TRAINING CALENDAR 2019-20

National Institute of Rural Development and Panchayati Raj
 Ministry of Rural Development, Government of India
 Rajendranagar, Hyderabad - 500 030, Telangana State, India
www.nirdpr.org.in

ABOUT THE CALENDAR

The Training Calendar provides information about the programmes to be organised by NIRDPR during the year 2019-2020. These programmes are mainly designed for senior officials of the Central and State government departments dealing with rural development programmes, elected members and functionaries of Panchayati Raj Institutions (PRIs), faculty of academic institutions, professionals from banks, NGOs and other development organisations.

The proposals for the calendar year were developed juxtaposing the broad trends emerging in RD&PR sector vis-à-vis the vision and mission of the Institute and faculty centres. Besides the deliberations of the workshops and seminars, research findings and feedback from the training programmes of the Institute were also factored in the preparation of the Calendar. With a view to ensuring that the training and capacity building programmes of NIRDPR cater to the training requirements of the various flagship programmes of Ministries of Rural Development, Panchayati Raj, Drinking Water and Sanitation, the National Colloquium of SIRD&PRs held during the year had detailed presentations and discussions on the requirements. These apart, the SIRD&PRs were consulted to indicate the off-campus programmes to be organised by the NIRDPR at respective institutions. One-day consultation with experts on rural development and Panchayati Raj was also organised to receive their inputs on NIRDPR training programmes.

The endeavour of the Institute is to generate ideas and feedback for policymaking on RD&PR and to develop necessary competencies for effective and efficient programme management through workshops, seminars and training programmes. As part of the Institute's efforts to reach out to larger number of stakeholders and more importantly to strengthen capacity building at State and Sub-State levels, programmes have been planned in the form of off-campus and networking programmes. Besides, an attempt is made to have more number of Training of Trainers programmes to facilitate cascading mode of capacity building for functionaries at cutting edge level. Accordingly, programmes have been planned for the faculty members of SIRDs and State and district level resource persons and master trainers.

The overall aim of the programmes is to facilitate sustainable rural development by integrating economic and environmental dimensions through empowerment of rural people. The focus is on effective planning and management of on-going RD flagship programmes for good governance. The main themes include rural livelihoods and micro enterprises, social development, social audit, good governance, rural credit management, solid waste management, natural resource management, gender budgeting, applications of GIS and ICT technologies for RD, etc. Specialised programmes to cater to the specific needs of initiatives like MGNREGA, Unnat Bharat Abhiyan, PMKSY, PMGSY, DDU-GKY and DAY-NRLM were designed.

NIRDPR proposes to organise a total of 1650 programmes during the year 2019-20, which include Training of Trainers (ToTs), training programmes, workshops, seminars, colloquia, regional and off-campus training programmes, and networking programmes at SIRDs. Besides, the Calendar includes international training programmes sponsored by the Ministry of External Affairs, GoI under ITEC and SCAAP Fellowship Programmes and NIRDPR Collaborative Programmes with CIRDAP, AARDO and CICTAB.

The Programme Directors will be sending invitation letters and the brochure of each programme at least two months before the commencement of the programme. The brochure gives details of the programme objectives, content, methods, clientele group, programme team and information on NIRDPR. For more information, Programme Directors or the Centre for Research and Training Coordination & Networking (CRTCN), NIRDPR, Hyderabad may be contacted.

NIRDPR's VISION

The vision of NIRDPR is to focus on the policies and programmes that benefit the rural poor, strive to energise the democratic decentralisation processes, improve the operation and efficiency of rural development personnel, promote transfer of technology through its social laboratories, Technology Park and create environmental awareness.

NIRDPR's MISSION

To examine and analyse the factors contributing to the improvement of economic and social well-being of people in rural areas on a sustainable basis with focus on the rural poor and the other disadvantaged groups through research, action research, consultancy and documentation efforts.

To facilitate the rural development efforts with particular emphasis and focus on the rural poor by improving the knowledge, skills and attitudes of rural development officials and non-officials through organising training, workshops and seminars.

ABOUT NIRDPR

National Institute of Rural Development continuously strives to serve the nation through training, research, action research and consultancy activities for development of the rural poor and enhance their quality of life. It aims to:

1. Organise training programmes, conference, seminars and workshops for senior level development managers, elected representatives, bankers, NGOs and other stakeholders.
2. Undertake, aid, promote and coordinate research
3. Study functioning of the Panchayati Raj Institutions and rural development programmes across the States.
4. Analyse and propose solutions to problems in planning and implementation of the programmes for rural development
5. Develop content and disseminate information through periodicals, reports, e-modules and other publications.

Considering the challenges faced by the Government in the development of a large section of rural poor across the country through its various policies and programmes, NIRDPR as an apex training Institute In the field of rural development has to cater to the training and capacity development needs of a large clientele. To achieve these objectives, a nation-wide network of training infrastructure has to play its rightful role. The clientele includes a large number of elected PRI representatives at different levels, rural development functionaries, NGOs, Bankers and other stakeholders. Capacity building of rural development personnel and elected representatives is an intrinsic part of the entire rural development process. It helps to improve their managerial skills while keeping them abreast with the latest changes in strategies, government policies and programmes to augment their knowledge and working efficiency resulting in strengthening of the delivery mechanism for the benefit of all the stakeholders. The challenge is huge and NIRDPR has been able to play its role in the country's rural development initiatives by facilitating qualitative changes in programmes implementation through a process of training, research, action research consultancy, information dissemination and information building on a continual basis. This has enabled the Institute to emerge as the National Apex Institute for capacity development in the area of rural development.

In its continuous effort to develop managerial skills of functionaries in rural development process, the Institute started one-year fully residential Post Graduate Diploma in Rural Development Management (PGDRDM) and two one-year PG Diploma programmes in Distance Mode namely, Sustainable Rural Development (PGD-SRD), Tribal Development Management (PGD-TDM) and Post Graduate Diploma in Geo-spatial and Technology and Technological Applications in Rural Development (PGDGARD). The Institute is also offering one-year Diploma Programme on Panchayati Raj Governance & Rural Development (DP-PRGRD) in association with University of Hyderabad through distance mode.
