

**National Online Training Programme
on
PESA and FRA for Community Mobilizers**

(June 28- July 2, 2021)

**Venue: National Institute of Rural
Development and Panchayati Raj, Hyderabad**

Need

In the current scenario tribals need to be educated and aware of the strategies of Self Governance. There is a need to discuss that partners in consultation with the community can make efforts in creating model PESA village.

Sensitization and awareness on FRA is helpful for the community to access their entitlements through proper channels.

Researches recommend that understanding of the Legal cell component under the programme needs to be scaled up in the villages where the community can take initiatives so that there is more legal awareness and understanding on PESA, FRA, and other acts, as well as customary practices so that people choose the best alternatives to strengthening their stakes in self Governance. This the wake of the above scenario, NIRDPR proposes to conduct an Online Training on PESA and FRA.

Objectives

- To enhance understanding of the issues and challenges impending proper implementation of PESA and FRA
- To critically understand about the tribal customary practices so that these elements could be integrated for finding the solution of conflicts that disturbs community life among the tribals.
- To create framework of scope for incorporating the good traditional norms towards strengthening local governance and peaceful co-existence.

Contents

- Evolution of PESA and FRA
- Process of Implementation of PESA and FRA
- Status of Implementation
- Challenges and Issues in Implementation
- Convergence in PESA and FRA

Targeted Participants

SIRD Faculty, Officials of Tribal Cell, PESA State implementing officials, ITDA officials. Officials from Ministries of Agriculture, Rural Development, Social Welfare, and research organizations engaged in developmental activities for tribal development.
