> <p>c. If no action is taken at this level then it should be timely escalated.</p>	<p><u>Consolidation and Concurrent redress-</u> SAU</p> <p><u>Responsible Action –</u> BDO/ DPC</p> <p><u>Escalation to –</u> Commissioner</p>	<p><u>SAU-</u> concurrent with maximum of 3 days</p> <p>BDO/ DPC- 15 Days</p>

Sr. No	Area/Subject	Recommendations & modalities	Responsible Agency	Completion Date
7	Operationalize Section 25 of the Act	a. It is mandatory and should be invoked. It is non-negotiable.		
8	SAU Periodic summary reports	Periodic summary reports should be submitted	SAU	Every 6 months
